The Great Doctrines of the Bible William Evans, Ph. D.,2015-05-09 The basics for Christian faith A well organized examination of ten major doctrines including 80 subjects by topical listing Designed to supplement personal Bible study Instead of doubting everything that can be doubted let us rather doubt nothing until we are compelled to doubt CONTENTS THE DOCTRINE OF GOD THE DOCTRINE OF JESUS CHRIST THE DOCTRINE OF THE HOLY SPIRIT THE DOCTRINE OF MAN THE DOCTRINES OF SALVATION Repentance Faith Regeneration Justification Adoption Sanctification Prayer THE DOCTRINE OF THE CHURCH THE DOCTRINE OF THE SCRIPTURES THE DOCTRINE OF ANGELS THE DOCTRINE OF SATAN THE DOCTRINE OF THE LAST THINGS The Second Coming of Christ The Resurrection The Judgment The Destiny of the Wicked The Reward of the Righteous The demand for this book has come from the students in the class room who have listened to these lectures on the Great Doctrines of the Bible and have desired and requested that they be put into permanent form for the purpose of further study and reference This volume is prepared therefore primarily but not exclusively for the student and with his needs in mind The doctrines herein treated are dealt with from the standpoint of Biblical rather than Dogmatic theology This is evident from the plan which is followed in the work namely to gather together all the Scripture passages dealing with the subject under consideration and from them choose a required number that may be called representative then seek to understand the meaning of these references by the study of the text itself as well as its context and parallel passages and finally from the selected proof texts formulate the doctrinal teaching and place such results under appropriate headings The doctrines of God Jesus Christ and the Holy Spirit are more fully dealt with than the doctrines which follow This is especially true of the doctrine of God The reason for this is to set forth the method pursued in these studies and to give a pattern for the study of the doctrines to follow It is intended that the doctrines of this book should be studied side by side with the open Bible It is for this reason that many of the Scripture references are indicated by chapter and verse only There must be constant reference to the Scriptures themselves **Great Doctrines of the Bible (Three Volumes in**

Dr. Ethel L. Williams,2023-04-27 For generations many questions concerning life has eluded mankind People have contemplated many of these questions and speculated on the true answers Two questions that no matter where you originate from or live on this planet are by far the most intriguing to answer The existence of a being with supernatural powers and the meaning of life are not the simplest questions to answer Neither can be explained scientifically with a true answer Many people believe that we mankind are the creation of God a supernatural entity that has an intelligent purpose in creating us That intelligent purpose is the meaning of life If God exists and has an intelligent purpose in creating us do we really know what this purpose is And if so do we find it meaningful in our lives On the other hand if God doesn t exist the meaning of life can only be meaningless Considering there have been endless numbers of wars crimes discriminations mistreatment

accidents diseases and numerous other misfortunes that have affected human life we naturally ask Why do these things happen And if God exists why would he let them happen A compelling thought to contemplate A true answer about God and life is presented in the information provided throughout this book The existence of God and his purpose in creating mankind is a true value for you to know This book will guide you to the meaning of life and an understanding to your purpose as God s creation
