Great Road Style The Decorative Arts Legacy Of Southwest Virginia And Northeast Tennessee:

Great Road Style Betsy K. White, 2006-01-01 Linked historically culturally and geographically the counties that make up southwestern Virginia and northeastern Tennessee are also connected by a shared decorative arts tradition Great Road Style so called because of the region's historical importance as a stage route connecting the eastern seaboard with the western frontier is evidenced in distinctive forms of furniture ceramics textiles and metalwork Yet until now the area's rugged geography and the isolation of its communities has prevented systematic documentation of its decorative artifacts With *Great Road Style The Decorative Arts Legacy of Southwest Virginia and Northeast Tennessee* Betsy White takes readers on an engaging tour of an underexplored region's striking material culture and in doing so fosters a new appreciation of its role in the development of American decorative arts The first substantive effort to conduct primary research in a largely undocumented territory the survey upon which this book is based involved thousands of hours worth of fieldwork conducted across two states in an attempt to offer the most detailed accounting possible of handmade objects produced along the Great Road before 1940 The eventual product of that exhaustive research was an archive of photographs slides and data sheets on more than two thousand objects representing diverse sectors of the survey area In organizing and providing a narrative for this treasure trove of material White and her research team have defined and delineated for the first time what constitutes Great Road Style Lavishly illustrated with compelling examples and including a full listing of the artisans who have been identified to date *Great Road Style* is a beautiful and historically informative catalog showcasing the diverse arts and crafts of this region It will be a valuable resource for collectors museum curators antique dealers and indeed anyone interested in southern culture or the decorative arts Publication was generously supported through a grant from Furthermore a program of the J M Kaplan Fund

Backcountry Makers Betsy K. White, 2013 This new book brings to life the material culture heritage of southwest Virginia and northeast Tennessee In *Backcountry Makers* Betsy K White expands on her previous study of the region s rich decorative arts legacy *Great Road Style* to offer a closer look at the individual artisans responsible for the diverse works that constitute that legacy Beautifully illustrated with some 230 photographs most of them in color this volume includes biographical sketches of seventy five makers potters weavers spinners quilters embroiderers cabinetmakers metalsmiths clocksmiths gunsmiths and artists who worked in the region from the earliest eighteenth century settlement days to the late twentieth century The entry for each artisan is accompanied by one or more images of a signed or marked work or in a number of instances an unmarked work with certain provenance These vignettes offer a fascinating glimpse of the people behind the various pieces describing their background family life and where they learned their trade Using census records and other documentary evidence White has traced the earliest of these artisans from their origins in such places as Europe and Philadelphia down through the Great Valley of Virginia to their ultimate destinations in southwest Virginia and northeast Tennessee Along with the photos displaying the products of their craftsmanship the book also includes a number of
