Great Trek:

The Great Trek Oliver Ransford, 1974 **The Great Trek Uncut** Robin Binckes, 2013 It is impossible to separate the Great Trek from events which took place as far back as the Portuguese explorers because those events shaped the backdrop to the causes of the Great Trek Most writers have specialized in the trek itself whereas Binckes has adopted a broader approach that studies the impact of the earlier white incursions and migrations on southern Africa to create a better understanding of the trek and its causes **The Cambridge History of the British Empire** Eric Anderson Walker, 1963
Afrikaner Political Thought: 1780-1850 André Du Toit, Hermann Giliomee, 1983-01-01 This the first volume of a projected trilogy is a collection with explanatory and critical comments of 140 key documents letters speeches manifestos reports petitions diary entries and newspaper editorials of Afrikaners over the period 1780 1850 **The Great Trek** Oliver Ransford, 1972 *The Cambridge History of Africa* J. D. Fage, Roland Anthony Oliver, 1975 The period covered in this volume begins with the emergence of anti slave trade attitudes in Europe and ends on the eve of European colonial conquest
Triomf Marlene Van Niekerk, 2005-03-29 A scatological black satire Triomf may be the signal Afrikaans novel of the 1990s A daring vicious and hilarious flight of imagination The Washington Post This is the story of the four inhabitants of 127 Martha Street in the poor white suburb of Triomf Living on the ruins of old Sophiatown the freehold township razed to the ground as a so called black spot they await with trepidation their country's first democratic elections It is a date that coincides fatefully with the fortieth birthday of Lambert the oversexed misfit son of the house There is also Treppie master of misrule and family metaphysician Pop the angel of peace teetering on the brink of the grave and Mol the materfamilias in her eternal housecoat Pestered on a daily basis by nosy neighbors National Party canvassers and Jehovah's Witnesses defenseless against the big city towering over them like a vengeful dinosaur they often resort to quoting to each other the only consolation that they know we still have each other and a roof over our heads Triomf relentlessly probes Afrikaner history and politics revealing the bizarre and tragic effect that apartheid had on exactly the white underclass who were most supposed to benefit It is also a seriously funny investigation of the human endeavor to make sense of life even under the most abject of circumstances South Africa as you've never seen it a tale of incest and white trash Funny feisty ferociously clever Gillian Slovo author of Ten Days A world class tragicomic novel the kind of book that stabs at your heart while it has you rolling on the floor The New York Times Book Review Religion and Conflict Resolution Asst Prof Megan Shore, 2013-05-28 This book examines the ambiguous role that Christianity played in South Africa's Truth and Reconciliation Commission TRC It has two objectives to analyse the role Christianity played in the TRC and to highlight certain consequences that may be instructive to future international conflict resolution processes Religion and conflict resolution is an area of significant importance Ongoing conflicts involving Palestinians and Israelis Muslims and Hindus and even radical Islamic jihadists and Western countries have heightened the awareness of the potential power of religion to fuel conflict Yet these religious

traditions also promote peace and respect for others as key components in doing justice Examining the potential role religion can play in generating peace and justice specifically Christianity in South Africa s TRC is of utmost importance as religiously inspired violence continues to occur This book highlights the importance of accounting for religion in international conflict resolution

The Boer Invasion of The Zulu Kingdom 1837-1840 John Laband,2023-02-16 The battle of Blood River or Ncome on 16 December 1838 has long been regarded as a critical moment in the history of South Africa It is the culminating victory by the land hungry Boers who had migrated out of the British ruled Cape and invaded the Zulu kingdom in 1837 Many Afrikaners long acclaimed their triumph as the God given justification for their subsequent dominion over Africans By contrast Africans celebrate the war with pride for its significance in their valiant struggle against colonial aggression In this account John Laband deals as even handedly as possible with the warring sides in the conflict In contrasting their military systems he explains both victory and defeat in the many battles that marked the war Crucially he also presents the less familiar Zulu perspective explaining the political motivation strategic military objectives and fissures in the royal house This is the first book in English that engages with the war between the Boers and the Zulu in its entire context or takes the Zulu evidence into proper account

Migration in Africa Michiel de Haas,Ewout Frankema,2022-03-30 This book introduces readers to the age of intra African migration a period from the mid 19th century onward in which the center of gravity of African migration moved decisively inward Most books tend to zoom in on Africa s external migration during the earlier intercontinental slave trades and the more recent outmigration to the Global North but this book argues that migration within the continent has been far more central to the lives of Africans over the course of the last two centuries The book demonstrates that only by taking a broad historical and continent wide perspective can we understand the distinctions between the more immediate drivers of migration and deeper patterns of change over time During the 19th century Africa s external slave trades gradually declined whilst Africa s expanding commodity export sectors drew in domestic labor This led to an era of heightened mobility within the region marked by rapidly rising and vanishing migratory flows increasingly diversified landscapes of migration systems and profound long term shifts in the wider patterns of migration This era of inward focused mobility reduced with a resurgence of outmigration after 1960 when Africans became more deliberate in search of extra continental destinations with new diaspora communities emerging specifically in the Global North Broad ranging in its temporal spatial and thematic coverage this book provides students and researchers with the perfect introduction to age of intra African migration

Women in the South African Parliament Hannah Britton, 2010-10-01

Although the international press closely chronicled the dismantling of South Africa's apartheid policies it paid little attention to the unique role women from a variety of political parties played in establishing the new government Utilizing interviews participant observation and archival research Women in the South African Parliament tells an inspiring story of liberation showing how these women achieved electoral success learned to work with lifelong enemies and began to transform

Parliament by creating more space for women's voices during a critical time in the life of their democracy Arguing from her detailed analysis of the strategies and political tactics used by these South African women both individually and collectively Hannah Britton contends that contrary claims in earlier studies of the developing world mobilization by women prior to a transition to democracy can lead to gains after the transition including improvements in constitutional mandates party politics and representation At the same time Britton demonstrates that not even national leadership can ensure power for all women and that many who were elected to South Africa's first democratic parliament declined to run again feeling they could have a greater impact working in their own communities
