Studying Chess Made Easy Andrew Soltis, 2030-01-01 It's a fact of chess life that if you want to win you have to put a bit of study in Every chess player from near beginner to experienced tournament player needs to learn the openings and keep on top of current theory But studying doesn't have to be dull This indispensable book contains foolproof ways to help the information go in and stay in Acclaimed chess author Andrew Soltis reveals the key techniques Why you can't study chess the same way you study school subjects How to acquire the most important knowledge intuition The role of memorizing it's not a bad thing despite what people say How to get the most out of playing over a master's game Adopting a chess hero as a means of learning How great players study Computers as a study tool How to train someone else 100

Soviet Chess Miniatures P. H. Clarke, 2000-01-01 Tactics audacity and speed are the hallmarks of miniature chess games played in 25 moves or less Learn from 100 games played by Soviet chess masters 99 chess diagrams

*How to Improve Your Chess (Primary)* Horowitz, Fred Reinfeld, 1972-03 Devoted to the player who already knows the rudiments of the game and wants to become more proficient this book helps to tighten the game to the point where one can take genuine pride and pleasure in it An excellent introduction to the mysteries and pleasures of the game Chicago Sunday Tribune Lightning Print On Demand Title

*Deadline Grandmaster* Andrew Soltis, 2024-08-15 This is the autobiography of chess grandmaster and journalist Andy Soltis one of the very few grandmasters who had a professional career outside of the game and a prolific author of chess related nonfiction It describes how chess and journalism fought for his time for more than 50 years and how

he managed to score coups and make blunders in each field Among his distinctions He is the only person who has both interviewed Donald Trump and played chess with and nearly beat Bobby Fischer      **Chess** László Polgár,2013-12-16 Win at chess with practical instruction from one of the world s leading teachers With clever strategies for more than 5000 situations and clear diagrams Chess is for the enthusiastic novice as well as the competitor taking the game to the next level Chess takes you through more than 5 000 unique instructional situations many taken from actual matches including 306 problems for checkmate in one move 3 412 mates in two moves 744 mates in three moves 144 simple endgames and 128 tournament game combinations Organized by problem type each combination or game is keyed to an easy to follow solution at the back of the book More than 6 000 illustrations make it easy to see the possibilities regardless of where your pieces are on the board The book also includes the basic rules of the game and an international bibliography Chess is the ultimate book on winning the game      **Sunrise In The Bronx** David MacEnulty,2024-10-15 David MacEnulty dared to dream big In the 1990 s despite the many skeptics and the scarcity of resources he became a pioneer of chess in the public schools of the Bronx The obstacles were formidable poverty crime racism and ignorance Yet with unwavering dedication MacEnulty and his students defied all expectations In Sunrise in the Bronx MacEnulty describes his transformative journey from fumbling substitute teacher to legendary chess coach While gradually building a team of administrators parents and benefactors he guides his students through not only the rules of chess but also the invaluable lessons of resilience and determination Along the way he establishes the importance of principles planning and practice stressing the need to believe in one s own potential He demonstrates how each move each match can be seen a metaphor for life itself MacEnulty teaches and sometimes learns from the students themselves that success is not just about winning games and tournaments but about a personal journey of self discovery and growth Over the years MacEnulty s chess teams win countless local regional and national championships all while earning the respect of peers and mentors alike These accomplishments capture not only the attention of their school and chess communities but that of the nation as well They soon find themselves invited to dinner at the White House where they are celebrated as symbols of hope and inspiration for all Even in the wake of such achievement however the true measure of success for MacEnulty and his students lies not with the honors titles and trophies they win but in the lives they touch and the futures they forge together A testament to the transformative power of true dedication Sunrise in the Bronx celebrates the strength of the human spirit and the enduring impact of integrity teamwork and effort in the face of adversity Throughout this remarkable journey David MacEnulty and his students remind us that with dedication and faith every sunrise brings the promise of a brighter future      **The Art of Chess** James Mason,2012-06-19 This is a completely unabridged reprinting of the last revised edition of the most famous general study of chess ever written Prepared by an early twentieth century master it was designed to teach the beginner and the intermediate player just about everything he needed to know about openings middle game and end game It has never been superseded as the most practical and easily followed book of its

sort It is unusual in presenting both ideas and actual moves taken from master play in the most easily assimilated form Revised and brought up to date by Fred Reinfeld and Sidney Bernstein this book explains and makes easy for you more than 90 different openings ranging from the classical Ruy Lopez up to the work of Alekhine Reti Nimzovich and others Combinations are analyzed and presented so clearly yet without sacrificing depth that you will soon find yourself seeing moves ahead more clearly than you did before You will learn how to plan your game with a purpose how to attack sacrifice defend exchange and govern your general strategy Endings are also thoroughly covered All in all there is not an aspect of practical chess that is not treated and there is hardly a player living below the rank of grandmaster who could not profit from Mason's work If you follow Mason's exposition thoroughly you will probably obtain as much knowledge of chess as you could short of making chess a full time study for years Bound in with Mason's Art of Chess is an entirely new booklet by Fred Reinfeld How Do You Play Chess In this booklet Mr Reinfeld uses lively questions and answers to tell novices of the basic fundamentals of the game

