Theatre Symposium, Vol. 28 Andrew Gibb, 2020-11-10 A collection of essays whose authors reach beyond simple definitions of citizenship as determined by documents and legal rights The scholarly conference from which this publication emerged was circulated in the waning months of 2018 following a summer of urgent and emotional debate surrounding new US immigration policies regarding immigrant family separations arguments fueled on one side by fears about the loss of social cohesion and on the other by photographs of incarcerated children Given the then prevailing political atmosphere editor Andrew Gibb anticipated that a good number of submissions might draw connections between the patterns policies and histories of immigration on the one hand and theatrical or otherwise performance centered expressions of citizenship whether inclusive or exclusionary on the other In retrospect what could have been foreseen is that theatre scholars educators and professionals would interpret recent events against a wider and more complex backdrop The ultimate result of that initial call is this volume a collection of essays whose authors reach beyond simple definitions of citizenship as determined by documents and legal rights and who engage in larger conversations about what citizenship can mean and how such meanings are expressed through theatre and performance Interestingly while none of the authors published herein take up immigration as a central issue they all make use of some combination of three particular analytical frameworks all of which happen to be pertinent to the current immigrant experience and attempts to regulate it bodies institutions and technologies **The Best**

A History of American Sports in 100 Objects Cait Murphy,2016-10-11 Beautifully designed and carefully curated a fascinating collection of the things that shaped the way we live and play in America What artifact best captures the spirit of American sports The bat Babe Ruth used to hit his allegedly called shot or the ball on which Pete Rose wrote I m sorry I bet on baseball Could it be Lance Armstrong s red white and blue bike now tarnished by doping and hubris Or perhaps its ancestor the nineteenth century safety bicycle that opened an avenue of previously unknown freedom to women The jerseys of rivals Larry Bird and Magic Johnson Or the handball that Abraham Lincoln threw against a wall as he waited for news of his presidential nomination From nearly forgotten heroes like Tad Lucas rodeo and Tommy Kono weightlifting to celebrities like Amelia Earhart Muhammad Ali and Michael Phelps Cait Murphy tells the stories of the people events and things that have forged the epic of American sports in both its splendor and its squalor Stories of heroism and triumph rub up against tales of discrimination and cheating These objects tell much more than just stories about great games they tell the story of the nation Eye opening and exuberant A History of American Sports in 100 Objects shows how the games Americans play are woven into the gloriously infuriating fabric of America itself *Congressional Record* United States.
