**Donald W. Linzey**

## **Great Smokey Mountains:**

A Natural History Guide to Great Smoky Mountains National Park Donald W. Linzey, 2008 The Great Smoky Mountains National Park is one of America's most beautiful and popular national parks. Located in the southern Appalachian Mountains of Tennessee and North Carolina, it is home to more than 100,000 species of plants and animals. The grandeur and sheer scale of the park has been captured in Donald W. Linzey's new book *Natural History Guide to the Great Smoky Mountains National Park*. It is the most extensive volume available on the park's natural history. Written from the perspective of a naturalist who has spent over fifty years conducting research in the park, this volume not only discusses the park's plant and animal life but also explores the impact that civilization has played in altering the area's landscape. Linzey, who has been a major contributor to the All Taxa Biodiversity Inventory, a concentrated effort to identify every species of plant and animal living within the park, draws from this deep reservoir of research. His book provides a thorough overview of everything a visitor to the park would need to know without complex jargon. Both casual readers and those more interested in the ecology of the Great Smoky Mountains will find this book an enlightening and educational guide. Donald W. Linzey, a wildlife biologist and ecologist, is professor of biology at Wytheville Community College in Wytheville, Virginia. He is an authority on the mammals of the Great Smoky Mountains National Park and its environs.

**Great Smoky Mountains National Park (N.P.), General Management Plan (GMP) (NC, TN)**, 1982 **Birth of a National Park in the Great Smoky Mountains** Carlos C. Campbell, 1993 Annually millions of people admire the Great Smoky Mountains National Park's primeval beauty: towering peaks, sparkling cascades, virgin forests, and remarkable varieties of wildflowers and shrubs. One of the nation's most popular national parks did not just come to be a logical and natural development on federally owned land. Instead, it was the first national park to be acquired from private owners and given by the people to the federal government. The Great Smoky Mountains National Park was established only after an unprecedented crusade that is a story of almost fanatic dedication to a cause as well as one of frustration, despair, political bias, and even physical violence. *The Great Smoky Mountains National Park* Adam H. Alfrey, 2012 For centuries the majesty and mystery of the Great Smoky Mountains have lured mankind. The Cherokee were among the first to build thriving communities here, and backcountry frontiersmen were next to put down roots. In time, visitors arrived eager to take in the cool mountain air and returned home with stories of hillbillies. Then came those who used the mountains for their own advantages, such as lumber barons armed with steam shovels and skidders. Eventually, civic boosters from western North Carolina and east Tennessee took note and began advocating for the protection of the Great Smoky Mountains. Before a national park could be established, though, there were competing interests to be sorted and a consideration of the lives affected. **Top Trails: Great Smoky Mountains National Park** Johnny Molloy, 2017-04-17 Johnny Molloy, who has spent more than 800 nights backpacking in the Smokies, has updated his classic guide *Top Trails Great Smoky Mountains National Park*. This revised edition has been completely updated, including the new backcountry

reservation system implemented in the park He has also added some excellent hikes some of them well off the beaten path For example the hike to Baskins Creek Falls takes you past a pioneer homesite and to a scenic cascade overshadowed by more popular waterfalls nearby making it an ideal destination for those who want to escape the crowds A longer trek traverses the regal pine oak forests of the western part of the park making a stop at Abrams Falls mixing solitude with a must visit waterfall on every Smokies bucket list Johnny also explores early park history on a hike up Kephart Prong Here you can see the remains of a fish hatchery constructed by the Civilian Conservation Corps as well as a trail shelter erected by the CCC when the park was just coming to be Backpackers will enjoy the new loop incorporating Walnut Bottoms along cascading Big Creek coupled with a stop by historic Mount Cammerer tower replete with stellar views before overnighting at Davenport Shelter on the Appalachian Trail Additionally Johnny who considers the Smokies his home stomping ground makes sure that all the necessary information to help you execute a hike from directions to maps are correct New photos add flair to the book

Great Smoky Mountains National Park Ruth Radlauer, 1985-09-01 Introduces the many enjoyments to be found in Great Smoky Mountains National Park located in Tennessee and North Carolina

Great Smoky Mountains National Park Santana Hunt, 2015-07-15 People have inhabited the Great Smoky Mountains for thousands of years The area was once a part of the Cherokee Nation and later farmed and logged by white settlers Today a good portion of this part of the Appalachian Mountains is protected as Great Smoky Mountains National Park Through full color photographs readers travel to the heights of Clingmans Dome and around the hundreds of miles of hiking trails that wind through the park An introduction to the history of the park is accompanied by information about the wildlife plant life and attractions found in the park today

