Bruised, Never Broken Phil Coulter,2019-10-11 As the composer of some of Ireland's best loved songs not to mention a host of global hits Phil Coulter has been a mainstay of Irish cultural life for decades But this is a position that has been hard won often in the face of extraordinary personal and political upheaval most of which has to date been kept hidden from public view Heartfelt and wry meditative and entertaining Bruised Never Broken is the story of the author's remarkable rise from modest beginnings on the streets of post war Derry to the summit of the global charts as a composer and confidante to a host

of the era's biggest stars such as Van Morrison, Luke Kelly, Cliff Richard and Sandie Shaw. Poignantly it is also a hymn to the place that made him a city as complex and troubled throughout Ireland's middle decades as any on Earth yet a source of constant inspiration and consolation. *International Who's who in Classical Music*, 2009 *The Instrumentalist*, 1978

Declassified Arianna Warsaw-Fan Rauch, 2022-10-11 A refreshingly fun guide that reads as if you're a fly on the wall in conservatory auditions, cutthroat competitions and the obsessive practice routines of professional musicians. The New York Times Arianna Warsaw-Fan Rauch's life-long fascination with classical music has taken her through Juilliard and into the shiny world of symphony halls and international concert tours. She's loved classical music her whole life. But she's also hated classical music her whole life. After all, if you can like Beyoncé without liking Bieber, you can certainly like Brahms without liking Bach, especially since they were born 148 years apart and the thing we call classical music is really just centuries of compositions shoved into one hodge-podge of a genre. In *Declassified* Warsaw-Fan Rauch blows through the cobwebs of elitism and exclusion and invites everyone to love and hate this music as much as she does. She offers a backstage tour of the industry and equips you for every listening scenario, covering the 7 main compositional periods, even the soul-crushingly depressing Medieval period, a breakdown of the instruments and their associated personality types, apologies to violists and conductors, what it's like to be a musician at the highest level, it's hard how to steal a Stradivarius and make no money in the process, and when to clap during a live performance, also when not to. *Declassified* cheekily demystifies the world of High Art while making the case that classical music matters perhaps now more than ever.
