Great Eagle Small One:

Return of the Raven Sue Coleman, 2013-07 It is the year 2000 and something and the world is not what it was 500 years ago when Eagles and Ravens were revered Time and modern science has changed the people of the West Coast They no longer believe in the animal spirits and they no longer believe their own legends the stories are forgotten the young people no longer look up to the Raven the bringer of the light the transformer the trickster the creator Those days are gone In today's world creation is in the hands of machines computers are the transformers the government is the trickster and a man called Thomas Edison was the bringer of the light Then a Raven saved a frog from certain death by covering him with a maple leaf He did the first transformation in over 500 years and the spirits flowed again The trouble was he had no idea how he had done it

Appalachia Stacy Sivinski, 2025-09-02 While taking a graduate course in Appalachian literature at the University of Tennessee Stacy Sivinski was surprised to discover that much of the folklore she had heard while growing up in Schuyler Virginia was rarely represented in popular published collections In particular they lacked the strong female heroines she had come to know and most anthologies were full of Jack Tales stories that focus on the adventures of the character from Jack and the Beanstalk Feminist critics have long discussed the gender inequalities and stereotypes that fairy tales often promote With *Fairy Tales of Appalachia* Sivinski asks whether such conclusions are inevitable and invites a fresh analysis of these regional tales with a contemporary sense of wonder These tales carefully and thoughtfully transcribed by Sivinski have been passed down through Appalachia's oral histories over decades and even centuries This wonderful selection was mainly drawn from the Archives of Appalachia at East Tennessee State University and special collections at Berea College Drawing on the work of other regional archivists and folklorists Sivinski grapples with issues of gender balance in Appalachian storytelling The problem Sivinski posits does not rest with the fairy tale genre itself but in the canonization process in which women's contributions have been diminished as oral traditions become transcribed Appalachian women have historically demonstrated resilience wit and adaptability and it is time that more collections of regional folklore reorient themselves to
