

An Economic and Social History of Britain 1760 - 1970

Trevor May

Economic And Social History Of Britain 1760 197

John George Bourinot

Economic And Social History Of Britain 1760 197:

Canada Under British Rule, 1760-1900 John George Bourinot, 1900 **Historical Geography of England and Wales** Robert A. Dodgshon, Robin A. Butlin, 2013-10-22 This text has been designed to cover all aspects and phases of the historical geography of England and Wales in a single volume In its substantially revised and enlarged form the treatment of standard themes has been completely re written to take account of recent work and shifts in viewpoint while its overall coverage has been extended to embrace newer themes like symbolic landscapes and the geography of the inter war period Its comprehensiveness and freshness of approach ensure its continuing value and success as a text Breadth of coverage from prehistory to 1939 Uses a range of data sources and approaches Well illustrated with particular emphasis on key themes Major revision of 1st edition with much wider range of topics **The Persistence of Victorian Liberalism** Robert F. Haggard, 2000-12-30 The Persistence of Victorian Liberalism examines the question of where to locate the ideological break between classical liberalism and the underlying principles of the modern Welfare State While most historians of 19th century Britain argue that such a shift occurred prior to 1900 Haggard challenges the contention that classical liberalism had been so undermined by this point that the modern Welfare State was largely inevitable He considers the public discussion of progress poverty charity socialism and social reform and he concludes that the vast majority of the Victorian middle and upper classes remained wedded to the tenets of classical liberalism up to the close of the century In contrast to traditional characterizations Haggard argues that progress individualism and character continued to resonate within Victorian society throughout the late Victorian period Private philanthropy grew increasingly active as a remedy to urban poverty The London Socialist movement the New Unionism the Independent Labour Party and the New Liberalism each proponents of socialistic reforms found themselves marginalized politically The key to the social debates of the day was the concept of the deserving versus the undeserving poor Although the deserving might expect some private or public aid the undeserving were to be punished for their lack of character Until this notion was overturned the Welfare State would remain outside the realm of practical politics *Canada Under British Rule, 1760-1905* John George Bourinot, 1909 **Canada Under British Rule 1760-1905** J. G. Bourinot, 1909 *An Economic History of British Steam Engines, 1774-1870* Haris Kitsikopoulos, 2023-08-29 This book traces the diffusion trajectory of the second and third generation of British steam engines the Watt and high pressure models covering the period 1774 to 1870 It begins by subjecting to econometric analysis the latest version of Dr Kanefsky s database on 18th century steam engines coming up with an upward revision of the total amount of horsepower installed by 1800 Subsequent chapters delve into the determinants of the diffusion process through the third quarter of the 19th century relating to engines used both in mining and industry as well as transportation railways steam cars The book s main contribution to the literature lies in drawing material from a very large volume of 18th and 19th century sources found in the Dibner Library of Rare Books Smithsonian and by utilizing a fair amount of technical literature

pertaining to the economic factors driving the diffusion process This great expansion of the empirical material has led to bringing multiple revisions to the work of other authors on the key aspects and determinants of the diffusion process In conjunction with the publication by the author of an earlier monograph on the first generation of steam engines the Newcomen model the present study completes the task of offering the most comprehensive account of the preeminent and most strategic technology of the British Industrial Revolution This book will appeal to students scholars and researchers of economic history and history of technology interested in a better understanding of the industrial revolution in general and the role of British steam engines in particular **Canada Under British Rule, 1760-1905** Sir John George Bourinot, 1909

The Creation of the Modern World Roy Porter, 2000 From a critically acclaimed author comes an engagingly written and groundbreaking new work that highlights the long underestimated British role in delivering the Enlightenment to the modern world Porter reveals how the monumental transformation of thinking in Great Britain influenced wider developments elsewhere of color illustrations **Bibliography of British Economic and Social History** William Henry Chaloner, R. C. Richardson, 1984 The Cambridge Economic History of Modern Britain: Volume 1, Industrialisation, 1700-1870 Roderick Floud, Jane Humphries, Paul Johnson, 2014-10-09 A new edition of the leading textbook on the economic history of Britain since industrialization Combining the expertise of more than thirty leading historians and economists Volume 1 tracks Britain's economic history in the period ranging from 1700 to 1870 from industrialisation to global trade and empire Each chapter provides a clear guide to the major controversies in the field and students are shown how to connect historical evidence with economic theory and apply quantitative methods New approaches are proposed to classic issues such as the causes and consequences of industrialisation the role of institutions and the state and the transition from an organic to an inorganic economy as well as introducing new issues such as globalisation convergence and divergence the role of science technology and invention and the growth of consumerism Throughout the volume British experience is set within an international context and its performance benchmarked against its global competitors *The Sociology of Karl Mannheim (RLE Social Theory)* Gunter Werner Remmling, 2020-09-10 Karl Mannheim 1893-1947 occupies a prominent position among the leading social scientists of the twentieth century his ideas and his books are relevant for many issues engaging the concern of sociologists today Mannheim's life spanned three cultural traditions Hungarian German and British and in this authoritative study Professor Remmling covers all these phases in his life and work Mannheim began as an idealistic philosopher but soon began to make important contributions to the developing area of sociology of knowledge After his emigration to England in 1933 Mannheim developed a theory of social planning to combat the socio-political consequences of the crisis of liberalism During the Second World War his attention shifted to the ethical and religious values of Western humanism and the related role of mass education in democratic social planning Finally Mannheim forged the rudiments of a political sociology attacking the abuse of politico-military power and the resulting danger of a third world war while simultaneously calling for counter

