played a trick on him and then he looked again Gradually the entire valley below came into focus as if he possessed the sight of a dragon He could clearly see every farm down to the trees planted in the orchards He stepped back and his eyes went to the golden throne elevated above the pool of water One could sit upon the throne and look into the water surveying the land below He walked over to admire its workmanship Gently his long thin fingers touched the markings etched into its massive arms the same mysterious symbols that covered Stonecaverns walls The embedded gems sparkled in the fire light invitingly He stepped onto the stone platform and sat down It fit him perfectly Rubbing his hands over the arm rests he marveled at how seamlessly his gems blended into the gold Master craftsmanship or dragon power Either way he felt an unequalled power of transformation radiate from the magnificent piece Could he use this power to transform his thoughts to his evil intent
