History's Greatest Decisions Bill Price, 2017-01-29 History's Greatest Decisions identifies and profiles the many important and difficult decisions leaders have made through history which shaped the world as we know it today One of the defining features of being human is our capacity for complex problem solving Most of the time we deal with mundane concerns like what to have for breakfast or which pair of shoes to wear but occasionally people face decisions about rather weightier matters History's Greatest Decisions is concerned with this second category those important and difficult decisions which only a very few people get to make and which can impact on the lives of millions of others and have the potential to change the world From our unknown ancestors who made the first stone tools to those people in Northern Ireland who managed to put aside their differences in order to create a better future for their children from the most powerful man in the world deciding not to start a nuclear war to a woman on a bus standing up for her rights refusing to move seats History's Greatest Decisions looks at well known and not so well known examples of people who made the crucial decisions and got them right

Making Great Decisions in Business and Life David R.

Henderson, Charles L. Hooper, 2006 The phrase work smarter not harder has been repeatedly ridiculed in the Dilbert comic strip and elsewhere not because it is a bad idea but because it is thrown like a brick lifesaver to drowning employees To tell someone to work smarter is like telling someone to be happier healthier and richer It s not much help to merely repeat the objective what people need is a plan for achieving the objective In Making Great Decisions we show our readers how to achieve their objectives We write to help those in business and those in the business of life i e everyone to work smarter Our ideas are both simple and powerful We offer a better way to look at problems so that the solutions are easier to find We help supplement our readers clear thinking by summarizing some of the most powerful techniques we have discovered Have you

ever driven through corn country From a distance all you see are corn stalks and more corn stalks in a jumbled mess Then suddenly when you get closer your perspective changes and you can see down the rows and realize that the corn was planted perfectly in straight lines Your perception of the crop changes from a messy jumble to a clear picture simply because you re in the right spot This book puts readers in that ideal spot So many problems seem like hopeless jumbles but then when you start using the techniques we discuss here they start to look as straightforward as the straightest line in an Iowa cornfield What motivated us to write this book is that over the years both of us have regularly come across people in organizations often bright people with MBAs or other graduate degrees who don t think they have time energy or skills to make good decisions They have many clues but don t know how to put them together They regularly face situations that they could analyze with some of the tools they learned in their courses but they don t realize that We don t hold ourselves apart from this group and stories of our successes and failures are sprinkled throughout Making Great Decisions in Business and Life

The Good Cop Justine Ford,2016-07-26 As seen on Foxtel s Logie winning The Good Cop and Channel 7 s Homicide with Ron Iddles A Assume nothing B Believe nothing C Check everything Ron Iddles In an incredible twenty five year career as a homicide detective Ron Iddles conviction rate was 99% Yet that only partly explains why Iddles is known to cops and crims alike as The Great Man Tough inventive and incorruptible stoic in the face of senseless horror yet unafraid to shed tears for a victim Ron has applied his country cunning and city savvy to over 320 homicide cases some of them the most infamous compelling and controversial crimes in the nation s history To the victims of crime Ron is both a shoulder to cry on and an avenging angel Ron Iddles never gave up on a lost cause He became a regular on the nightly news the dogged face of Australian justice Working long hours dodging bullets chasing leads and outwitting killers Ron would tell his teams The answer is just one call away And in 2015 that belief saw him crack Victoria s oldest unsolved homicide yet another remarkable feat in a life devoted to keeping the public safe This is the extraordinary inside story of a real crime crusader Ron Iddles The Good Cop
