The Crook and Flail Libbie Hawker,2013-03-18 The son of the god must take her rightful place on Egypt's throne Hatshepsut longs for power but she is constrained by her commitment to maat the sacred order of

righteousness the way things must be Her mother claims Hatshepsut is destined for Egypt's throne not as the king's chief wife but as the king herself despite her female body But a woman on the throne defies maat and even Hatshepsut is not so bold as to risk the safety of the Two Lands for her own ends As God's Wife of Amun she believes she has found the perfect balance of power and maat and has reconciled herself to contentment with her station But even that peace is threatened when the powerful men of Egypt plot to replace her They see her as nothing but a young woman easily used for their own ends and discarded But she is the son of the god Amun and neither her strength nor her will can be so easily discounted As the machinations of politics drive her into the hands of enemies and the arms of lovers onto the battlefield and into the childbed she comes face to face with maat itself and must decide at last whether to surrender her birthright to a man or to take up the crook and flail of the Pharaoh and claim for herself the throne of the king

Yoder, 2016-09-01 The metaphor is a hallmark of Classical Hebrew poetry Some metaphors such as Yhwh is king or Yhwh is warrior play a foundational role The same does not hold for metaphors from the fishing industry Because they had access to only two major freshwater sources archaeological research demonstrates that this industry did not play a major socioeconomic role in ancient Israel Fishing has nevertheless made a substantial contribution to prophetic and wisdom literature All metaphors manifest reality but given the physical circumstances of a largely agrarian nonmarine society what does the sustained presentation of fishing metaphors in the Hebrew Bible communicate Examining the use of fishing images in the Hebrew Bible is a formidable task that demands an open mind and a capacity to mine the gamut of contemporaneous evidence In *Fishers of Fish and Fishers of Men* Tyler Yoder presents the first literary study devoted to the fishing images used in the Hebrew Scriptures as well as in the Mesopotamian textual records This calls for a penetrating look into cultural contact with Israel's neighbors to the east Mesopotamia and southwest Egypt Though nearly all fishing

metaphors in the Hebrew Bible carry overt royal or divine connotations that mirror uses well attested in Mesopotamian literature this comparative analysis remains a largely untapped area of research In this study of the diverse literary qualities of fishing images Yoder offers a holistic understanding of how one integral component of ancient Near Eastern society affected the whole bringing together the assemblage of disparate materials related to this field of study to enable scholars to integrate these data into related research and move the conversation forward **Congressional Record** United States.
