Great Latke Hamantash Debate:

The Great Latke-Hamantash Debate Ruth Fredman Cernea, 2006 Presenting a collection of the funniest most thought provoking writing produced for the University of Chicago's annual academic farce where Nobel laureates debate whether the potato pancake or the triangular Purim pastry is the worthier food **The Great Latke-Hamantash Debate** Ruth Fredman Cernea, 2006-12 What began as an informal gathering is now an institution that has been replicated on campuses nationwide Highly absurd yet deeply serious the annual debate is an opportunity for both ethnic celebration and academic farce In poetry essays jokes and revisionist histories members of elite American academies attack the latke versus hamantash question with intellectual panache and an unerring sense of humor if not chutzpah The Great Latke Hamantash Debate is the first collection of the best of these performances from Martha Nussbaum's paean to both foods in the style of Hecuba's Lament to Nobel laureate Leon Lederman's proclamation on the union of the celebrated dyad The latke and the hamantash are here revealed as playing a critical role in everything from Chinese history to the Renaissance the works of Jane Austen to constitutional law **BOOK JACKET**

Bronner, 2014-01-01 Modernity offers people choices about who they want to be and how they want to appear to others The way in which Jews choose to frame their identity establishes the dynamic of their social relations with other Jews and non Jews a dynamic complicated by how non Jews position the boundaries around what and who they define as Jewish This book uncovers these processes historically as well as in contemporary behavior and finds explanations for the various manifestations in feeling and action of being Jewish Boundaries and borders raise fundamental questions about the difference between Jews and non Jews At root the question is how Jewish is understood in social situations where people recognize or construct boundaries between their own identity and those of others The question is important because this is by definition the point at which the lines of demarcation between Jews and non Jews and between different groupings of Jews are negotiated Collectively the contributors to the book expand our understanding of the social dynamics of framing Jewish identity The book opens with an introduction that locates the issues raised by the contributors in terms of the scholarly traditions from which they have evolved Part I presents four essays dealing with the construction and maintenance of boundaries two by scholars showing how boundaries come to be etched on an ethnic landscape and two by activists who question and adjust distinctions among neighbors Part II focuses on expressive means of conveying identity and memory while in Part III the discussion turns to museum exhibitions and festive performances as locations for the negotiation of identity in the public sphere A lively discussion forum concludes the book with a consideration of the paradoxes of Jewish heritage revival in Poland and the perception of that revival by Jews and non Jews **Almost Englishmen** Ruth Fredman Cernea, 2007-01-01 Before the Second World War two golden promised lands beckoned the thousands of Baghdadi Jews who lived in Southeast Asia the British Empire on which the sun never set and the promised land of their religious tradition Jerusalem Almost Englishmen studies the less well known of these destinations The book combines history and cultural studies to look into a significant yet relatively unknown period analyzing to full effect the way Anglo culture transformed the immigrant Baghdadi Jews England's influence was pervasive and persuasive like other minorities in the complex society that

was British India the Baghdadis gradually refashioned their ideology and aspirations on the British model The Jewish experience in the lush land of Burma with its lifestyles its educational system and its internal tensions is emblematic of the experience of the extended Baghdadi community whether in Bombay Calcutta Shanghai Singapore or other ports and towns throughout Southeast Asia It also suggests the experience of the Anglo Indian and similar European populations that shared their streets as well as the classrooms of the missionary societies schools This contented life amidst golden pagodas ended abruptly with the Japanese invasion of Burma and a horrific trek to safety in India and could not be restored after the war Employing first person testimonies and recovered documents this study illuminates this little known period in imperial and Jewish histories

Rabbi Dalia Marx's book offers a vade mecum for human flourishing. Her expansive compendium opens horizons on Israeli Jewish cultures and religious expressions and takes readers beyond that world. *From Time to Time* is an evocative read, a splendid resource and a powerful reminder that the diverse ways in which humans ritualize our longings and seek meaning connect us across boundaries of difference. Sr. Mary C. Boys, Professor, Union Theological Seminary. This book is a delightful and insightful road map for Jewish time travel, helping modern readers navigate the deeper meanings of each moment and season on the Jewish calendar. Rabbi Marx makes sacred time accessible and exciting through a fusion of historical clarity, cultural diversity, and contemporary relevance, revealing the essence of our ever-evolving traditions. Rabbi Amichai Lau-Lavie, Founding Spiritual Leader, Lab Shul. If, as Rabbi Heschel once said, our Sabbaths are cathedrals in time, Rabbi Dalia Marx has constructed a wonderland of the entire Jewish calendar. Her poetic imagination ranges across text and time, from Israel to Diaspora, across gender and geography, and liturgy. This gorgeous book will be indispensable for those trying to find their way through the Jewish calendar and also for those who may already live the Jewish calendar yet seek to find themselves more deeply within it. Dahlia Lithwick, Senior Editor, Slate. The book's intellectual depth is balanced by an accessible writing style that successfully engages lay readers with applications to contemporary life, including prayers for schoolchildren and families. This emphasis on accessibility is reflected in the book's ample appendices, which include a glossary and a diagram of the Hebrew calendar year. While Marx's perceptive analysis is the star, this book is also a visually stunning volume full of text boxes, vignettes, gorgeous illuminations, and other decorative flairs, as well as frequent parallel texts juxtaposing Hebrew scripture with English translations. This work is a welcome reminder of King David's adage to count our days rightly that we may obtain a wise heart. A brilliant introduction to the Jewish calendar that's both visually and intellectually striking. Kirkus Reviews. **The Journal of Jewish Studies**, 2007. **The Literary Review**, 2005. **The Big Book of Jewish Humor**. William Novak, Moshe Waldoks, 2006-10-31. Two rival businessmen meet in the Warsaw train station. Where are you going, says the first man. To Minsk, says the second. To Minsk, eh? What a nerve you have! I know you're telling me you're going to Minsk because you want me to think that you're really going to Pinsk. But it so happens that I know you really are going to Minsk. So why are you lying to me? Four men are walking in the desert. The German says, I'm tired and thirsty. I must have a beer. The Italian says, I'm tired and thirsty. I must have wine. The Mexican says, I'm tired and thirsty. I must have tequila. The Jew says, I'm tired and thirsty. I must have diabetes. **Jewish Book World**, 2006.
