Economic Research On The Determinants Of Immigration Lessons For The European Union:

Economic Research on the Determinants of Immigration George J. Borjas, 1999-01-01 This publication summarizes some of the key research findings from current literature and applies the lessons from it to the potential migration problem faced by countries in the EU Its main objective is to present a review of existing economic theory and empirical evidence to evaluate the likelihood of migration flows from acceding or neighboring countries toward the current EU member states This publication is a Technical Paper sponsored by the Poverty Reduction and Economic Management Network of the World Bank s Europe and Central Asia Division It is part of a comprehensive series regarding the many important factors that influence European Union EU accession in the Central and East European countries CEEC The topics in the series cover both the social and economic aspects of accession across a broad range of sectors The series also provides background information for specific acceding countries These publications will be of interest to EU member and candidate countries their ministries and any one studying the accession issue

Czech Republic , 1999-01-01 At the end of 1995 the Czech Republic was regarded as the clearest success story in the region It had one of the lowest rates of inflation and the lowest rates of unemployment The high GDP growth rate looked sustainable as it was accompanied by a moderate current account deficit balanced fiscal account and seemed to be underpinned by important structural reform The Czech Republic was perceived until 1996 as the most successful transition economy in Central and Eastern Europe CEE The Czech Republic seems to be the clearest success story in the region However the Czech miracle came to a halt in May 1997 Its future economic development and successful integration into the European Union EU depends critically on its capacity to recover a sustainable output growth path To assist the country in achieving its primary goal to join the European Union EU in the shortest period of time this report analyzes economic developments in the Czech Republic since 1997 It focuses on assessing the status of the Czech Republic s economy from the perspective of its pursuit for EU membership The report is composed of two volumes The first volume is the summary report that condenses main findings and conclusions The second volume is the main report It provides the assessment and technical study of selected key sectors of the Czech economy The EU accession process dominates the sector analyses which are outlined in each chapter

Access to Education for the Poor in Europe and Central Asia Nancy Vandycke, 2001-01-01 This paper focuses on the long term benefits of education It also examines the supply of education the short term incentives to invest in education for the poor and draws on the policy implications This paper also stresses the need to study further the determinants of school enrollment among the poor

Pioneers of European Integration Ettore Recchi, Adrian Favell, 2009-01-01 Pioneers of European Integration contributes greatly to European sociology by offering unique quantitative data on the so far uncharted group of intra EU movers Theresa Kuhn European Sociological Review Free movement has become a defining feature of European society This important study answers the question who are these free movers Using both quantitative and qualitative research evidence it brings new perspectives to the sociology of European

migration and integration broadening the analysis from traditional labour migrants to various new kinds of spatial and social mobility in the continent Russell King University of Sussex and Sussex Centre for Migration Research UK The free movement of EU citizens is the most visible sociological consequence of the remarkable process of European integration that has transformed the continent since the Second World War *Pioneers of European Integration* offers the first systematic analysis of the small but symbolically potent number of Europeans who have chosen to live and work as foreigners in another member state of the EU Based on an original survey of 5000 people moving to and from the EU's five largest countries the book documents the demographic profile migration choices cultural adaptation social mobility political participation and media use of these pioneers of a transnational Europe as well as opening a window to the new waves of intra EU East West migrations Students and scholars of sociology political science human geography anthropology migration studies and European studies will all warmly welcome the volume Civil servants and policymakers will also find this book an essential tool in coming to terms with the implications of EU citizenship and the transformative effects of this unprecedented European integration from below

Municipal Solid Waste Incineration T. Rand, J. Haukohl, U. Marxen, 2000-01-01 Ever increasing amounts of solid waste and dwindling space for disposal is a problem reaching crisis level in many of the world's largest urban areas Incineration as an alternative to landfill has come under scrutiny though the capital and operating costs generally exceed those associated

with landfill This report provides background information for the Decision maker guide to municipal solid waste MSW incineration Key criteria for a solid waste incineration scheme are identified and the report gives decision makers information on how to investigate and assess the degree to which they are fulfilled **Roadmap to Bangalore?** Almas Heshmati,Arno Tausch,2007 Looks at the global issues that cause some nations to stagnate while others rush forward

