Great Lock Out Of 1926:

A Quest for Time Gary Cross,2022-08-19 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1989 **Nonviolent Action** Ronald M.

McCarthy,Gene Sharp,Brad Bennett,2013-07-04 This comprehensive guide to research sources and theories about nonviolent action as a technique of struggle in social and political conflicts discusses the methods and techniques used by groups in various encounters Although violence and its causes have received a great deal of attention nonviolent action has not received its due as an international phenomenon with a long history An introduction that explains the theories and research used in the study provides a practical guide to this essential bibliography of English language sources The first part of the book covers case study materials divided by region and subdivided by country Within each country materials are arranged chronologically and topically The second major part examines the methods and theory of nonviolent action principled nonviolence and several closely related areas in social science such as conflict analysis and social movements The book is indexed by author and subject

A History of the Scottish Miners Robert Page Arnot,2023-07-28 First published in 1955 A History of the Scottish Miners recounts the peculiar circumstances of the seventeenth and eighteenth centuries and the laws that placed the miners under conditions unique in Europe Carrying onto the nineteenth century the author deals with the first trade unions the period of Alexander McDonald and Keir Hardie ending in the great strike of 1894 and the formation of the Scottish Miners Federation embracing eight county associations From 1894 onwards Robert Smillie led the Scots in good times and bad up to the ordeal of the First World War The effect in Scotland of the great lockouts of 1921 and 1926 with Robert Smillie no longer chairman of the British miners but still the leader in Scotland is set out in detail Then after a time of troubles the Scots miners developed their organisations during the war and before its end under new leaders they achieved a single union for Scotland This book will be of interest to students of history sociology economics and political science Annotated Bibliography of Works About Sir Winston S. Churchill Curt Zoller,Richard M. Langworth,2015-06-01

This unique resource will be an enormous aid and impetus to Churchill studies It lists over 600 works with annotations and includes sections listing an additional 5 900 entries covering book reviews significant articles and chapters from books Separate author and title indexes will allow the user to locate specific entries The book s aim is to direct students researchers and bibliophiles to the entire corpus of works about Churchill **The Encyclopedia Britannica** James Louis

Garvin,Franklin Henry Hooper,Warren E. Cox,1929 *The Miners: Years of Struggle* Robert Page Arnot,2023-07-21 First published in 1953 The Miners Years of Struggle is the official history of the British miners which draws on original sources moving into the stormy period when the economic bargaining of the million colliery employees with the mine owners became

the concern of Parliament and people The great strike of 1921 the stoppages of 1921 and 1926 the latter opening with the General Strike and how successive administrations met those crises these form an historical matrix from which the present public ownership inevitably emerged The conflict of ideas and personalities is shown as part of the struggles of these stormy times This book will be of interest to students of history sociology economics and political science *Encyclopaedia Britannica*, 1929 *The Social Fund 20 Years On* Chris Grover, 2016-02-24 In 2008 the Social Fund had been in operation for 20 years This has provided a timely opportunity to not only critically reflect upon its introduction in 1988 and its operation in the past two decades but also to place it within its historical context There is a particular need to engage with the argument that was made in the 1980s that relieving need by way of loan was new in social security policy In this groundbreaking study Chris Grover provides the reader with evidence that this is not the case by locating Social Fund loans in a lengthy history of debate about and practice in loaning poor relief and social security Using primary data hitherto unused in social policy research Grover shows that there is a long history embedded in British systems of poor relief of authorities having the power to loan applicants either cash that had to be repaid or providing food and items the value of which then had to be repaid Understanding this history will give a greater depth to our understanding of the state's purposes in relieving the financial needs of the poorest people as well as to our knowledge of contemporary social security policy

To Build Jerusalem John Gorman, 1980 **A Bibliography of British Industrial Relations 1971-1979** George Sayers Bain, J. D. Bennett, 1985-12-05 The bibliography contains references to literature on British industrial relations published in the years 1971 to 1979 inclusive It includes books periodical articles theses government publications pamphlets and any other relevant publications As well as general material on industrial relations the bibliography includes material on employee attitudes and behaviour employee organisation employers and their organisation collective bargaining industrial conflict industrial democracy the labour market training employment unemployment labour mobility pay conditions and the role of the state in industrial relations It is cross referenced and has an author index It is a supplement to the volume compiled by George Bain and Gillian Woolven published by the Press in 1979 and for the years since 1980 is itself updated by annual articles in the *British Journal of Industrial Relations* The material is arranged by subject and chronologically within that framework **Years of struggle, from 1910 onwards** Robert Page Arnot, 1949 **The Great Lock-out of 1926** Gerard Noel, *The Miners: Years of struggle, from 1910 onwards* Robert Page Arnot, 1953 **The Chamber of Commerce Journal**, 1928 [A Bibliography of British History, 1914-1989](#) Keith Robbins, American Historical Association, Royal Historical Society (Great Britain), 1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index [People, Places and Passions](#) Russell Davies, 2015-06-15 It takes a different view of the history of Wales examining a panorama of different

emotions and experiences laughter happiness fear anger adventure lust loneliness anxiety to give an entertaining and exciting new history to Wales a wide range of sources are used to present the ambitions and anxieties which drove and destroyed Welsh people The book's literary style and the fact that it follows earlier successful studies by the author should ensure an audience **Bulletin (1901-195)** Brooklyn Public Library, 1927 **Social-democrat** , 1925 *Women at Work, 1860-1939* Valerie G. Hall, 2013 A major contribution to women's history labour history and economic and social history This book examines three different groups of women in coal mining communities in inshore fishing communities and in agricultural labour It demonstrates how the work these groups undertook was fundamental in shaping their experiences as women in different ways and shows that women's experiences varied within class as well as between classes The book illustrates how mining women despite being restricted to domestic roles created through meticulous housekeeping a power base in their homes and rendered their husbands dependent on them while a minority took so active a role in politics that they were said to be the backbone of the Labour Party how fisher women engaging in a household economy reminiscent of pre modern times exercised great influence on financial decision making through their roles in baiting lines and selling fish and how some single female agricultural labourers exercised considerable autonomy whereas those who were tied in a family economy had little independence Overall the book makes a very significant contribution to women's history to labour history and to economic and social history This is a tremendously useful and relevant book for historians of women as well as social and labor historians Professor Joan Scott Institute of Advanced Studies Princeton University VALERIE HALL is Professor Emerita of History at William Peace University North Carolina *Tracing Your Coalmining Ancestors* Brian Elliott, 2014-02-11 A meticulous mixture of social and family history Whether or not you have mining connections this is an interesting socio economic read Your Family Tree In the 1920s there were over a million coalminers working in over 3000 collieries across Great Britain and the industry was one of the most important and powerful in British history It dominated the lives of generations of individuals their families and communities and its legacy is still with us today many of us have a coalmining ancestor Yet family historians often have problems in researching their mining forebears Locating the relevant records finding the sites of the pits and understanding the work involved and its historical background can be perplexing That is why Brian Elliott's concise authoritative and practical handbook will be so useful for it guides researchers through these obstacles and opens up the broad range of sources they can go to in order to get a vivid insight into the lives and experiences of coalminers in the past His overview of the coalmining history and the case studies and research tips he provides will make his book rewarding reading for anyone looking for a general introduction to this major aspect of Britain's industrial heritage His directory of regional and national sources and his commentary on them will make this guide an essential tool for family historians searching for an ancestor who worked in coalmining underground on the pit top or just lived in a mining community As featured in Who Do You Think You Are Magazine and the Barnsley Chronicle
