Creating and Managing a Sustainable Sporting Future Vassilios Ziakas, Aaron Beacom, 2020-06-09 Creating and Managing a Sustainable Sporting Future contributes to a critical understanding of the challenges key stakeholders across the globe encounter as they seek to manage periods of transition brought about by policy change relating to the provision of sport and physical activity The book uncovers the global challenges in terms of managing the re-orientation of stakeholder activities and organisational strategies in response to the aspirations for a wider range of outcomes through sport based interventions and establishment of partnerships with non sport sectors It illuminates the increasingly erratic trajectory of sport development service providers as the environment within which sport organisations

operate changes through for example climate change demographic shifts changing features of local economies and alterations to the structures of local government and governance and the responses of sport organisations to these new realities differ greatly depending on location institutional structures and leadership The chapters highlight the changing social economic environmental and policy contexts within which sports organisations operate and explain the subsequent need for new approaches to partnership working physical activity re scoping and integrated education programming Showing that the international mandate of creating active lifestyles and subsequent re orientation of stakeholders towards physical activity cannot only contribute to re defining sport but also in identifying novel ways for building and managing a sustainable sporting future Creating and Managing a Sustainable Sporting Future is ideal for Sports scholars and particularly those working on Sport Policy and Sustainable sport development This book was originally published as a special issue of Managing Sport and Leisure

A Comparative

Philosophy of Sport and Art Paul Taylor, 2021-06-16 This book compares two major leisure activities watching sport and engaging with art It explores a range of philosophical questions that arise when sport and art are placed side by side The works of Shakespeare Rembrandt and Mozart have continued to fill playhouses galleries and concert halls for centuries since they were created while our interest in even the most epic sporting contests fades after just a few years or even a single season What explains this difference Sporting contests are merely games So why do sports fans attach such great importance to whether their team wins or loses Do sporting contests have meaning in the way works of art do Beauty is a central value in art Is it important in sport What role does morality play in sport and art What value do sport and art contribute to the world and to the meaning of people's lives
