Malory did not invent the stories of Arthur King of Britain but it is fair to say that he reinvented them. Although the legends were already hundreds of years old by the fifteenth century the contemporary stories of Arthur in Malory's day were primarily French. The French had added many of the elements familiar to modern readers among them Lancelot and the search for the Holy Grail. Malory combined, edited and added some of his own material to the stories available to him and in the process created a uniquely British work. It was his printer Caxton who gave it a French name. *Le Morte d'Arthur* is the source material for almost all modern retellings of King Arthur and his knights from Hollywood movies and musicals to Nobel prize winning writers. Malory's identity is still in some dispute as there are several men of various spellings of the name to choose from. Sir Thomas Malory from Newbold Revel in Warwickshire is the most popular choice but his life of crime he was a rapist and serial thief at the minimum seems to be at odds with the acts of chivalry and moral code present in this book. It is known from the author's own notes that he wrote the book while in prison perhaps he was trying to make amends for his crimes. Regardless the result was to give new life to King Arthur and his Knights of the Round Table. This book is part of the Standard Ebooks project which produces free public domain ebooks. [Le Morte d'Arthur: King Arthur and his noble Knights of the Round Table](#) Thomas Malory, 2016-09-01. We owe this our English Epic of *Le Morte d'Arthur* to Sir Thomas Malory and to William Caxton the first English printer. Caxton's Preface shows what indeed would have been certain from his appeal to the Knights of England at the end of The Order of Chivalry that however strongly he William Caxton simple person may have been urged to undertake the work by divers gentlemen of this realm of England he was not less moved by his own love and reverence for the noble acts of chivalry and his deep sense of his duty and responsibility in printing what he believed would be for the instruction and profit of his readers of whatever estate or degree. But to Sir Thomas Malory he gives all the honour of having provided him with the copy which he printed. And ever since for more than four hundred years successive generations have approved the fitness of Caxton's choice. For it is Malory's book and not the older forms of King Arthur's story which we still read for enjoyment and for the illustration of which scholars edit those earlier books. Only a true poem the offspring of genius could have so held and be still holding its ground age after age. It may be said that it is chiefly with boys and with men who have formed the taste by their boyish reading that the book is so popular. But is not this so with the *Iliad* too? Men of mature intellect and taste read and re read the *Iliad* with ever new discoveries appreciation and enjoyment but it may be questioned whether there are many or even any of them who did not begin those studies at school and learn to love Homer before they knew that he was worthy of their love. And they who have given most of such reading in youth and in manhood to Malory's *Morte d'Arthur* will be the most able and ready to recognise its claim to the character of an Epic poem.
