Oscar Sanchez-Sibony

Economic Cold War America Britain And East West Trade 1948 1963:

The Economic Cold War I. Jackson, 2001-03-13 This book provides a new interpretation of the economic dimension of the Cold War It examines Anglo American trade diplomacy towards the Soviet Union and Eastern Europe from the late 1940s to the early 1960s The book which is based on research in American and British archives presents new evidence to suggest that Anglo American relations in East West trade were characterised by friction and conflict as the two countries clashed over divergent commercial and strategic perceptions of the Soviet Union

Economic Statecraft during the Cold War Frank Cain, 2013-04-03 Discussing a rarely researched aspect of the Cold War this volume uses new material to examine how the United States trade embargo on the Soviet Union and communist China severed relationships with Europe particularly focusing on Great Britain In the late 1940s the US government stopped nearly all exports to the entire Sino Soviet bloc in the belief that it would hinder the expansion of Soviet and Chinese military potential To continue receiving the US Marshall Aid European countries had to impose similar bans but were reluctant because their trade links with the USSR and its satellite countries had existed for centuries The US thereafter negotiated with Europe about what to include or exclude from the list of authorised goods severely straining diplomatic relations Economic Statecraft during the Cold War details these negotiations casting new light on the ambivalent US UK relationship and providing insights into the changing emphasis between the Republican and Democrat administrations on the key question of trade embargo by explaining how the firm consistency in the application of the US policy over the succeeding decades of the Cold War was maintained This book will be of much interest to all students and scholars of Cold War history intelligence studies and international history in general

The Encyclopedia of War, 5 Volume Set Gordon Martel, 2012-01-17 This ground breaking 5 volume reference is a comprehensive print and electronic resource covering the history of warfare from ancient times to the present day across the entire globe Arranged in A Z format the Encyclopedia provides an overview of the most important events people and terms associated with warfare from the Punic Wars to the Mongol conquest of China and the War on Terror from the Ottoman Sultan Suleiman the Magnificent to the Soviet Military Commander Georgi Konstantinovich Zhukov and from the crossbow to chemical warfare Individual entries range from 1 000 to 6 000 words with the longer essay style contributions giving a detailed analysis of key developments and ideas Drawing on an experienced and internationally diverse editorial board the Encyclopedia is the first to offer readers at all levels an extensive reference work based on the best and most recent scholarly research The online platform further provides interactive cross referencing links and powerful searching and browsing capabilities within the work and across Wiley Blackwell s comprehensive online reference collection Learn more at www.encyclopediaofwar.com Selected by Choice as a 2013 Outstanding Academic Title Recipient of a 2012 PROSE Award honorable mention

[The Eden-Eisenhower Correspondence, 1955-1957](#) Peter G. Boyle, 2006-03-13 The personal correspondence between President Dwight D Eisenhower and Prime Minister Anthony Eden during the time they were

simultaneously in office tells the dramatic story of a relationship that began with great promise but ended in division and estrangement. Many of the letters have only recently been declassified making it possible for the first time to publish this unique historic collection in its entirety. Peter G. Boyle's introduction, annotations and conclusion provide context for the letters, details about the personalities and careers of Eden and Eisenhower and major issues that influenced the Anglo-American relationship up to 1955 such as relations with the Soviet Union, nuclear concerns, colonialism, the Middle and Far East, economic issues and intelligence matters. The letters themselves offer an intimate look into the special connection between Britain and the United States through the often eloquent words of their leaders. They offer particular insight into the Suez Crisis of 1956 when Eden's and Eisenhower's views greatly diverged over the use of force to resolve the situation. Their personal relationship cooled from that point on and ended with Eden's resignation in January 1957.

Western Corporations and Covert Operations in the early Cold War Margaret Murányi Manchester, 2024-05-28 This book examines the Vogeler-Sanders espionage case that ruptured ties between the US and UK and Hungary in 1949 and analyses this as an example of Western covert operations in the early Cold War. The work focuses on the 1949 case of ITT in Hungary where two of its executives, the American Robert A. Vogeler and the Briton Edgar Sanders, were arrested by the secret police, tortured, forced to confess, put on a public show trial and found guilty of espionage. This happened at a time that the US and the UK were cooperating in numerous operations to undermine the credibility of the communist regime and to encourage local resistance by all means short of war. Using the case as a lens to examine the dynamics of the early Cold War, the book integrates business history, diplomatic history and intelligence history and thereby traces the impact of the case on Anglo-Hungarian, American-Hungarian and Anglo-American relations during the critical period of 1949-1956. Vogeler's case had a strong impact on the growing criticism of the Truman Administration's containment policies and contributed to the demand for a more activist policy of liberation of captive peoples. His experiences also rallied the business community, especially trade associations such as the National Foreign Trade Council, the US Chamber of Commerce and the National Association of Manufacturers to support the anti-communist crusade both abroad and at home. Vogeler's wife also waged a personal campaign to secure her husband's release and exemplifies the activism of conservative and Catholic women who waged their own anti-communist crusade. The book thus tells the rest of the story, often omitted in traditional works. This book will be of much interest to students of Cold War history, intelligence studies and European political history.

