British Leyland—From Triumph to Tragedy Lance Cole,2021-01-18 A history of the British automotive manufacturer and an analysis of what went wrong What really happened at British Leyland BL Was it just the cars or were other factors vital to the story Who really was to blame for BL and MG Rover s death The truth about BL is deeper than its cars were ultra Left wing plots to topple BL and British society real Did secret deals and political intrigue really exist Was it Labour or Conservative powers who killed BL or was it BL itself How was it that BL s design genius was hobbled Author Lance Cole lifts the bonnet on BL and presents a forensic yet easy to read new analysis in a story of BL its cars and the era of their motoring as powers on the political Left and Right waged war sometimes even with themselves Here is a book about cars and more a conversation on all things BL this is a new account of a classic British story

told across a trail of evidence in a British industrial and political drama Many mistakes made BL but some of the cars were superb the designs of genius the engineering excellent it is just that we have either forgotten or been brainwashed into believing the worst In a BL book like no other written by a classic car fanatic with a background in industrial design automotive and wider journalism this story lifts the lid on BL s cars and more The author also adds inside knowledge from time working in the motor industry Lance Cole tells the deeper BL story across the era of its greatest successes and its biggest failures An important and overdue book well researched which will find a welcome place on the shelves of transport academics and motoring aficionados alike The Journal of the Road Transport History Association Cole s engaging and informal writing style makes things very readable and helps us untangle a lot of the more complex shenanigans that went on With fifty colour and fifty monochrome pictures it s well illustrated too Thoroughly recommended for its astute insight whether you re a BL fan or not **Car Mechanics**

A to Z of Sports Cars, 1945-1990 Mike Lawrence,1996 More than 1 000 photographs in b w and color illustrate the extraordinary variety of sports cars that have been offered to the public All the great names are featured including cars from Israel Egypt Spain Switzerland Norway and Brazil
