The Leadership Wisdom of Solomon Pat Williams, Jim Denney, 2010 King Solomon transformed the tiny tribal nation of Israel into an economic and military superpower His brilliance as an international financier made Israel the wealthiest nation of the ancient world He led Israel into its Golden Age And he did it with integrity King Solomon left us twenty eight profound leadership strategies as valid today as when the proverbs were written The same extraordinary

wisdom that transformed Solomon's world can revolutionize every aspect of leadership for any CEO, manager, pastor, coach, military strategist, or government leader. In *The Leadership Wisdom of Solomon*, Pat Williams, senior vice president of the NBA's Orlando Magic, applies Solomon's ancient insights to the high-speed world in which we live. The study sections promote discussion and prompt immediate action. **Servant Leadership** Dirk van Dierendonck, Kathleen Patterson, 2010-10-13

Servant leadership may be the answer to the current demand for a more ethical, people-centred leadership where humility, servitude, and contribution are key elements. The purpose of this book is to provide an overview of current thinking and empirical research of the determinants underlying processes and consequences of servant leadership. **Industry 4.0 and the Digital Transformation of International Business** Gurinder Singh, Richa Goel, Vikas Garg, 2023-03-01

The book throws light on the ongoing trends in international business integration of information technology with global businesses, its role in value co-creation, resource integration, and service for service exchange. While discussing the issues of these areas, chapters of this book also delve into prevalent problematic areas which are closely related like employment, ethical aspects, power creation, and so on. Recognizing the role digitization and new technologies play in enabling global managers to communicate with outside world directly via digital channels irrespective of their location, which is especially true in time of COVID-19, the book takes an emerging economy perspective and throws light on new theories, perceptions, employment opportunities, and innovative ideas through its content. The book not only discusses effects of information technology but also the latest emerging technology in global business like use of artificial intelligence, robotics, machine learning, big data, and their integration with the global business 4.0. Since emergence of these new technologies requires proper infrastructural development, the book also throws light on government initiatives and CSR in this respect. It contains takeaways for both undergraduate and graduate students, researchers, and academicians, industry watchers, practitioners, start-ups, and entrepreneurs.

Monday Motivation Aaron P. Mikulsky, 2022-07-09

Shortly after joining a new company, Aaron began writing weekly emails to his team. On Monday, July 21, 2014, he sent his first Monday MO. It was short: Care more than others think is wise. Risk more than others think is safe. Dream more than others think is practical. Expect more than others think is possible. Set excellence as your standard. Aaron received tremendous feedback that these weekly Monday MOs or Monday Motivations were valuable. People craved someone who cared about them personally, acknowledged them, and respected them. They wanted to authentically be encouraged to learn, grow, improve, and be supported. People desperately longed for a jolt of positivity and motivation each week. Time progressed, and the influence of the Monday MO grew. Colleagues outside of Aaron's organization wanted to be included in his distribution. He was also asked to include spouses, parents, children, and friends. MOs were forwarded to others outside of the company who then asked to be included. The audience soon became quite large and diverse. The Monday MOs were based on topics relevant to the times, something Aaron may have recently read or on a subject matter someone wanted him to write about. He selected the ones that have stood out the most and has organized

them by theme The final product is the book before you Unlike many books that are meant to be read from start to finish this book may be read in any order Pick a topic and read as many as you find beneficial Some may resonate more than others but the hope is that you find many that interest and inspire you This book is for you if you are a curious person who wishes to stretch your mind and get exposure to new perspectives Now go read a MO Critical-Care Nurses' Perceived Leadership Practices, Organizational Commitment, and Job Satisfaction Ngozi I.
