Great Masterpieces by Claude Monet Diane Kelder, Claude Monet, 1979-01-01 Monet Paintings Charles Taylor, 2016-07-15 Monet Paintings 50 Great Paintings by Claude Monet Claude Monet was one of the most influential artists of the late 19th and early 20th centuries Monet was a founder of the impressionist movement and pioneered a new style of painting which concentrated on light and color rather than the perfect lines and shapes of traditional art Charles Taylor has brought together 50 of the great Monet paintings Each painting is on its own page with information and notes about each one to help you to be able to see the picture in context Preceding the paintings is a short biography of Monet to help you understand the man and his work **Monet** Claude Monet, 1992 **Masterpieces of European Painting, 1800-1920, in the Metropolitan Museum of Art** Metropolitan Museum of Art (New York, N.Y.), Kathryn Calley Galitz, 2007 *Monet Paintings and Drawings* Carol Belanger Grafton, Claude Monet, 2008-01-28 Monet's interpretations of light and shifting color revolutionized modern art Enjoy 187 images of the master's finest Impressionist works including Jerusalem Artichokes Lady with Parasol Water Lilies and many more presented here in full color for easy use in an array of creative projects **Claude Monet** Virginia Spate, 1992 Monet is incontestably one of the greatest Impressionists as well as being the most popular Yet hitherto books on this great figure have been partial concentrating either on aesthetic or on social aspects of his work without attempting a synthesis Now Virginia Spate restores plenitude of meaning to Monet's paintings examining the various ways in which they can be read the tension between image and reality which energizes them and the mysterious interactions between the work itself its exhibition promotion and sale and its reception both in public and in private Based on a complete study of the artist's work made possible as never before by recently published catalogues of his oeuvre his surviving letters nearly 3 000 in all and contemporary documentary material this is the fullest account available of a complex and influential man whose style changed and evolved considerably during his long career Monet is considered as an intelligent and cultured being a friend to writers such as Zola Mallarmé and Octave Mirbeau fully informed as to the cultural and intellectual tendencies of his time His often neglected figure paintings always of family or friends are analyzed alongside his landscapes which ranged from timeless river scenes to steam filled railway stations Changes in his output in response to shifts in demand are linked to the new system of art dealers and to his financial situation The France of Monet's youth and maturity is covered in depth especially the traumatic legacy of the Franco Prussian war and the Paris Commune and his famous garden at Giverny is shown to be both a personal Utopia and a vital part of his creative processes The dialectic of the real world and its representation in art is explored in detail as manifested in his splendid canvases faithfully reproduced in over 130 colour plates This definitive treatment of a hugely important artist makes an indispensable contribution to the art history of Impressionism and the roots of modernism **BOOK JACKET** Title Summary field provided by Blackwell North America Inc All Rights Reserved Monet by Himself Claude Monet, Richard Kendall, 1989 This volume on the life and work of Claude

Monet is quite unlike any other book on this popular artist as for the first time his letters have been brought together with his paintings pastels and drawings There are letters to his fellow artists and youthful friends long affectionate letters to family and loved ones and begging letters in times of hardship We read of Monet's persistence in money matters his frustrations and successes while on painting expeditions to Italy Brittany and Norway and his experience of solitude illness and bereavement in later life Monet emerges from the correspondence as a more troubled and complex individual than his sun filled canvases might suggest Alongside the artist's letters are more than 200 superb colour reproductions These accompany the text and enable the reader to follow the young artist through his first encounters with the Parisian art scene his days as a commanding presence in the Impressionist movement and the final chapter of his life when he produced some of his most ambitious and colourful work at Giverny

What Great Paintings Say Rose-Marie Hagen, Rainer Hagen, 2003 These are the kinds of question Rose Marie and Rainer Hagen ask when faced with world famous masterpieces In the language of today they comment on the fashions and attitudes trends and intrigues love vice and lifestyles of past times Book jacket

Claude Monet Nathalia Brodskaya, 2011-07-01 For Claude Monet the designation impressionist always remained a source of pride In spite of all the things critics have written about his work Monet continued to be a true impressionist to the end of his very long life He was so by deep conviction and for his Impressionism he may have sacrificed many other opportunities that his enormous talent held out to him Monet did not paint classical compositions with figures and he did not become a portraitist although his professional training included those skills He chose a single genre for himself landscape painting and in that he achieved a degree of perfection none of his contemporaries managed to attain Yet the little boy began by drawing caricatures Boudin advised Monet to stop doing caricatures and to take up landscapes instead The sea the sky animals people and trees are beautiful in the exact state in which nature created them surrounded by air and light Indeed it was Boudin who passed on to Monet his conviction of the importance of working in the open air which Monet would in turn transmit to his impressionist friends Monet did not want to enrol at the Ecole des Beaux Arts He chose to attend a private school L Acad mie Suisse established by an ex model on the Quai d Orf vres near the Pont Saint Michel One could draw and paint from a live model there for a modest fee This was where Monet met the future impressionist Camille Pissarro Later in Gleyre's studio Monet met Auguste Renoir Alfred Sisley and Fr d ric Bazille Monet considered it very important that Boudin be introduced to his new friends He also told his friends of another painter he had found in Normandy This was the remarkable Dutchman Jongkind His landscapes were saturated with colour and their sincerity at times even their na vet was combined with subtle observation of the Normandy shore's variable nature At this time Monet's landscapes were not yet characterized by great richness of colour Rather they recalled the tonalities of paintings by the Barbizon artists and Boudin's seascapes He composed a range of colour based on yellow brown or blue grey At the Third Impressionist Exhibition in 1877 Monet presented a series of paintings for the first time seven views of the Saint Lazare train station He selected them from among

twelve he had painted at the station This motif in Monet's work is in line not only with Manet's *Chemin de fer* The Railway and with his own landscapes featuring trains and stations at Argenteuil but also with a trend that surfaced after the railways first began to appear In 1883 Monet had bought a house in the village of Giverny near the little town of Vernon At Giverny series painting became one of his chief working procedures Meadows became his permanent workplace When a journalist who had come from V theuil to interview Monet asked him where his studio was the painter answered My studio I've never had a studio and I can't see why one would lock oneself up in a room To draw yes to paint no Then broadly gesturing towards the Seine the hills and the silhouette of the little town he declared There's my real studio Monet began to go to London in the last decade of the nineteenth century He began all his London paintings working directly from nature but completed many of them afterwards at Giverny The series formed an indivisible whole and the painter had to work on all his canvases at one time A friend of Monet's the writer Octave Mirbeau wrote that he had accomplished a miracle With the help of colours he had succeeded in recreating on the canvas something almost impossible to capture he was reproducing sunlight enriching it with an infinite number of reflections Alone among the impressionists Claude Monet took an almost scientific study of the possibilities of colour to its limits it is unlikely that one could have gone any further in that direction *Claude Monet and His Paintings* William H.
