**The Great Red Dragon** Anthony Gavin,2015-07-14 Excerpt from The Great Red Dragon Or the Master Key to Popery When I first designed to publish the following sheets it was a matter of some doubt with me whether or no I should put my name to them for if I did I considered that I exposed myself to the malice of a great body of men who would endeavor on all occasions to injure me in my reputation and fortune if not in my life which last to say no more was no unnatural suspicion of a Spaniard and one in my case to entertain of some fiery zealots of the Church of Rome But on the other hand I foresaw that if I concealed my name a great part of the benefit intended to the public by this work might be lost For I have often observed as to books of this kind where facts only are related the truth of which in the greatest measure must depend on the credit of the relater that wherever the authors out of caution or fear have concealed themselves the event commonly has been that even the friends to the cause which the facts support give but a cold assent to them and the enemies reject them entirely as calumnies and forgeries without ever giving themselves the trouble of examining into the truth of that which the relater dares not openly avow On this account whatever the consequences may be I resolved to put my name to this and accordingly did so to the first proposals which were made for printing it But by this means I am at the same time obliged to say something in vindication of myself from several aspersions which I lie under and which indeed I have already in a great degree been a sufferer by in the opinion of many worthy gentlemen The first is that I never was a priest because I have not my letters of orders to produce This it must be confessed is a testimonial without which no one has a right or can expect to be regarded as a person of that character unless he has very convincing arguments to offer the world that in his circumstances no such thing could reasonably be expected from him and whether or no mine are such I leave the world to judge About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      **Great Red Dragon, Or London Money Power** L. A thousand years ago on the world of Claire Agon a war raged between men and dragons. The Royal Historian Diamedes finally faces the stark truth involving the rising of the dragons and the true intentions of the Kesh wizards in this fifth and final Claire Agon tale. The realms of Agon are betrayed as the Kesh wage war upon them and rouse the anger of their ancient nemesis, the chromatic dragons. With Dor Akun approaching the leaders of Agon's civilized realms must band together in the hope of staving off certain extinction. Meanwhile the truths of the ancients become clear and the young barbarian chieftain Azor Koll must decide whether to lead his people in the service of the great beasts or risk destruction from friend and foe alike. Azor Koll soon discovers that in the world of Claire Agon when dealing with a Red Dragon sometimes blood is thicker than water.

The great tribulation is coming. The beast is coming. The mark of the beast is coming. Are you ready for the terror that is coming soon? A monstrous one-world government is in the making. The prophet Daniel predicted it 2500 years ago and it is being formed right now by movements such as globalism, socialism, and other movements that are coming out of the closet on a regular basis. These groups are openly advocating the destruction of nationalism and capitalism that fuel independence, progress, and prosperity. The beast that Daniel predicted will also feature a mixture of religion that holds power over the government, a very frightening thought. Read all about it here.

A COMPENDIUM OF CLASSIC AND POSTMODERN NOVEL SUMMARIES Vivian Siahaan, 2019-08-03

This book is comprised of a compendium of summaries from all novels that I have read for almost twelve years. Obviously the summaries have been documented on my blog since 2016 and seemingly in my opinion it is better bundled in a book form since the statistics show that the classic fictions are those among most read, so I rose to comply with that demand. The purpose for which I devote myself to compose 85 summaries is to provide quick reading for novel readers and students. Numerous genres are presented because I am quite conscious those will bequeath you an imaginative horizon. As a work of art

many of them transcend their expiatory aspects And still more important to us than scientific significance and literary worth is the inspirational impact those novels have on serious readers Finally happy reading and I hope you will find this book useful
