The Great Moonshine Conspiracy Trial of 1935 T. Keister Greer, 2003      **Franklin County's Famous 1935 Moonshine Conspiracy Trial** Beverly Merritt, 2016-08-23 The U S Government's actual transcripts of the 1935 Franklin County Moonshine Conspiracy Trial were accidentally destroyed by nature several years months after the trial had concluded Transcripts of the government's Grand Jury testimony were not lost The only written records that still exist are those written by reporters from Franklin County's nearby daily newspapers Each story appearing in The Roanoke Times along with the story's headlines were retyped for this publication      **Lawless** Matt Bondurant, 2012-09-11 With a Foreword by Director John Hillcoat Based on the true story of Matt Bondurant's grandfather and two granduncles Lawless is a gripping tale of brotherhood greed and murder The Bondurant Boys were a notorious gang of roughnecks and moonshiners who ran liquor through Franklin County Virginia during Prohibition and in the years after When Sherwood Anderson the journalist and author of Winesburg Ohio was covering a story there he christened it the wettest county in the world Anderson finds himself driving along dusty red roads piecing together the clues linking the brothers to The Great Franklin County Moonshine Conspiracy and breaking open the silence that shrouds Franklin County In vivid muscular prose Matt Bondurant brings these men their dark deeds their long silences their deep desires to life His understanding of the passion violence and desperation at the center of this world is both heartbreaking and magnificent      The Old German Baptist Brethren Charles D. Thompson Jr., 2010-10-01 Since arriving nearly 250 years ago in Franklin County Virginia German Baptists have maintained their faith and farms by relying on their tightly knit community for spiritual and economic support Today with their land and livelihoods threatened by the encroachment of neighboring communities the construction of a new highway and competition from corporate megafarms the German Baptists find themselves forced to adjust Charles D Thompson Jr's The Old German Baptist Brethren combines oral history with ethnography and archival research as well as his own family ties to the Franklin County community to tell the story of the Brethren's faith on the cusp of impending change The book traces the transformation of their operations from frontier subsistence farms to cash based enterprises connecting this with the wider confluence of agriculture and faith in colonial America Using extensive interviews Thompson looks behind the scenes at how individuals interpret their own futures in farming their hope for their faith and how the failure of religiously motivated agriculture figures in the larger story of the American farmer      *The King Of California* Mark Arax, Rick Wartzman, 2005-02-16 The fascinating story of a cotton magnate whose voracious appetite for land drove him to create the first big agricultural empire of the Central Valley of California and shaped the landscape for decades to come J G Boswell was the biggest farmer in America He built a secret empire while thumbing his nose at nature politicians labor unions and every journalist who ever tried to lift the veil on the ultimate factory in the fields The King of California is the previously untold account of how a Georgia slave owning family migrated to California in the early 1920s drained one of America's biggest lakes in an act of

incredible hubris and carved out the richest cotton empire in the world Indeed the sophistication of Boswell s agricultural operation from lab to field to gin is unrivaled anywhere Much more than a business story this is a sweeping social history that details the saga of cotton growers who were chased from the South by the boll weevil and brought their black farmhands to California It is a gripping read with cameos by a cast of famous characters from Cecil B DeMille to Cesar Chavez

**Moonshine** Kevin R. Kosar, 2017-04-15 You might think moonshine only comes from ramshackle stills hidden away in the Appalachian Mountains but the fact of the matter is we've been improvising spirits all around the world for centuries No matter where you go there is a local bootleg liquor whether it's bathtub gin, peatreeek or hjemmebrent In this book Kevin R. Kosar tells the colorful and at times blinding history of moonshine a history that's always been about the people from crusading lawmen and clever tinkers to sly smugglers and ruthless gangsters from pontificating poets and mountain men to beleaguered day laborers and foolhardy frat boys Kosar first surveys all the things we've made moonshine from including grapes grains sugar tree bark horse milk and much more But despite the diversity of its possible ingredients all moonshine has two characteristics it is extremely alcoholic and it is in most places illegal Indeed the history of DIY distilling is a history of criminality and the human ingenuity that has prevailed out of officials' sights from cleverly designed stills to the secret smuggling operations that got the goods to market Kosar also highlights the dark side completely unregulated many moonshines are downright toxic and dangerous to drink Spanning the centuries and the globe this entertaining book will appeal to any food and drink lover who enjoys a little mischief