**Chess**, 1981      Chess Life, 2002      **The Immortal Game** David Shenk, 2007-09-04 A fresh engaging look at how 32 carved pieces on a Chess board forever changed our understanding of war art science and the human brain Chess is the most enduring and universal game in history Here bestselling author David Shenk chronicles its intriguing saga from ancient Persia to medieval Europe to the dens of Benjamin Franklin and Norman Schwarzkopf Along the way he examines a single legendary game that took place in London in 1851 between two masters of the time and relays his own attempts to become as skilled as his Polish ancestor Samuel Rosenthal a nineteenth century champion With its blend of cultural history and Shenk's lively personal narrative The Immortal Game is a compelling guide for novices and aficionados alike

*The British Library General Catalogue of Printed Books to 1975* British Library, 1977      Become a Chess Assassin! Michael Tam, 2024-11-11 This book is a celebration of the Romantic style of chess It is for people who love early aggressive attacks who enjoy playing gambits who are thrilled by daring piece sacrifices or are curious to know more Chess has and always has been a form of art and human expression In that vein being a Chess Assassin is one of the best ways to play chess There is something compelling in mercilessly defeating your opponent in the opening stages of a game especially with a brilliant display of swashbuckling tactics Playing a shocking sacrifice and subverting your opponent's expectations is exhilarating So how does one Become a Chess Assassin We must explore and learn to play the best chess opening attacks This book will teach you how to play some of the most lethal openings in chess using the best and most beautiful exemplar lines from chess history including popular greats such as the Blackburne Shilling Gambit Trap the L gal Trap Fried Liver Attack and the Traxler Counterattack and many more Every chapter includes in depth descriptions of the opening attack or trap with full move by move board diagrams for the entire line No more having to use a physical board with the book or trying to hold multiple positions in your mind's eye The tactics and logic of the trap will be explored including how it could be refuted and the variants of the opening The book is full of funny stories designed to place the chess into a historical context

The people who have played the chess lived the chess in days gone by have woven together the vibrant tapestry of our modern shared community of chess This book hopes to share with you a glimpse of the many narratives of those who have played This book is founded on the philosophical stance that the best chess opening attacks inspire us and capture our imagination They surprise us and delight us They elicit emotions like awe and wonder feelings that we might not have thought possible in simply moving pieces on a square board The best chess opening attacks are evocative And the purpose This book will take you on a journey exploring these marvellous lines so that you ll see chess in a brilliant new light And in doing so that you ll be motivated to play more chess especially creative and exciting chess Foreword by US National Master Bill Wall Probably the most important part of a chess game is the opening The opening in a game of chess is complex and almost infinite It is easy for chess players to fall for chess traps in the opening when they are not so familiar with an opening variation and lose their way Michael Tam has selected some of the best chess opening attacks and traps that inspire and capture the imagination These instructive examples show the beauty in chess combinations and tactics Michael demonstrates and explains many common tactical themes during the opening phase I hope that Michael Tam s work inspires you to play creative chess and perhaps you can use some of his ideas in your own games NM Bill Wall October 2024      **365 Chess Master Lessons** Andrew Soltis,2017-07-13 Increase your chess knowledge within the year In this book Andrew Soltis analyzes 365 key chess games in an easy way for busy people In this book 365 of the most instructive short games of chess are analyzed step by step by well respected author Andrew Soltis Arranged as daily lessons this book is perfect for chess players who would like to reach the next level of skill but can t devote hours and hours each day to study Learn to feel confident with each tactic each game features test yourself quizzes with answers at the back of the book to help cement understanding as well as chess diagrams for those who learn visually Challenging tactics are revisited in later games to help you recognize when they occur and how chess masters use them to their full advantage With this book Andrew encourages you to learn to think like a chess master within the year From Castling to Zugzwang learn something new everyday      *The Publishers' Trade List Annual* ,1887      *Paperbound Books in Print* ,1968
