The Great Violinists and Pianists George T. Ferris, 2015-06-25 Excerpt from *The Great Violinists and Pianists* The title of this little book may be misleading to some of its readers in its failure to include sketches of many eminent artists well worthy to be classed under such a head There has been no attempt to cover the immense field of executive music but only to call attention to the lives of those musical celebrities who are universally recognized as occupying the most exalted places in the arts of violin and pianoforte playing who stand forth as landmarks in the history of music To do more than this except in a merely encyclopedic fashion within the allotted space would have been impossible The same necessity of limits has also compelled the writer to exclude consideration of the careers of noted living performers as it was thought best that discrimination should be in favor of those great artists whose careers have been completely rounded and finished About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
