Great Traditions In Ethics Custom:

Great Traditions in Ethics Ethel M. Albert, Sheldon Paul Peterfreund, 1984 *Great Traditions in Ethics* Theodore Cullom Denise, Nicholas P. White, Sheldon Paul Peterfreund, 2008 Long hailed for skilled editing that enables students to explore many seminal and complex primary sources that contribute to the canon of ethical theory GREAT TRADITIONS IN ETHICS has become the standard historical anthology for introducing ethical theory Combining informative chapter introductions that provide biographical historical and theoretical contexts well placed comments inserted within the readings and ample but not overwhelming reading selections GREAT TRADITIONS IN ETHICS constructively challenges students to critically engage the most crucial ideas thinkers and readings in the history of ethical theory With the Twelfth Edition the authors focus on supplementing the readings with discussions of applying ethical theories within the chapters and in the text s expanded Appendix **A Bibliographic Guide to the Comparative Study of Ethics** John Braisted Carman, Mark Juergensmeyer, William Darrow, 1991-04-26 This bibliography is the culmination of four years work by a team of noted scholars its annotated entries are organised by religious tradition and cover each tradition s central concepts offering a judicious selection of primary and secondary works as well as recommendations of cross cultural topics to be explored Specialists in the history and literature of religions and comparative religion will find this bibliography a valuable research tool Globalization in Southeast Asia Shinji Yamashita, Jeremy Seymour Eades, 2003 The rapid postwar economic growth in the Southeast Asia region has led to a transformation of many of the societies there together with the development of new types of anthropological research in the region Local societies with originally quite different cultures have been incorporated into multi ethnic states with their own projects of nation building based on the creation of national cultures using these indigenous elements At the same time the expansion of international capitalism has led to increasing flows of money people languages and cultures across national boundaries resulting in new hybrid social structures and cultural forms This book examines the nature of these processes in contemporary Southeast Asia with detailed case studies drawn from countries across the region including Indonesia Malaysia the Philippines Singapore and Thailand At the macro level these include studies of nation building and the incorporation of minorities At the micro level they range from studies of popular cultural forms such as music and textiles to the impact of new sects and the world religions on local religious practice Moving between the global and the local are the various streams of migrants within the region including labor migrants responding to the changing distribution of economic opportunities and ethnic minorities moving in response to natural disaster *The Art of Trial Process* Kai Yang, 2020-08-06 This book focuses on the reality of China s modern judiciary systematically demonstrating and discussing the judicial philosophy and judicial ethics as applied by Chinese courts and judges In order to illustrate the methods of jurisprudence and sociology of law in the context of China s judicial practice and practicability of applicable laws it also addresses judicial methodology and Chinese judges trial methods Based on comparative study and

aiming at global judicial reform the book provides valuable guidance and insights for readers pursuing a detailed understanding of modern Chinese judiciary Chinese judges and Chinese rule of law The book is intended to primarily serve the need of legal professionals around the world in particular those who are interested in China s judicial system

Ceremonies Customs, Rites, and Traditions of the Jews Hyam Isaacs,1836 Place in Modern Jewish Culture and Society Richard I. Cohen,2018 Bringing together contributions from a diverse group of scholars Volume XXX of Studies in Contemporary Jewry presents a multifaceted view of the subtle and intricate relations between Jews and their relationship to place The symposium covers Europe the Middle East and North America from the 18th century to the 21st The Social Sciences Frank Whaling,2019-10-08 No detailed description available for The Social Sciences **The German Ethics of War** E. B. Copeland,1919 **Ceremonies, customs, rites, and traditions of the Jews, interspersed with gleanings from the Jerusalem and Babylonish Talmud and the Targums, Mishna, Gemara, Maimonides, etc** Hyam ISAACS,1830 **The Radical Teaching of Jesus** Duncan S. Ferguson,2016-01-18 The Radical Teaching of Jesus carefully and thoughtfully invites the reader into an understanding of the life and teachings of Jesus Both his life and teachings are radical in that Jesus intended those who observed his life and heard his teachings to make a major change in their lives by fully receiving the power and presence of God The implications of this transformation would result in a life of loving God with heart and mind and one s neighbor without condition This volume underlines that to have a full understanding of the implications of the radical teaching of Jesus requires a careful reading of the history of the Gospel records of the circumstances in which Jesus lived and of Jesus sense of vocation This understanding makes possible a more credible and nuanced grasp of the style and content of the life and teaching of Jesus and its extraordinary relevance for our rapidly changing and troubled global context The book speaks poignantly both to those within the Christian family who find traditional categories regarding Jesus increasingly difficult to affirm and to those of other faith traditions or religious unaffiliated who seek an authentic spiritual way Ceremonies, Customs, Rites and Traditions of the Jews, Interspersed with Gleanings from the Jerusalem and Babylonish Talmud and the Targums, Mishna, Gemara, Maimonides, Abarbanel, Zohar, Aben-Ezra, Oral Law, Etc., Etc. in a Manner Never Before Published Hyam Isaacs,1836 **Tradition in the Early Church** R.P.C. Hanson,2009-08-01 It will be the aim of this book to distinguish the nature and function of different sorts of tradition within the historic Christian faith The main task which the book will set itself will be to examine as fairly and as fully as possible the likelihood of the survival of original authentic tradition within the Christian Church outside the Bible to see whether there are solid grounds for concluding that independently of the New Testament any considerable or significant amount of original and trustworthy information about Jesus could have survived and whether it actually has survived From the first chapter Oral Tradition Global Citizenship Nigel Dower,John Williams,2016-04-22 The idea of global citizenship is that human beings are citizens of the world Whether or not we are global citizens is a topic of great dispute however those