Hungary ,1999-01-01 Published by Oxford University Press for the World Bank Some people may believe that crises are an inevitable feature of the capitalist system Others hold that exchange rate crises will vanish as more and more countries adopt floating exchange rates But some of us believe that crises can be avoided or at least limited by good economic management and that having a reasonable idea of where the equilibrium exchange rate lies is an essential requirement for good macro management John Williamson Chief Economist South Asia Region World Bank Exchange Rate Misalignment provides a comprehensive treatment of the conceptual and empirical issues concerning measuring exchange rate misalignment in developing countries The report hopes to provide policymakers and their advisors with a compendium of practical techniques for estimating equilibrium real exchange rates The book analyzes in detail four methodologies for the empirical estimation of the long run equilibrium real exchange rate The findings of the report include An assessment of alternative empirical measures of the internal and external real exchange rates An up to date survey of the literature on estimating equilibrium exchange rates in both industrial and developing countries A detailed presentation of currently available methodologies for empirically estimating the equilibrium exchange rate in developing countries The analytical depth and practical techniques provided in Exchange Rate Misalignment make this book an invaluable resource for policymakers and foreign exchange specialists in the public and private sector **Accountability and Legitimacy in the**

European Union Anthony Arnull,Daniel Wincott,2002 The European Union s growing accountability deficit threatens to undermine its legitimacy accordingly member states have agreed to negotiate a new set of Treaty changes in 2004 These essays consider various aspects of accountability and legitimacy in the European Union **International Migrationa Nd the Global Economic Order** Andrés Solimano,2001 Global capitalism vintage 21st century is less friendly to the international migration of unskilled people than were previous waves of globalization such as that of the late 19th century A freer regime for international migration could help to reduce global economic inequality improve the allocation of world resources and ease labor shortages during periods of rapid growth But the flight of human capital talent and entrepreneurs can be detrimental for developing countries **Critical Issues in Human Resource Management** Ian Roper,Rea Prouska,Uracha Chatrakul Na Ayudhya,2019-09-21 By problematising core HR topics and presenting significant new developments in the field this engaging textbook will enable students to develop a nuanced and critical approach to HRM It integrates students understanding of the key operational aspects of HRM with the wider institutional social political and economic contexts in which they occur covering important and emerging topics such as intersectionality wellbeing

international migration globalisation and corporate governance Theoretically rigorous and rich in pedagogy this textbook will hone students critical thinking skills allowing them to confront higher level problems faced in HR and deal with complex real world HR situations A range of topical international case studies ranging from iPhone factories in China to contemporary US politics places HR issues in a comparative global context This is an essential textbook for upper undergraduate postgraduate and MBA students studying contemporary or critical issues in HRM It can also be used as a supplementary text by those wanting to deepen their knowledge of HRM and by practitioners keen to understand how core HRM topics intersect with wider contemporary and global issues

Immigration, Integration and Mobility Adrian Favell, 2015-05-08 A compilation of Adrian Favell's innovative and agenda setting essays which since the late 1990s have charted the emergence of new migration patterns and politics in Europe Tackling in turn issues of multiculturalism immigrant integration free movement high skilled mobilities new East West migrations and regional integration the collection offers a comprehensive introduction to the dynamic field of international migration studies At the same time it poses a sharp challenge to current complacencies challenging researchers to escape methodological nationalism and the unreflective reproduction of concepts and assumptions in the field as well as embracing new methodologies and theoretical resources Moving fluidly across intellectual boundaries as much as national borders Favell points the way forward to new thinking in this burgeoning and rapidly evolving interdisciplinary field

Kazakhstan John Gray, 2000-01-01 The success achieved in stimulating real change in farm ownership control and management in some areas combined with the extremity of the difficulties faced by farms in less favored areas point to the need for an active process of policy reformulation to address the problems which are now emerging from the restructuring process Agriculture in Kazakhstan is in crisis the majority of farms are insolvent and production has fallen to the lowest level in 30 years Initial restructuring efforts yielded disappointing results and mostly failed to lead to new patterns of ownership or management However since 1998 the government has pursued a more aggressive approach to farm restructuring based on increased reliance on farm bankruptcy This report reviews the experience of the farm restructuring policies and programs pursued in 1998 and 1999 and draws conclusions for the continuing development of agricultural sector policies This review forms one of a group of simultaneous agricultural sector studies undertaken by the World Bank at the request of the Government of Kazakhstan Kazakhstan A Review of Farm Restructuring reviews the progress to date in the implementation of the government's reform measures which were begun in late 1998 The report is based on a field mission undertaken in April May 1999 which concentrated primarily on the Northern oblasts and information provided by the staff of the Headquarters of the Ministry of Agriculture in Astana
