that devastated France Her story ended tragically in 1431 when she was put on trial for heresy and sorcery by an ecclesiastical court and was burned at the stake This book shows how the trial which was organised by her enemies provides an important window into late medieval attitudes towards religion and gender as Joan was effectively persecuted by the established Church for her supposedly non conformist views on spirituality and the role of women Presented within a contextual and critical framework this book encourages scholars and students to rethink this remarkable story It will be invaluable reading for those working in the fields of medieval society and heresy as well as the Hundred Years War Witch Compass Ian Chambers, 2022-08-08 Experience the Witch Compass Your Vehicle Map and Destination Explore the compass of the eight winds a magical circle at the heart of Traditional Witchcraft More than a tool for protection or raising power this framework provides the ritual means to traverse the worlds and a mythic landscape that can be accessed at any point in time and space Traditional Witch Ian Chambers teaches how the Witch Compass represents an entire worldview a cosmological map and a method for magic and revelation He helps you develop your own compass and use it for divination spirit work and practical sorcery This book shows you the world through the lens of your Witch Compass and reveals the many realms and spirits available to you Harry Potter and History Nancy R. The Immortality Key Brian C. Muraresku,2020-09-29 THE NEW YORK TIMES BESTSELLER As seen on The Joe Rogan Experience A groundbreaking dive into the role psychedelics have played in the origins of Western civilization and the real life quest for the Holy Grail that could shake the Church to its foundations The most influential religious historian of the 20th century Huston Smith once referred to it as the best kept secret in history Did the Ancient Greeks use drugs to find God And did the earliest Christians inherit the same secret tradition A profound knowledge of visionary plants herbs and fungi passed from one generation to the next ever since the Stone Age There is zero archaeological evidence for the original Eucharist the

sacred wine said to guarantee life after death for those who drink the blood of Jesus The Holy Grail and its miraculous contents have never been found In the absence of any hard data whatever happened at the Last Supper remains an article of faith for today s 2 5 billion Christians In an unprecedented search for answers The Immortality Key examines the archaic roots of the ritual that is performed every Sunday for nearly one third of the planet Religion and science converge to paint a radical picture of Christianity's founding event And after centuries of debate to solve history's greatest puzzle Before the birth of Jesus the Ancient Greeks found salvation in their own sacraments Sacred beverages were routinely consumed as part of the so called Ancient Mysteries elaborate rites that led initiates to the brink of death The best and brightest from Athens and Rome flocked to the spiritual capital of Eleusis where a holy beer unleashed heavenly visions for two thousand years Others drank the holy wine of Dionysus to become one with the god In the 1970s renegade scholars claimed this beer and wine the original sacraments of Western civilization were spiked with mind altering drugs In recent years vindication for the disgraced theory has been quietly mounting in the laboratory The constantly advancing fields of archaeobotany and archaeochemistry have hinted at the enduring use of hallucinogenic drinks in antiquity And with a single dose of psilocybin the psychopharmacologists at Johns Hopkins and NYU are now turning self proclaimed atheists into instant believers But the smoking gun remains elusive If these sacraments survived for thousands of years in our remote prehistory from the Stone Age to the Ancient Greeks did they also survive into the age of Jesus Was the Eucharist of the earliest Christians in fact a psychedelic Eucharist With an unquenchable thirst for evidence Muraresku takes the reader on his twelve year global hunt for proof He tours the ruins of Greece with its government archaeologists He gains access to the hidden collections of the Louvre to show the continuity from pagan to Christian wine He unravels the Ancient Greek of the New Testament with the world's most controversial priest He spelunks into the catacombs under the streets of Rome to decipher the lost symbols of Christianity's oldest monuments He breaches the secret archives of the Vatican to unearth manuscripts never before translated into English And with leads from the archaeological chemists at UPenn and MIT he unveils the first scientific data for the ritual use of psychedelic drugs in classical antiquity The Immortality Key reconstructs the suppressed history of women consecrating a forbidden drugged Eucharist that was later banned by the Church Fathers Women who were then targeted as witches during the Inquisition when Europe's sacred pharmacology largely disappeared If the scientists of today have resurrected this technology then Christianity is in crisis Unless it returns to its roots Featuring a Foreword by Graham Hancock the NYT bestselling author of America Before Old Thiess, a Livonian Werewolf Carlo Ginzburg, Bruce Lincoln, 2020-03-23 In 1691 a Livonian peasant known as Old Thiess boldly announced before a district court that he was a werewolf Yet far from being a diabolical monster he insisted he was one of the hounds of God fierce guardians who battled sorcerers witches and even Satan to protect the fields flocks and humanity a baffling claim that attracted the notice of the judges then and still commands attention from historians today In this book eminent scholars Carlo Ginzburg and Bruce

