Great Road Races 1894 1914:

The Great Road Races, 1894-1914 Henry Serrano Villard, 1972 America, 1908 Jim Rasenberger, 2006-06-08 An entertaining survey Publishers Weekly through the highs and lows of a spectacular pivotal year in American history 1908 A captivating look at a bygone era through the lens of a single surprisingly momentous American year one century ago 1908 was the year Henry Ford launched the Model T the Wright Brothers proved to the world that they had mastered the art of flight Teddy Roosevelt decided to send American naval warships around the globe the Chicago Cubs won the World Series a feat they have never yet repeated and six automobiles set out on an incredible 20 000 mile race from New York City to Paris via the frozen Bering Strait A charming and knowledgeable guide Rasenberger takes readers back to a time of almost limitless optimism even in the face of enormous inequality an era when the majority of Americans believed that the future was bound to be better than the past that the world's worst problems would eventually be solved and that nothing at all was impossible As Thomas Edison succinctly said that year Anything everything is possible *The Motor Car and Popular Culture in the Twentieth Century* David Thoms, Len Holden, 2016-12-05 This is a multidisciplinary analysis of the relationship between the motor car and popular culture in the 20th century which brings together original essays by academics in the UK North America and Australia The contributors write from a wide range of disciplinary perspectives including semiotics social history literary and film criticism and musicology Three main themes are addressed the car as a cultural image its impact on leisure and entertainment and the cultural significance of the processes of manufacturing and selling cars **Sport Histories** Eric Dunning, Dominic Malcolm, Ivan Waddington, 2004-06 Sports Histories draws on figurational sociology to provide a fresh approach to analysing the development of modern sport The book brings together ten case studies from a wide range of sports including mainstream sports such as soccer rugby baseball boxing and cricket to other sports that until now have been largely neglected by sports historians such as shooting motor racing tennis gymnastics and martial arts This groundbreaking work highlights key debates in the analysis of modern sport such as the relative influence of intra national class conflict and international conflict the relative prominence of commercially led processes in different contexts the centrality of concerns over violence differences between elite and mass led sports developments Above all Sport Histories proves the distinctiveness of the figurational sociological approach and its usefulness in the study of the development of modern sport *Motorsport and Fascism* Paul Baxa, 2022-04-28 This book is the first English language study of motorsport and Italian Fascism arguing that a synergy existed between motor racing and Fascism that did not exist with other sports Motorsport was able to bring together the two dominant and often opposed cultural roots of Fascism the Futurism of F T Marinetti and the Decadence associated with Gabriele D Annunzio The book traces this cultural convergence through a topical study of motorsport in the 1920s and 1930s placing it in the context of the history of sport under Mussolini's regime Chapters discuss the centrality of speed and death in Fascist culture the attempt to transform Rome into a motorsport capital

the architectural and ideological function of the Monza and Tripoli and autodromes and two chapters on the importance of the Mille Miglia a genuine Fascist artefact that became one of the most legendary motor races of all time *The History and Politics of Motor Racing* Damion Sturm, Stephen Wagg, David L. Andrews, 2023-06-09 This book explores the history and politics of motor racing one of the most popular and lucrative elements in the international sport industry Written by a group of international scholars and motor racing specialists it discusses the sport's origins the relationship of motor racing to nation building and modernity noting its links to fascism and dictatorship the links between motor racing and the automobile industry motor racing and the politics both of gender and of race motor racing the media and postmodernity and motor racing the spatial and globalization This book speaks to scholars in history politics sport studies the sociology of sport sport management and cultural studies along with the many lay readers who are interested in the relationship between motor sport and society

Sport and modernism in the visual arts in Europe, c. 1909-39 Bernard Vere, 2018-03-06 This book highlights sport as one of the key inspirations for an international range of modernist artists Sport emerged as a corollary of the industrial revolution and developed into a prominent facet of modernity as it spread across Europe at the turn of the twentieth century It was celebrated by modernists both for its spectacle and for the suggestive ways in which society could be remodelled on dynamic active and rational lines Artists included sport themes in a wide variety of media and frequently referenced it in their own writings Sport was also political most notably under fascist and Soviet regimes but also in democratic countries and the works produced by modernists engage with various ideologies This book provides new readings of aspects of a number of avant garde movements including Italian futurism cubism German expressionism Le Corbusier's architecture Soviet constructivism Italian rationalism and the Bauhaus

Foreign Service Journal, 1973

The Motor Car and Popular Culture in the 20th Century David Thoms, Len Holden, Tim Claydon, 1998 Comprises 18 contributions from the US the UK and Australia on the motor car as a cultural phenomenon which has come to dominate the 20th century The contributors come at the subject from a variety of disciplines including semiotics social history literary and film criticism and musicology

The Horseless Carriage Stuart Hylton, 2009 The emergence of the motor car transformed the 20th century This illustrated book examines the earliest history of the motor age explaining the first attempts to develop a self propelled road vehicle Often these early pioneers employed strange and dangerous tactics in their quest for the motor car but nonetheless by 1914 and the outbreak of World War I the broad outlines of the modern car were firmly in place This book investigates the social history of the early motor age and the love hate relationship which developed between the motorist and the general public as well as the politics that lay behind the liberation of motoring from the crippling legislation that existed at the time Discussing the technical progressions in accessible language Stuart Hylton considers the development of the cars and the impact of motor racing as well as revealing many of the characters both heroes and villains who shaped the dawn of the motor age
