National Labor Relations Board, 1992 **The History of Nazi Conspiracy and Aggression** Various, 2020-12-17 The History of Nazi Conspiracy and Aggression presents a compilation of documentary facts and resources prepared by the American and British prosecuting teams for presentation before the International Military Tribunal at Nurnberg Germany in the case of the major trial against German officers of the Third Reich **Conspiracy Theories in American History** Peter Knight, 2003-12-11 The first comprehensive history of conspiracies and conspiracy theories in the United States Conspiracy Theories in American History An Encyclopedia is the first comprehensive research based scholarly study of the pervasiveness of our deeply ingrained culture of conspiracy From the Puritan witch trials to the Masons from the Red Scare to Watergate Whitewater and the War on Terror this encyclopedia covers conspiracy theories across the breadth of U S history examining the individuals organizations and ideas behind them Its over 300 alphabetical entries cover both the documented records of actual conspiracies and the cultural and political significance of specific conspiracy speculations Neither promoting nor dismissing any theory the entries move beyond the usual biased rhetoric to provide a clear sighted dispassionate look at each conspiracy real or imagined Readers will come to understand the political and social contexts in which these theories arose the mindsets and motivations of the people promoting them the real impact of society s reactions to conspiracy fears warranted or not and the verdict when verifiable that history has passed on each case **Taking Conspiracy Theories Seriously** Matthew R. X. Dentith, 2018-11-16 The contributors to this volume argue that whilst there is a commonplace superstition conspiracy theories are examples of bad beliefs and that the kind of people who believe conspiracy theories are typically irrational many conspiracy theories are rational to believe the members of the Dewey Commission were right to say that the Moscow Trials of the 1930s were a sham Woodward and Bernstein were correct to think that Nixon was complicit in the conspiracy to deny any wrongdoing in the Watergate Hotel break in and if we either accept the terrorist events of 9 11 were committed by Al Qaeda or that the Bush Administration was responsible then it seems we are endorsing some theory about a conspiracy to commit an act of terror on American soil As such there is no reason to reject conspiracy theories sui generis This volume challenges the prima facie that conspiracy theories are irrational beliefs arguing that we should treat conspiracy theories and the phenomena of conspiracy theories seriously It presents fresh perspectives from the wider philosophical sociological and psychological community on what is becoming an issue of increasing relevance in our time **Decisions of the Office of Administrative Law Judges and Office of Administrative Appeals** United States. Department of Labor. Office of Administrative Law Judges, 1993 Enemies Within Robert Alan Goldberg, 2008-10-01 divdiv There is a hunger for conspiracy news in America Hundreds of Internet websites magazines newsletters even entire publishing houses disseminate information on invisible enemies and their secret activities subversions and coverups Those who suspect conspiracies behind events in the news the crash of TWA Flight 800 the death

of Marilyn Monroe join generations of Americans from the colonial period to the present day who have entertained visions of vast plots In this enthralling book Robert Goldberg focuses on five major conspiracy theories of the past half century examining how they became widely popular in the United States and why they have remained so In the post World War II decades conspiracy theories have become more numerous more commonly believed and more deeply embedded in our culture Goldberg contends He investigates conspiracy theories regarding the Roswell UFO incident the Communist threat the rise of the Antichrist the assassination of President John Kennedy and the Jewish plot against black America in each case taking historical social and political environments into account Conspiracy theories are not merely the products of a lunatic fringe the author shows Rather paranoid rhetoric and thinking are disturbingly central in America today With media validation and dissemination of conspiracy ideas and federal government behavior that damages public confidence and faith the ground is fertile for conspiracy thinking DIV DIV Investigation of Communist Activities (the Committee to Secure Justice in the Rosenberg Case and Affiliates) United States.
