**Fiction, Crime, and Empire** Jon Thompson, 1993 Reading fiction from high and low culture together Fiction Crime and Empire skillfully sheds light on how crime fiction responded to the British and American experiences of empire and how forms such as the detective novel spy thrillers and conspiracy fiction articulate powerful cultural responses to imperialism Poe s Dupin stories for example are seen as embodying a highly critical vision of the social forces that were then transforming the United States into a modern democratic industrialized nation a century later Le Carr employs the conventions of espionage fiction to critique the exhausted and morally compromised values of British imperialism By exploring these works through the organizing figure of crime during and after the age of high imperialism Thompson challenges and modifies commonplace definitions of modernism postmodernism and popular or mass culture
