Great Exhibition:

The Great Exhibition of 1851 Louise Purbrick, 2001 The Great Exhibition of 1851 has become a touchstone for the nineteenth century The Crystal Palace produced a commodity world an imperial spectacle a picture of capitalism a liberal dream a vision of modern life Historians have saturated the Great Exhibition with meanings This collection of essays exposes how meaning has been produced around the Great Exhibition It contains a series of critical readings of the official and popular historical record of the Exhibition Critics and historians of art culture design and literature have been brought together to examine the objects the images the documents and the fictions of 1851 Their essays explore the determined use of industrial knowledge the contested definitions of nation and colony and the actual control of the space of the Crystal Palace after the Great Exhibition closed The Great Exhibition of 1851 presents new interpretations of one of the most significant exhibitions in the nineteenth century and will be essential reading for anyone studying cultural history design history art history and literature

The Great Exhibition of 1851 Jeffrey A. Auerbach, 1999-01-01 The book challenges the common view that the Exhibition symbolized peace progress prosperity and the emergence of an industrial middle class Auerbach suggests instead that the Great Exhibition became a cultural battlefield on which proponents of different visions of industrialization modernization and internationalism fought for ascendancy in the struggle for a new national identity

What Makes a Great Exhibition? Paula Marincola, 2007-02-16 For better or worse museums are changing from forbidding bastions of rare art into audience friendly institutions that often specialize in blockbuster exhibitions designed to draw crowds But in the midst of this sea change one largely unanswered question stands out What makes a great exhibition Some of the world's leading curators and art historians try to answer this question here as they examine the elements of a museum exhibition from every angle What Makes a Great Exhibition investigates the challenges facing American and European contemporary

art in particular exploring such issues as group exhibitions video and craft and the ways that architecture influences the nature of the exhibitions under its roof The distinguished contributors address diverse topics including Studio Museum in Harlem director Thelma Golden s examination of ethnically focused exhibitions and Robert Storr director of the 2007 Venice Biennale and formerly of the Museum of Modern Art on the meaning of exhibition and exhibitionmaker A thought provoking volume on the practice of curatorial work and the mission of modern museums What Makes A Great Exhibition will be indispensable reading for all art professionals and scholars working today *The Great Exhibition* John R. Davis,1999 The Great Exhibition of 1851 was the world s first international exposition of manufactured goods inventions works of art and artefacts from many cultures A showcase of British manufacturing supremacy an educational extravaganza a lesson to foreigners and a deep source of public fascination the Exhibition was closely connected with Queen Victoria s consort Prince Albert who put much effort into having it sited in Hyde Park against stiff opposition Protesters feared the disappearance of the park under tons of bricks and mortar but when the great structure was eventually chosen and built it silenced dissenters and became the most famous new building in the world **Record of the Great Exhibition 1862** Weltausstellung (1862, London),1862 **Official Descriptive and Illustrated Catalogue of the Great Exhibition of the Works of Industry of All Nations, 1851** Great Exhibition 1851, London,1851 *The Great Exhibition, 1851* Yvonne Ffrench,1950 **The Great Exhibition, 1851** Jonathon Shears,2017-05-31 The Great Exhibition 1851 A Sourcebook is the first anthology of its kind It presents a comprehensive array of carefully selected primary documents sourced from the period before during and after the Exhibition in Hyde Park in 1851 Drawing on contemporary newspapers and periodicals the archives of the Royal Commission diaries journals celebratory poems and essays many of these documents are reproduced in their entirety and in the same place for the first time The book provides an unparalleled resource for teachers and students of the Exhibition and a starting point for researchers new to the subject Subdivided into six chapters Origins and organisation Display Nation empire and ethnicity Gender Class and Afterlives it represents the current scholarly debates about the Exhibition orientating readers with helpful critically informed introductions What was the Great Exhibition and what did it mean Readers of The Great Exhibition 1851 A Sourcebook will take great pleasure in finding out *The Great Exhibition of 1851* Jeffrey A. Auerbach,1999-01-01 The book challenges the common view that the Exhibition symbolized peace progress prosperity and the emergence of an industrial middle class Auerbach suggests instead that the Great Exhibition became a cultural battlefield on which proponents of different visions of industrialization modernization and internationalism fought for ascendancy in the struggle for a new national identity **BOOK JACKET Official descriptive and illustrated Catalogue of the great Exhibition of the Works of Industry of all Nations ,1851** *The Great Exhibition Vol 3* Geoffrey Cantor,2021-12-24 The Great Exhibition of 1851 was the outstanding public event of the Victorian era Housed in Joseph Paxton s Crystal Palace it presented a vast array of objects technologies and works of art from around the world The sources

in this edition provide a depth of context for study into the Exhibition **Aguide to the Great Exhibition ,1851 The Year-book of Facts in the Great Exhibition of 1851** John Timbs,1851 Describes the origin and progress of the Great Exhibition of 1851 including the French national expositions from 1797 to 1849 the origin and construction of the Crystal Palace the lay out of the exhibits and the objects exhibited There is also a description of the close of the exhibition The appendix contains a list of the medal winners tables of the daily number of visitors to the exhibition including the amount of money received at the doors on each day and a financial statement of the proceeds and expenditure of the exhibition Finally a statistical note on the official catalogue is quoted from The Edinburgh review Includes index *The Crystal Palace and the Great Exhibition* Hermione Hobhouse,2002-03-05 The Great Exhibition of 1851 and the Crystal Palace which housed it together became a British icon a symbol of free trade and a national success funded not only by taxes but by public subscription Though the Palace itself was banished to Sydenham to leave Hyde Park free for Londoners the Commission was re invented under Prince Albert to spend the profits for the advancement of British industry The Commissioners first established South Kensington with its Museums and Colleges of Art and Science the Albert Hall and the Royal College of Music and then moved into the training of scientists and artists They assisted in the expansion of the British School at Rome and for over a century 1851 Scholars have been contributing to British scientific discoveries This book celebrates 150 years of the Commission s work fired by the application of art and science to productive industry a story of some success and permanent record yet a pilgrimage not without its episodes of dissension and controversy Religion and the Great Exhibition of 1851 Geoffrey Cantor,2011-02-24 The Great Exhibition of 1851 is routinely portrayed as a manifestly secular event which was confined to celebrating the success of science technology and manufacturing in the mid Victorian age Geoffrey Cantor presents an innovative reappraisal of the Exhibition demonstrating that it was widely understood by contemporaries to possess a religious dimension and that it generated controversy among religious groups Prince Albert bestowed legitimacy on the Exhibition by proclaiming it to be a display of divine providence whilst others interpreted it as a sign of the coming Apocalypse With anti Catholic feeling running high following the recent papal aggression many Protestants roundly condemned those exhibits associated with Catholicism and some even denounced the Exhibition as a Papist plot Catholics for their part criticized the Exhibition as a further example of religious repression Several evangelical religious organisations energetically rose to the occasion considering the Exhibition to be a divinely ordained opportunity to make converts especially among heathens and foreigners Jews generally welcomed the Exhibition as did Unitarians Quakers Congregationalists and a wide spectrum of Anglicans but all for different reasons Cantor explores this diversity of perception through contemporary sermons and most importantly the highly differentiated religious press Taken all together these religious responses to the Exhibition shed fresh light on a crucial mid century event **The Great Exhibition of the World's Industry Held in London in 1851: Described and Illustrated by ...
