Handbook of Second and Foreign Language Writing Rosa M. Manchón, Paul Kei Matsuda, 2016-09-12 The Handbook of Second and Foreign Language Writing is an authoritative reference compendium of the theory and research on second and foreign language writing that can be of value to researchers professionals and graduate students It is intended both as a retrospective critical reflection that can situate research on L2 writing in its historical context and provide a state of the art view of past achievements and as a prospective critical analysis of what lies ahead in terms of theory research and applications Accordingly the Handbook aims to provide i foundational information on the emergence and subsequent evolution of the field ii state of the art surveys of available theoretical and research basic and applied insights iii overviews of research methods in L2 writing research iv critical reflections on future developments and v explorations of existing and emerging disciplinary interfaces with other fields of inquiry

Second Language Writers' Text Eli Hinkel, 2002 Presents results of large scale study of university level text produced by writers who are not native speakers of English to determine the specific syntactic lexical rhetorical features that differ from those in texts written by native speakers

WAC and Second Language Writers Terry Myers Zawacki, Michelle Cox, 2014-05-14 Editors and contributors pursue the ambitious goal of including within WAC theory research and practice the differing perspectives educational experiences and voices of second language writers The chapters within this collection not only report new research but also share a wealth of pedagogical curricular and programmatic practices relevant to second language writers

Representing a range of institutional perspectives including those of students and faculty at public universities community colleges liberal arts colleges and English language schools and a diverse set of geographical and cultural contexts the editors and contributors report on work taking place in the United States Asia Europe and the Middle East

One on One with Second Language Writers Dudley W. Reynolds, 2009-06-02 One on one encounters with writers often contribute more to the development of student writing abilities than any classroom activity because they are personalized and responsive to individual needs For the encounters to be successful the writing tutor teacher or consultant must be prepared must be knowledgeable of what it means to write and the factors that make writing more and less effective and must also know the students This guide focuses on what those who conference with second language writers need to know to respond best to students recognize their needs and steer conversations in productive directions One on One with Second Language Writers provides tips about activities that can be adapted to individual contexts student writing samples that can be analyzed for practice a glossary a list of useful resources and a checklist for conferencing sessions The book is appropriate for use in university and secondary school writing or learning centers teacher training programs for both general composition and ESOL instructors and as an individual reference tool The book uses non technical language where possible but terminology is introduced where it might be useful when conferencing with students

Teaching To Avoid Plagiarism: How To Promote Good Source Use Pecorari, Diane, 2013-09-01 Plagiarism is a serious problem in higher education and one that the majority of university teachers have encountered This book provides the skills and resources that university teachers and learning and development support staff need in order to tackle it As a complex issue that requires thoughtful and sensitive handling plagiarism simply cannot be addressed by warnings detection software and punishment alone Teaching to Avoid Plagiarism focuses on prevention rather than punishment and promotes a proactive rather than reactive approach to dealing with the issue Topics covered in this book include The causes of plagiarism How universities currently deal with plagiarism How teachers can support students in effective source use The role of technology Issues for second language writers and international students Drawing on her teaching experience as well as her academic research Diane Pecorari offers a unique insight into this pervasive problem as well as practical advice on how to promote good source use to students and help them to avoid plagiarism With a series of activities to help readers solidify their grasp of the approaches advised in the book Teaching to Avoid Plagiarism is an essential guide for anyone in a student facing role who wants to handle plagiarism more effectively Diane Pecorari s book provides practical examples and activities on handling plagiarism blended with research based findings It is useful for teachers wanting to improve their understanding and practices in managing plagiarism but also student advisors and academic support skills staff who deal with issues of academic integrity This book makes a unique contribution to the field of plagiarism management as its structure affords direct professional development opportunities Assessment tasks broad questions and activities are provided at the end of each chapter encouraging readers to understand

both policy and practice in their own institution to better manage plagiarism and source attribution Dr Wendy Sutherland Smith School of Psychology Faculty of Health Deakin University Australia Teaching to Avoid Plagiarism successfully turns attention away from the detection and punishment of plagiarism and focuses instead on understanding and prevention through the promotion of good source use Combining practical activities based on real life examples with wide ranging original research this important book should be required reading not only for staff development officers and lecturers but more widely throughout the higher education community Maggie Charles Oxford University Language Centre Diane Pecorari's insightful research and scholarship on plagiarism is used to excellent effect in this book which advocates a proactive rather than reactive approach to the difficulties faced by students in learning how to integrate their source texts Thoughtful activities and discussion questions aimed at staff development are teamed with advice on ways to build in support within disciplinary writing which will help students master the necessary academic skills to avoid plagiarism The emphasis quite rightly is also on helping students understand how plagiarism disrupts the ethical values of the academy and is not just another hurdle placed in their way by academic insiders Dr Ann Hewings Director Centre for Language and Communication The Open University As stated by Diane Pecorari in the first sentence of this excellent volume plagiarism is a problem in our universities The volume demonstrates clearly how teachers and students can deal with this problem by developing a better understanding of the phenomenon on the one hand and developing specific skills in dealing with it on the other Working from the principle that an ounce of prevention is worth a pound of cure Diane Pecorari argues for a proactive approach to handling issues of plagiarism with an emphasis on the need to train students how to deal appropriately with sources As well as a clear exposition of the theoretical issues at stake the book contains a wealth of practical activities and discussion questions which will allow readers to develop the sort of competence in dealing with plagiarism that is the goal of the volume Professor John Flowerdew City University of Hong Kong