Arms Transfers, Neutrality and Britain's Role in the Cold War Marco Wyss, 2012-10-12 Marco Wyss examines the extensive Anglo-Swiss armaments relationship between 1945 and 1958 in light of their bilateral relations and thereby assesses the role of arms transfers, neutrality and Britain as well as the two countries' relationship during the Cold War.

Reconsidering Stagnation in the Brezhnev Era Dina Fainberg, Artemy M. Kalinovsky, 2016-04-27 This volume contributes to a growing reevaluation of the Brezhnev era, helping to shape a new historiography that gives us a much richer and more nuanced

picture of the time period than the stagnation paradigm usually assigned to the era. The essays provide a multifaceted prism that reveals a dynamic society with a political and intellectual class that remained committed to the ideological foundations of the state, recognized the challenges that the system faced and embarked on a creative search for solutions. The chapters focus on developments in politics, society and culture as well as the state's attempts to lead and initiate change, which are mostly glossed over in the stagnation narrative. The volume challenges the assumption that the period as a whole was characterized by rampant cynicism and a decline of faith in the socialist creed and instead points to the persistence of popular engagement with the socialist ideology and the power it continued to wield within the Soviet Union. Gaps in the

Iron Curtain Gertrude Enderle-Burcel, Piotr Franaszek, Dieter Stiefel, Alice Teichova, 2009. This volume explores relations between socialist planned economies of Central and East European countries and capitalist market economies of neutral states in Europe during the Cold War. It focuses on the significant role of neutral countries as path breakers in building East-West contacts.

A Companion to John F. Kennedy Marc J. Selverstone, 2014-06-03. **A COMPANION TO JOHN F. KENNEDY** Marc J. Selverstone has compiled an indispensable volume of essays on John F. Kennedy and his presidency, written by a stellar cast of scholars. What stands out in sharp relief in this wide-ranging and authoritative book is how consequential were Kennedy's thousand days for the United States and for the world, and how controversial is his legacy. Fredrik Logevall, Stephen and Madeline Anbinder, Professor of History, Cornell University. Marc J. Selverstone has brought together a remarkable group of scholars who illuminate the many important ideas of and events that occurred during this brief administration. This book is the best record of the Kennedy years. Alan Brinkley, Allan Nevins, Professor of American History, Columbia University. This collection of talented scholars and their research and thoughts on John F. Kennedy is an invaluable resource, a deeply informed conversation for the ages. Richard Reeves, writer, syndicated columnist and senior lecturer at the Annenberg School for Communication at the University of Southern California. Alan

S. Milward and Contemporary European History Fernando Guirao, Frances M.B. Lynch, 2015-10-14. Alan S. Milward was a renowned historian of contemporary Europe. In addition to his books as well as articles and chapters in edited books, he also wrote nearly 250 book reviews and review articles, some in French and German, which were published in journals worldwide. Taken together, they reveal a remarkable degree of theoretical consistency in his approach to understanding the history of Europe since the French Revolution. This book brings together these previously unexamined pieces of historical analysis in order to trace and shed light on key intellectual debates taking place in the second half of the 20th century. Many of these discussions continue to influence us today, such as the role of Germany in Europe, the economic, social and political foundations of European integration, the European rescue of the nation-state, the reasons for launching the single currency, the conditions for retaining the allegiance of European citizens to the notions of nation and supra-nation, and ultimately the issue of democratic governance in a global environment. In bringing together these reviews and review articles, the book

provides an introduction to the main scholarly achievements of Milward in his own words Fernando Guirao and Frances M B Lynch provide an introduction to the volume which both guides the reader through many of the academic debates embedded within the text while underlining their contemporary relevance By introducing and bringing together this hitherto overlooked treasure trove of historical analysis this book maps a close itinerary of some of the most salient intellectual debates of the second half of the 20th century and beyond This unique volume will be of great interest to scholars of economic history European history and historiography

Made in China Elizabeth O'Brien Ingleson, 2024-03-19 Elizabeth Ingleson explores the roots of bilateral trade between the United States and China Telling the story of the 1970s US activists and entrepreneurs who pressed for access to China's vast labor market Ingleson shows how not just Chinese reform but also US deindustrialization fueled a dramatic unanticipated shift in global capitalism

Trading with the Enemy Hugo Meijer, 2016-02-02 In light of the intertwining logics of military competition and economic interdependence at play in US China relations Trading with the Enemy examines how the United States has balanced its potentially conflicting national security and economic interests in its relationship with the People's Republic of China PRC To do so Hugo Meijer investigates a strategically sensitive yet under explored facet of US China relations the making of American export control policy on military related technology transfers to China since 1979 Trading with the Enemy is the first monograph on this dimension of the US China relationship in the post Cold War Based on 199 interviews declassified documents and diplomatic cables leaked by Wikileaks two major findings emerge from this book First the US is no longer able to apply a strategy of military technology containment of China in the same way it did with the Soviet Union during the Cold War This is because of the erosion of its capacity to restrict the transfer of military related technology to the PRC Secondly a growing number of actors in Washington have reassessed the nexus between national security and economic interests at stake in the US China relationship by moving beyond the Cold War trade off between the two in order to maintain American military preeminence vis vis its strategic rivals By focusing on how states manage the heterogeneous and potentially competing security and economic interests at stake in a bilateral relationship this book seeks to shed light on the evolving character of interstate rivalry in a globalized economy where rivals in the military realm are also economically interdependent