attack under the banner of planning for freedom on behalf of militant fundamental democracy In tracing these development in Karl Mannheim s work Gunter Remmling provides insights into major theoretical and practical issues of the first half of the twentieth century problems which remain central to the modern experience A comprehensive bibliography is provided to introduce the sociology of knowledge and related topics such as ideology utopia intellectuals Weimar culture and social planning

The Cambridge Economic History of Modern Britain Roderick Floud,Jane Humphries,Paul Johnson,2014-10-09 A new edition of the leading textbook on the economic history of Britain since industrialization Combining the expertise of more than thirty leading historians and economists Volume 1 tracks Britain s economic history in the period ranging from 1700 to 1870 from industrialisation to global trade and empire Each chapter provides a clear guide to the major controversies in the field and students are shown how to connect historical evidence with economic theory and apply quantitative methods New approaches are proposed to classic issues such as the causes and consequences of industrialisation the role of institutions and the state and the transition from an organic to an inorganic economy as well as introducing new issues such as globalisation convergence and divergence the role of science technology and invention and the growth of consumerism Throughout the volume British experience is set within an international context and its performance benchmarked against its global competitors

The English Chartered Trading Companies, 1688-1763 Michael Wagner,2018-05-23 This book provides a collective view of the five major English chartered trading companies which were active during the period 1688 1763 The East India Company the Royal African Company the Hudson s Bay Company The Levant Company and the Russia Company Using both archival and secondary sources this monograph fills in some of the knowledge gaps concerning the less well studied companies and examines the interconnections between international rivalry the financial operations of the companies and politics which have not featured prominently in the historiography

The British National Bibliography Arthur James Wells,1979 *A Handbook for History Teachers* Dorothy Dymond,2023-11-06 First Published in 1929 A Handbook for History Teachers is an attempt on the part of a number of teachers many of them members of the S E London branch of the Historical Association to offer some practical help in the choice of historical material for children It discusses themes like schemes of work in elementary junior and senior schools textbooks for pupils under fifteen class library books for pupils under fifteen book lists for teachers and sources for the preparation of history stories by the teacher This is an essential read for history teachers and education

The Fiscal Crisis of the United Kingdom I. McLean,2005-04-15 The system for allocating public expenditure to the nations and regions of the UK has broken down Money goes to Scotland Wales and Northern Ireland by the notorious Barnett formula but this is collapsing and cannot last long Money goes to the English regions by poorly understood formulae that work badly People in every region think that the system is unfair to them The Fiscal Crisis of the United Kingdom suggests how the system could be fixed drawing lessons from Australia and Canada It recommends a Territorial Grants Commission

Colonisation and Conflict 1750-1990 Martin Collier,Bill Marriott,2002 The only KS3 History series for high ability students

Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971 New York Public Library. Research Libraries,1979

The Sociology of the Third World J. E. Goldthorpe,1975-09-05 Social theory monograph on the sociology of developing countries discusses the gap in standard of living and income distribution between rich and poor countries including such topics as population growth natural resources economic conditions colonialism economic development the family urbanization education psychological aspects cultural factors religion industrialization politics etc References and statistical tables

The Market in History (Routledge Revivals) A.J.H. Latham,B L Anderson,2016-04-06 First published in 1986 The free market is often associated with liberty and individualism and this connection has been made for more centuries than is generally realised This essays collected in this book trace the development importance and influence of the market as a dominating component of the shared human life from classical antiquity to the present The authors from various backgrounds keep constantly in view the moral and political questions raised by the role of markets as well as laying out succinctly what can be known or deduced about the actual operation of the market in Western and other cultures This book will be of interest to students of economics and history