who take part in the debate agree that a global citizen is a member of the wider community of humanity the world or a similar whole which is wider than that of a nation state or other political community of which we are normally thought to be citizens Through four main sections the contributors to Global Citizenship discuss global challenges and attempt to define the ways in which globalization is changing the world in which we live Offering a breadth of coverage to the core theme of the individual in a global world Global Citizenship combines two factors the idea of global responsibility and the development of institutional structures through which this responsibility can be exercised

Adult Development and Aging Abstracts,1968 **An Introduction to Ethics** William Lillie,2020-07-20 Originally published in 1948 and reprinted in 1955 and updated in 1961 this book is a straightforward account of moral philosophy for students It discusses comprehensively the contributions made by 20th Century moralists both in terms of the interpretation of their predecessors and original ethical speculation

Introduction to Ethics Mr. Rohit Manglik,2023-08-23 In this book we will study about moral philosophy ethical theories and questions about right wrong virtue and responsibility *Friends and Other Strangers* Richard B. Miller,2016-07-05 *Friends and Other Strangers* argues for expanding the field of religious ethics to address the normative dimensions of culture interpersonal desires friendships and family and institutional and political relationships Richard B. Miller urges religious ethicists to turn to cultural studies to broaden the range of the issues they address and to examine matters of cultural practice and cultural difference in critical and self reflexive ways *Friends and Other Strangers* critically discusses the ethics of ethnography ethnocentrism relativism and moral criticism empathy and the ethics of self other attunement indignation empathy and solidarity the meaning of moral responsibility in relation to children and friends civic virtue war and alterity the normative and psychological dimensions of memory and religion and democratic public life Miller challenges distinctions between psyche and culture self and other and uses the concepts of intimacy and alterity as dialectical touchstones for examining the normative dimensions of self other relationships A wholly contemporary global and interdisciplinary work *Friends and Other Strangers* illuminates aspects of moral life ethicists have otherwise overlooked

Ethics in Theory and Application Horatio Willis Dresser,1925 *The Dialectic in Journalism* Carter R. Bryan,John C. Merrill,1993-08-01 A main intent of this book is to show how freedom relates to ethics in journalism and at the same time to discuss how a number of other contraries or antinomies are unsuitable in the real world of journalism I also hope to demonstrate how a synthesis a position near the Aristotelian Golden Mean is the best solution to many of the problems of mass communication We need to form the habit of thinking dialectically about many of our journalistic problems realizing that a clash of opposing positions is not harmful but useful in the constantly changing world of journalism From the Introduction Over the past thirty years John C Merrill has produced what many critics consider an essential body of writing on the relatedness of journalism and philosophy He speaks with authority for a growing group of scholars who are looking behind the product of journalism for the ideologies that create them His latest work *The Dialectic in Journalism* is an

ambitious and comprehensive examination of the forces at work throughout the press The book focuses on two important and timely issues journalistic license and social control or in a larger sense freedom and responsibility What are the just limits of the press Where may libertarians and statisticians of the press find common ground How do journalists convert the world into the word Merrill places sweeping questions such as these in the context of the Western intellectual tradition Beginning with the Heraclitean observation that reality is constantly changing he traces the development of the dialectic through Plato and Aristotle to Rousseau Spinoza Nietzsche and Hegel Merrill connects these thinkers with many of the problems facing the journalistic community today He uses the Hegelian dialectic to suggest that a moderating force is at work in the contemporary journalism He shows that the tensions created between the concept of freedom of expression and necessity of restraint resolve themselves in a synthesis of social responsibility Readers familiar with Merrill's earlier works will find in this new book the same strong concern for the ethical foundations of journalism The Dialectic in Journalism is sufficiently rigorous philosophically that it sustains a close critical reading and yet the general reader will find it straightforward and lucid Journalists will want to read this book to gain new insight into the frequently unexamined philosophy of their trade and the public will profit from a broader understanding of the force that plays a central role in shaping our view of the world
