The Fairmount Park Motor Races, 1908-1911

Michael J. Seneca, 2003-01-01 For four years early in the last century the Fairmount Park Motor Races were run on an eight mile course in Philadelphia s West Fairmount Park They drew half a million spectators the first year but surprisingly they have been overlooked as part of automobile racing history and as part of the history of Philadelphia In contrast to other racing events such as the Vanderbilt Cup there were never any serious injuries and not a single death but after four years of spectacular racing the event was banned with safety concerns cited Opening with a brief look at automobile racing prior to 1908 the book covers the events leading up to the first race It discusses the proposal to have a race in Fairmount Park and the reasons why Philadelphia and the park in particular was such an unlikely place Both the on track action of the races and the off track events that affected them are described Dr J William White s successful crusade following the 1911 outing to stop the races is examined as are attempts to revive the race in the following six years including Philadelphia s attempt to compete with Indianapolis by constructing a two mile oval speedway and the city s eventual exit from automobile racing
