Justification by the Word Jack D. Kilcrease, 2022-09-21 God's Word creates what he commands In Justification by the Word Jack D Kilcrease reintroduces Martin Luther's key doctrine Though a linchpin of the Reformation Luther's view of justification is often misunderstood For Luther justification is an expression of God's creative Word To understand Luther on justification one must grasp his doctrine of the Word The same God who declared let there be light and it was so also declares your sins are forgiven Justification is an objective reality It is achieved in Christ's resurrection and received through an encounter with the risen Christ in Word and sacrament Justification turns us outward away from our own unsteady feelings and limited understanding to look to Christ And the church must preach justification lest we so easily forfeit the joy of the gospel Justification by the Word inspires readers to reencounter the radical doctrine of justification by faith alone

Toronto Journal of Theology, 1997 **The Publishers Weekly**, 1994 *Twentieth-Century Theologians* Philip Kennedy, 2010-01-30 One needs to be a lunatic to become a Christian the 19th century Danish philosopher Søren Kierkegaard once observed Had he lived in the 20th century he might have discerned even more of an obstacle to faith For during the last century the human condition changed more rapidly than during any previous era taking that condition far away from the historical circumstances in which Christianity was born In his new book Philip Kennedy explores the ways Christian theologians of the 20th century tried to live a productive religious life in a world overtaken by massive upheaval and innovation The book is distinctive in a number of respects First it differs from other surveys of theology by adopting a

biographical method examining the lives of its subjects in historical context Second it is more progressive than its competitors covering many theologians other than white male professors especially women who have worked outside the academy or on the margins of the churches Third it is international focusing on theologians in all the continents of the world rather than just Europe or North America Fourth it makes no assumptions that its readers are religious or that theology is uniquely credible There is a need for a sensitive new textbook reassessing the subject in the light of modern concerns and scepticism about religion This book meets that need Book Review Digest ,1996 **Library Journal** ,1994 A History of Christian Theology, Second Edition William C. Christian Church Tyron Inbody, 2005-04-14 Tyron Inbody has taught the basics of Christian theology for more than twenty five years. Having seen over the years what issues and questions his students bring to class, he now offers this engaging accessible introduction to all the major beliefs of the Christian faith. Meant especially but not exclusively for readers new to theology, Inbody's *Faith of the Christian Church* covers twelve traditional areas of Christian teaching: theology, revelation, faith, God, creation, suffering, and evil, humankind, Jesus Christ, salvation, church, sacraments, and the end times. Inbody also dives into provocative topics not usually treated in introductory texts: creationism, the devil, miracles, the virgin birth, and more. The book's broad ranging perspective, which intentionally defies labels, commends it to individuals and small groups from many church traditions. Quote boxes and illustrations drawn from popular culture make the text visually interesting and enjoyable to read. Inbody does not hide his own stance on issues but presents a full range of interpretations and openly points readers to other possibilities they can pursue. *The Faith of the Christian Church* offers just enough questions to provoke reflection and just enough answers to encourage readers to form their own grasp on the Christian faith.

A Theology for the Church Dr. Daniel L. Akin, 2014-06-01 The revised edition of *A Theology for the Church* retains its original structure organized under these traditional theological categories: revelation, God, humanity, Christ, the Holy Spirit, salvation, the church, and last things. Each chapter within these sections contains answers to the following four questions: What does the Bible say? What has the church believed? How does it all fit together? How does this doctrine impact the church today? Contributions from leading Baptist thinkers R. Albert Mohler Jr., Paige Patterson, and Mark Dever, among others, will also appeal to the broader evangelical community. Included in this revision are new chapters on theological method from a missional perspective (Bruce Ashford) and the theology of creation, providence, and Sabbath that engages current research in science and philosophy (Keith Whitfield). Chapters on special revelation (David Dockery) and human nature (John Hammett) have also been updated.
