between the native Palestinian population the essentially foreign Turkish government imposed on them and the aggressive ambitions of Christian nations represented by their consuls Most important of all 1838 marks the first year in which the Turks recognized the right of foreign non Moslems to lease property for permanent residence in a city sacred to Islam It was to be another twelve years before the purchase of property by foreign infidels became possible at the Holy City It was to be a full twenty years before the Turks codified a Land Registry Law in 1858 Nevertheless the mere beginning of permanent residence at Jerusalem for foreign Jews and Christians makes 1838 a milestone year It is therefore important for any study of what is today modern Israel to examine the years 1838 1880 Those crucial forty two years form the unique and essential incubative time period without which Zionism could never have prospered in Zion