**Great Smoky Mountains** United States. National Park Service. Division of Publications, 1981

**Hiking Trails of the Great Smoky Mountains** Kenneth Wise, 2014-03-30 Hiking Trails of the Great Smoky Mountains is an essential guide to one of America s most breathtaking and rugged national parks The second edition of this compellingly readable and useful book is completely updated giving outdoor enthusiasts the most current information they need to explore this world renowned wilderness Included here are facts on more than 125 official trails recognized by the Park Service Each one has its own setting purpose style and theme and author Kenneth Wise describes them in rich and vivid detail For every route he includes a set of driving directions to the trailhead major points of interest a schedule of distances to each one a comprehensive outline of the trail s course specifics about where it begins and ends references to the U S Geological Survey s quadrangle maps and when available historical anecdotes relating to the trail His colorful descriptions of the area s awe inspiring beauty are sure to captivate even armchair travelers Organized by sections that roughly correspond to the seventeen major watersheds in the Smokies Wise starts in Tennessee and moves south into North Carolina with two major trails the Lakeshore and the Appalachian that traverse several watersheds treated independently Further enhancing the utility of this volume is the inclusion of the Great Smoky Mountains official trail map as well as an informative introduction filled with details about

the geology climate vegetation wildlife human history and environmental concerns of the region A seasoned outdoorsman with more than thirty years of experience in the area and codirector of the Great Smoky Mountains Regional Project at the University of Tennessee Knoxville Wise brings an exceptional depth of knowledge to this guide Both experienced hikers and novices will find this newly revised edition an invaluable resource for trekking in the splendor of the Smokies *Great Smoky Mountains* Sara Gilbert,2016-07-19 As summer vacation draws near children and adults start dreaming of the next great adventure Why not become National Park Explorers and discover the wonders contained in some of America s most popular national parks Each book in this new series highlights key landscape features wildlife and activities unique to the park noting when is a particularly good time of year to visit Abundant photographs will captivate the eye and entice each armchair adventurer to hop in the car or catch a plane to experience the park in all its scenic glory A young explorer s introduction to Great Smoky Mountains National Park covering its mountain landscape plants animals such as salamanders and activities such as horseback riding *Great Smoky Mountains National Park* Penelope S. Nelson,2019-06-15 In Great Smoky Mountains National Park leveled text and vibrant full color photographs introduce Great Smoky Mountains National Park and all it has to offer Readers will learn about the park s location geography climate wildlife history conservation and attractions including places to hike and camp An infographic and What Do You Think sidebars encourage deeper inquiry Features reading tips for teachers and parents a table of contents a glossary activity and index Great Smoky Mountains National Park John Netherton,1997-06-01 A gloriously colorful keepsake as well as handy pocket guide this little Tiny Folios volume presents the lush forests celebrated wildflowers and varied wildlife of America s most visited national park as seen through the eyes of a photographer long familiar with the roads trails and breathtaking vistas of Great Smoky 235 full color illus 100 Hikes in the Great Smoky Mountains National Park Russ Manning,1999 If you re heading to the Smokies you ll need this guidebook All the trails camping information and best attractions for visitors of Great Smoky Mountain National Park This guidebook offers a mix of day hikes and overnight backpacking trails and expanded natural history and background information on the Smoky Mountains making it the most complete guidebook to the region Divided into sections covering Tennessee and North Carolina the guide is arranged so that all of the Tennessee trails can be done with a link via the Newfound Gap Road to the North Carolina trails and vice versa All trails are grouped by access point and each hiking description includes mileage elevation change difficulty rating camping information cautions links to other trails and attractions Special lists cover the best waterfalls stands of old growth forest historic structures wildflower spots and mountain views Additional chapters feature information on geology flora and fauna park history and more *Great Smoky Mountains Folklife* Michael Ann Williams,2010-04-08 The Great Smoky Mountains at the border of eastern Tennessee and western North Carolina are among the highest peaks of the southern Appalachian chain Although this area shares much with the cultural traditions of all southern Appalachia the folklife here has been uniquely shaped by historical events including the

Cherokee Removal of the 1830s and the creation of the Great Smoky Mountain National Park a century later This book surveying the rich folklife of this special place in the American South offers a view of the culture as it has been defined and changed by scholars missionaries the federal government tourists and people of the region themselves Here is an overview of the history of a beautiful landscape one that examines the character typified by its early settlers by the displacement of the people and by the manner in which the folklife was discovered and defined during the nineteenth and twentieth centuries Here also is an examination of various folk traditions and a study of how they have changed and evolved
