Great Television Plays:

Great Television Plays, 1969 **Filmed Television Drama, 1952-1958** William Hawes, 2002-01-09 This work examines the change from live to filmed television dramas during the period 1952-1958 and the characteristics and programs that are most associated with filmed television drama. Along with many technical changes that had to be made in the industry in order to convert live television to filmed television came an interesting social one. The American society in general was developing a growing interest in the lives of ordinary people and television moved with them offering more programs that concentrated on the middle and lower classes. Because of the inherent qualities of filming television began to feature more documentary-like realism began to broaden its interpretation of traditional romantic escapism to include more outer space and supernatural science fiction began to better fulfill materialistic desires through well designed enjoyable commercials and began to offer the best dramas and most popular personalities often leading viewers to greater self appreciation and richer lives. This work focuses on the important anthology programs and specials that were on the air from 1952 to 1958 such as Kraft Television Theatre, Philco Television Playhouse and The Hallmark Hall of Fame filmed serials like Colgate Theatre, Amos n Andy and I Love Lucy and the challenges of converting from live to filmed television drama. **Live Television Drama, 1946-1951** William Hawes, 2015-11-16 The live era or golden age of television drama originating from New York 1946 through 1951 was an exciting time of creative and commercial accomplishment. This is a complete history and reference guide to the live dramas that aired during those six years. Extensive coverage is given to the NBC anthologies Kraft Television Theatre and Philco Television Playhouse and the CBS anthologies Ford Theater and Studio One as well as to the competitors the 28 new anthologies that appeared in the prime time schedule during 1950 and 1951. Appendices comprehensively list the day by day program logs for BBC, CBS and NBC dramas from 1946 through 1951. *Best Television Plays* Gore Vidal, 1968

Radio and Television Patricia Beall Hamill, United States. Office of Education, 1960. Sixteen-year-old Tabitha, the daughter of a preacher who believes science is Satan's work, longs to study at a university and dig for dinosaur bones, but in South Dakota at the end of the nineteenth century such ambitions are discouraged.

Breaking Down Breaking Bad: Unpeeling the Layers of Television's Greatest Drama Eric San Juan, 2016-01-11. Few television shows have won critical acclaim on the level of *Breaking Bad*, perhaps because few series are as worth deep examination as *Breaking Bad*. Something about Walter White's struggle with his inner demons resonated with us. The idea that his foray into meth production was not merely a dalliance with darkness but was actually a full-blown awakening intrigued us. And most of all, the idea that we came to have no respect for the protagonist of our favorite show utterly fascinated us. *Breaking Down Breaking Bad* attempts to poke into the dark corners of Walter White's mind, explore the traits that make this show special, and revel in the joy of what is arguably the best drama ever to appear on television.

Because the show may be gone but the conversation about it certainly isn't.

Television Drama in Israel Itay Harlap, 2017-10-05. Israeli television, currently celebrating fifty years of broadcasting, has become one of the most important content sources on the international TV drama market when serials such as *Homeland*, *Hostages*, *Fauda*, *Zagury Empire*, and *In Treatment* were bought by international networks. HBO included. Offering both a textual reading and discourse analysis of contemporary Israeli television dramas, Itay Harlap adopts a case study approach in order to address production, reception, and technological developments in its accounts. His premise is that the meeting point between social trends within Israeli society, primarily the rise of opposition groups to the hegemony of the Zionist Jewish masculine Ashkenazi ideologies and major changes in the medium in Israel, which are comparable to international changes that have been titled post-TV, led to the creation of television dramas characterized by controversial themes and complex narratives which present identities in ways never seen before on television or in other Israeli mediums.

He discusses the work and achievement of more than seventy playwrights from Eugene O

Neill to Suzan Lori Parks from the golden era of Broadway to the rise of Off Broadway and regional theater Sternlicht shows how world theater influenced the American stage and how the views of American dramatists reflected the great American social movements of their times In addition he describes the contributions of early experimental theater the Federal Theater of the 1930s African American feminist and gay and lesbian drama and the joyous trends and triumphs of American musical theater
