Great Imposter The Rascal The Road:

Can I See Your I.D.?: True Stories of False Identities Chris Barton, 2011-04-14 True crime desperation fraud and adventure From the impoverished young woman who enchanted nineteenth century British society as a faux Asian princess to the sixteen year old boy who stole a subway train in 1993 to the lonely but clever Frank Abagnale of Catch Me if You Can fame these ten vignettes offer riveting insight into mind blowing masquerades Graphic panels draw you into the exploits of these pretenders and meticulously researched details keep you on the edge of your seat Each scene is presented in the second person a unique point of view that literally places you inside the faker s mind With motivations that include survival delusion and plain old fashioned greed the psychology of deception has never been so fascinating or so close at hand

American Book Publishing Record ,1985 **American Best Sellers** Karen Hinckley, Barbara Hinckley, 1989 Lists and analyzes the best selling hard cover fiction from 1965 1985 **Canadiana** ,1968 **A World of Strangers** Lyn H. Lofland, 1985 In traditional human societies the stranger was a threat to be disarmed at once by an act of force or by a ritual of hospitality Under no conditions could a stranger be ignored or taken for granted Yet in all great cities today human beings seem to live out their entire lives in a world of strangers How did it become possible for millions of people to do this How is city life possible The unique value of A World of Strangers lies in Loflands expert use of rich historical and anthropological sources to answer these questions She demonstrates that a potentially chaotic and meaningless world of strangers was transformed into a knowable and predictable world of strangers by the same mechanism humans always use to make their world livable it was ordered Lofland offers a brilliant analysis of the various devices used at different times in history to create social and psychological order in cities concluding with an analysis of the contemporary city in which the location of the encounter between strangers has come to replace personal appearance as a means of evaluating others Lofland also describes how city people initially learn and then act upon the ordering principles dominant in their society A World of Strangers is a wonderfully wise and readable account of how we have come to live as we do Paperbound Books in Print ,1968 *The New York Times Book Review* ,1966 **Antiquarian Bookman** ,1967 Adult Subject Catalog Orange County Public Library (Calif.), 1971 **Identity Theft in Today's World** Megan McNally, 2011-11-16 This book accurately identifies the various forms of identity theft in simple easy to understand terms exposes exaggerated and erroneous information and explains how everyone can take action to protect themselves Identity theft is a classic crime with a modern and perhaps decidedly American twist The rise of technology over the past few decades and its influence on the processes of modernization and globalization has created many new opportunities for identity theft both locally and internationally Moreover this process has transformed the nature of identity from something largely personal to something almost purely financial Although identity theft is not a global crime per se it does pose a pervasive and universal threat that will need to be acknowledged and addressed by many nations throughout the world In this text author Megan McNally examines the concept

of identity theft in universal terms in order to understand what it is how it is accomplished and what the nations of the world can do individually or collectively to prevent it or respond to it **AB Bookman's Weekly** ,1994 **Hancer's Price Guide to Paperback Books** Kevin Hancer,1990 A reference guide to the prices of paperback collectible books and a bibliography of paperback imprints Lists all mass market paperbacks published in the United States between 1939 and 1959 some publishers are listed through 1965 Includes selected Canadian pre 1939 and post 1959 books based on collector interest Lists over 30 000 entries under their imprint names and imprint code numbers Book Review Index ,1985 Every 3rd issue is a quarterly cumulation *The Writers Directory* ,1976 **American Book Publishing Record Cumulative, 1950-1977: Title index** R.R.
