Resources in Education ,1997 **The Publishers' Circular and Booksellers' Record of British and Foreign Literature** ,1891 *Publishers' Circular and General Record of British and Foreign Literature, and Booksellers' Record* ,1891 *The Tariff in our Times* Ida M. Tarbell,2025-05-13 The Tariff in Our Times by Ida M Tarbell offers a compelling examination of the role tariffs and trade policies played in shaping the economic landscape of early 20th century America As a leading figure in the Progressive Era and a pioneering investigative journalist Tarbell meticulously analyzes the intricate relationships between government industry and the public offering insights that remain relevant to today s discussions about economic policy and social justice In this thought provoking work Tarbell tackles the contentious issue of tariffs dissecting how they functioned as a tool for both protectionism and industry favoritism She delves into the complexities of how tariffs not only affect the economy but also have profound implications for everyday Americans With a keen analytical eye she explores the intricate balance between supporting burgeoning American industries and the potential hindrance of consumer choice and market competition Through detailed case studies and historical examples Tarbell illustrates the impact of tariff legislation on various sectors including manufacturing agriculture and labor Tarbell s writing reflects her commitment to uncovering the truth and advocating for the average citizen Her exploration reveals how tariffs can create barriers that disproportionately affect lower income families while benefiting powerful corporate interests Throughout the book she presents a strong case for the need for transparent and fair economic policies that prioritize consumer protection and equitable growth over monopolistic practices By shedding light on the abuses of power and the exploitation often hidden behind tariff laws Tarbell invites readers to engage critically with the economic systems that govern their lives The narrative is enriched by Tarbell s personal insights and observations drawn from her extensive experience as a journalist and her commitment to social reform Her eloquence and clarity make complex economic concepts accessible to a broad audience encouraging readers to reflect on their own experiences with commerce and government Moreover Tarbell s passionate advocacy for economic justice positions her as a powerful voice for women and reformists of her time emphasizing the need for active participation in shaping public policy Ultimately The Tariff in Our Times is more than just a study of tariffs it is an essential exploration of American values and the ongoing struggle for fairness in society Tarbell s historical analysis reveals the interconnectedness of economic decisions and social outcomes prompting readers to consider the long term effects of their country s policies on both individual lives and the collective fabric of American society Her work serves as both a historical document and a call to action urging citizens to stay informed and engaged in the democratic process This book is

a significant addition to the discourse on economic reform and public policy providing valuable insights into the debates that have shaped the modern economic landscape Ida M Tarbell s masterful writing and sharp critique of the status quo ensure that *The Tariff in Our Times* remains an essential read for those interested in understanding the historical context of tariffs trade and the evolving dynamics of American industry making it a timeless piece for economists historians and concerned citizens alike