Lincoln offer a uniquely comparative look at the trial and startling testimony of Old Thiess They present the first English translation of the trial transcript in which the man's own voice can be heard before turning to subsequent analyses of the event which range from efforts to connect Old Thiess to shamanistic practices to the argument that he was reacting against cruel stereotypes of the Livonian werewolf a Germanic elite used to justify their rule over the Baltic peasantry As Ginzburg and Lincoln debate their own and others perspectives they also reflect on broader issues of historical theory method and politics Part source text of the trial part discussion of historians thoughts on the case and part dialogue over the merits and perils of their different methodological approaches Old Thiess a Livonian Werewolf opens up fresh insight into a remarkable historical occurrence and through it the very discipline of history itself

Art and Dis-illusion in the Long Sixteenth

Century Larry Silver, 2023-04-12 Whereas entire libraries discuss the religious and political history of the sixteenth century in Northern Europe focused on the Reformation and the rise of nation states Larry Silver uniquely traces the dramatic even traumatic changes of the Reformation era discernible in the visual arts especially paintings and the new medium of prints Among the subjects and themes he explores are the destruction of church images witchcraft reactions to new voyages of exploration and issues of vision itself in an age when moral codes and the nature of sin and death were being re examined

Witchcraft in Europe, 400-1700 Alan Charles Kors, Edward Peters, 2001 A thoroughly revised greatly expanded edition of the most important documentary history of European witchcraft ever published Witchcraft and Society in England and America, 1550-1750 Marion Gibson, 2006-10-12 A collection of materials including works of literature as well as historical documents this work provides a broad view of how witches and magicians were represented in print and manuscript It presents the voices of witches accusers ministers physicians poets dramatists magistrates and witchfinders from both sides of the Atlantic Witchcraft, Lycanthropy, Drugs and Disease Homayun Sidky, 2010-04-01 Long before the political mass murders witnessed in the present century western Europe experienced another kind of holocaust the witch hunts of the early modern period Condemned of flying through the air changing into animals and worshipping the Devil over a hundred thousand people were brutally tortured systematically maimed and burned alive Why did these persecutions take place Was it superstition irrationality or mass delusion that led to the witch hunts This study seeks explanation in the tangible actions of human actors and their worldly circumstances The approach taken is anthropological inferences are grounded on a wide spectrum of variables ranging from the political and ideological practices used to mystify earthly affairs to the logical structure of witch beliefs torture technology and the role of psychotropic drugs and epidemic diseases Witchcraft. Gender, and Society in Early Modern Germany Jonathan Bryan Durrant, 2007 Using the example of Eichstatt this book challenges current witchcraft historiography by arguing that the gender of the witch suspect was a product of the interrogation process and that the stable communities affected by persecution did not collude in its escalation Bad Christians and Hanging Toads Rochelle Rojas, 2025-03-15 Bad Christians and Hanging Toads tells riveting stories of

witchcraft in everyday life in early modern Navarra Belief in witchcraft not only emerged in moments of mass panic but was woven into the fabric of village life Some villagers believed witches sickened crops and cows with poisonous powders others thought they engaged in diabolism and perverted sex and still others believed they lovingly raised toads used to commit evil deeds Most villagers however simply saw witches as those with reputations of being mala cristianas bad Christians Rochelle Rojas illuminates the social webs of accusations and the pathways of village gossip that created the conditions for the witch beliefs and trials of the period While studies of witchcraft in Spain tend to focus on the inquisitorial trials and witch panic of 1609 14 Bad Christians and Hanging Toads turns to witch trials conducted by the region s secular judiciary Navarra's royal tribunals tracing the prosecution of accused witches over 150 years Using detailed evidence from trial records and neighbors testimonies Rojas vividly brings to life the women and men crafted as witches by their neighbors and the authorities and guides readers through the judicial process from accusations and the examination of the evidence to sentencing and punishment By privileging the voices of villagers throughout Bad Christians and Hanging Toads demonstrates that the inner logic of early modern European witchcraft trials can be understood only by examining of the local everyday aspects of witch belief