The Routledge History of U.S. Foreign Relations Tyson Reeder, 2021-12-30 The Routledge History of U S Foreign Relations provides a comprehensive view of U S diplomacy and foreign affairs from the founding to the present With contributions from recognized experts from around the world this volume unveils America's long and complicated history on the world stage It presents the United States evolution from a weak player even a European pawn to a global hegemonic leader over the course of two and a half centuries The contributors offer an expansive vision of U S foreign relations from U S Native American diplomacy in eighteenth and nineteenth centuries to the post 9 11 war on terror They shed new light on well known events and suggest future paths of research and they capture lesser known episodes that invite reconsideration of common

assumptions about America's place in the world. Bringing these discussions to a single forum, the book provides a strong reference source for scholars and students who seek to understand the broad themes and changing approaches to the field. This book will be of interest to students and scholars of U.S. history, political science, international relations, conflict resolution, and public policy amongst other areas. *Global Diplomacy* Thierry Balzacq, Frédéric Charillon, Frédéric Ramel, 2019-11-08

This volume brings together different approaches to diplomacy both as an institution and a practice. The authors examine diplomacy from their own backgrounds and through sociological traditions which shape the study of international relations IR in Francophone countries. The volume's global character articulates the Francophone intellectual concerns with a variety of scholarships on diplomacy providing a first contact with this subfield of IR for students and practitioners. *The Foreign Policy of the Douglas-Home Government* A. Holt, 2014-03-07

This book provides an important study of a short-lived government making foreign policy in the shadow of an impending general election. It considers Britain's relations with the United States, Africa, Asia, and the Middle East. *Palgrave Advances in Cold War History* Geraint Hughes, 2006-05-31

This innovative collection deals with the ideational, cultural, political, and strategic aspects of the multifaceted Cold War. Drawing on the work of numerous established scholars and experts, this volume combines knowledge of the subject with key intellectual trends that have been developed over recent years. **Red Globalization** Oscar Sanchez-Sibony, 2014-03-06

Was the Soviet Union a superpower? Red Globalization is a significant rereading of the Cold War as an economic struggle shaped by the global economy. Oscar Sanchez-Sibony challenges the idea that the Soviet Union represented a parallel socio-economic construct to the liberal world economy. Instead, he shows that the USSR, a middle-income country, more often than not, at the mercy of global economic forces, tracked the same path as other countries in the world, moving from 1930s autarky to the globalizing processes of the postwar period. In examining the constraints and opportunities afforded the Soviets in their engagement of the capitalist world, he questions the very foundations of the Cold War narrative as a contest between superpowers in a bipolar world. Far from an economic force in the world, the Soviets managed only to become dependent providers of energy to the rich world and second-best partners to the global South. *GATT and Global Order in the Postwar Era* Francine McKenzie, 2020-04-09

This history of GATT explains how trade was implicated in foreign policy and international relations and connected to global order. **Reassessing Cold War Europe** Sari Autio-Saraso, Katalin Miklóssy, 2010-10-18

Presents a reassessment of Europe in the Cold War period 1945-91. This book shows that relations between East and West were based not only on confrontation and mutual distrust but also on collaboration. It reveals that there is, in fact, considerable interaction and exchange between states, enterprises, associations, organisations, and individuals. **The Soviet Union and the Construction of the Global Market** Oscar Sanchez-Sibony, 2023-09-14

Oscar Sanchez-Sibony reveals the origins of our current era in the dissolution of the institutions that governed the architecture of energy and finance during the Bretton Woods era. He shows how, in the second half of the 1960s, the Soviet Union sought to

dismantle the compartmentalized nature of Bretton Woods in order to escape its material ostracism and pave a path to global finance and exchange that the United States had vetoed during the 1950s and 1960s Through the construction of a set of pipelines that helped Europe's energy regime change from coal to oil and gas the Soviet Union succeeded in developing market relations and a relationship with Western capital as durable as the pipelines themselves He shows how a history of the development of capitalism needs to integrate the socialist world in bringing about the new form of capitalism that regiments our lives today

Thank you very much for downloading **Economic Cold War America Britain And East West Trade 1948 1963**. Maybe you have knowledge that, people have look numerous times for their chosen readings like this Economic Cold War America Britain And East West Trade 1948 1963, but end up in malicious downloads. Rather than enjoying a good book with a cup of tea in the afternoon, instead they cope with some malicious bugs inside their desktop computer.
