*The Art of Egon Schiele* Egon Schiele, Erwin Mitsch, 1975 Examines the character and developments of the art of Egon Schiele and considers a balanced selection of his paintings and drawings Egon Schiele Jane Kallir, 2003-04-29 Austrian Expressionist Egon Schiele produced a prolific body of work before his early death at the age of twenty eight in 1918 The oeuvre is comprised of a few hundred oil paintings and thousands of drawings and watercolors Schiele's oils have often been reproduced and are well recognized However limited access to the fragile works on paper and dispersion among several collections have made for an unbalanced representation of his work as a draftsman This book assembles drawings and watercolors from public and private collections and reproduces work from every year of the artist's career beginning with the juvenilia and early academic studies The focus means that work that is rarely reproduced is represented extensively providing a unique opportunity to study the rapid artistic development of Schiele over the course of his brief twelve year career The book is organized chronologically and divided into year by year sections Each section includes a text that discusses the major events in Schiele's life and the interrelation between the artist's drawing and developments in his oil painting Features a previously unpublished Schiele watercolor and several works that have never been reproduced in color

Egon Schiele: Paintings and Drawings Jessica Findley, 2014-11-21 With his signature graphic style embrace of figural distortion and bold defiance of conventional norms of beauty Egon Schiele was one of the leading figures of Austrian Expressionism He was an Austrian painter a protégé of Gustav Klimt and important figurative painter of the early 20th century The twisted body shapes and the expressive line that characterize his paintings and drawings mark the artist as one of the earliest exponent of Expressionism In Schiele's early years he was strongly influenced by Klimt and Kokoschka but soon evolved into his own characteristic style He focused on portraits of others as well as himself In his later years while he still worked often with nudes they were done in a more realist fashion Schiele made many drawings some of which were extremely erotic During his short but highly prolific career which ended with his premature death Schiele created more than three thousand works on paper and approximately 300 paintings **Egon Schiele, 1890-1918** Reinhard Steiner, Egon Schiele, 2000 Schiele had the most long lasting influence on the Vienna art scene after the great era of Klimt came to a close After a short flirtation with the style of his mentor Klimt Schiele soon questioned the aesthetic orientation to the beautiful surface of the Viennese Art Nouveau with his rough and not easily accessible paintings *Egon Schiele* Simon Wilson, 1980

**Egon Schiele** Egon Schiele, Elisabeth Leopold, Rudolf Leopold, Sandra Tretter, 2008 In this stunning and intimate collection Egon Schiele's personal letters and poems are paired with his artwork to deepen the reader's understanding of his artistic achievements Known for his intense and lyrical style the Austrian Expressionist Schiele was also a gifted writer This selection of the artist's poetry and letters gracefully intertwines his powerful words with his indelible images Elegantly designed with special paper and unique typography this book emulates a personal journal Interspersed with sixty sketches

drawings and paintings Schiele's poems and letters illustrate his artistic and personal struggles and passions. Elisabeth Leopold adds her commentary to this sumptuous presentation that will leave readers with a deeper appreciation of Schiele's creative genius. This title is published in cooperation with the Leopold Museum Vienna. AUTHOR Elisabeth Leopold together with her husband Rudolf Leopold established the world famous Schiele collection which has been displayed in the Leopold Museum in Vienna specially designed to hold the work since 2001. 120 illustrations *Egon Schiele. the Paintings. 45th Ed* Tobias G. Natter, 2020. With his revolutionary and liberated view of the naked body and sexuality Egon Schiele emphatically wrote himself into the history of art at the beginning of the last century. Even today the women and self portraits painted by the enfant terrible of the Viennese modern age still have an exciting and bold effect. They were all created during the last decade of his short life. *Egon Schiele* Narim Bender, 2014-12-27. With his signature graphic style embrace of figural distortion and bold defiance of conventional norms of beauty Egon Schiele was one of the leading figures of Austrian Expressionism. He was an Austrian painter a protégé of Gustav Klimt and important figurative painter of the early 20th century. The twisted body shapes and the expressive line that characterize his paintings and drawings mark the artist as one of the earliest exponents of Expressionism. In Schiele's early years he was strongly influenced by Klimt and Kokoschka but soon evolved into his own characteristic style. He focused on portraits of others as well as himself. In his later years while he still worked often with nudes they were done in a more realist fashion. Schiele made many drawings some of which were extremely erotic. During his short but highly prolific career which ended with his premature death Schiele created more than three thousand works on paper and approximately 300 paintings. *Egon Schiele* Egon Schiele, 2011. This work traces Schiele's development as a portraitist through four principal chronological phases from 1906 through 1918. Starting with the artist's rigorous training at the Vienna Academy it chronicles Schiele's eventual break with academia and the emergence of his Expressionistic style.

Nearly 600 illustrations are presented many of them newly photographed alongside expert insights and Schiele's personal writings in this **Discoveries: Egon Schiele** Jean-Louis Gaillemain, 2006-12-01. Egon Schiele 1890-1918 was one of the most popular and influential painters to emerge from

turn of the century Vienna Before his premature death at 28 he managed to be thrown in prison on a morals charge and also to create a strongly erotic body of work both deeply expressive drawings and sublimely beautiful paintings This enfant terrible of pre WWI Vienna worked in the shadows of Klimt and Freud but he found his own voice and his own nude body was his best model Egon Schiele delves into both his controversial sexual themes and neglected aspects of Schieles art notably his formal experiments and his later expressionistic portraits and allegorical paintingsworks that reveal much about the importance of his short career Egon Schiele 18901918 was one of the most popular and influential painters to emerge from turn of the century Vienna Before his premature death at 28 he managed to be thrown in prison on a morals charge and also to create a strongly erotic body of work both deeply expressive drawings and sublimely beautiful paintings This enfant terrible of pre WWI Vienna worked in the shadows of Klimt and Freud but he found his own voice and his own nude body was his best model Egon Schiele delves into both his controversial sexual themes and neglected aspects of Schieles art notably his formal experiments and his later expressionistic portraits and allegorical paintingsworks that reveal much about the importance of his short career

**The Faces of Egon Schiele** Elisabeth Leopold, Stefan Kutzenberger, 2023 A lavishly produced volume of Egon Schiele s self portraits Egon Schiele s contorted and eccentric figures are among the most familiar and iconic images in twentieth century art A good many of those figures are self portraits Schiele returned to himself as a subject again and again over a period of many years recording himself in various poses and styles When he used his own body as a model his interest often lay not in his actual self but more generally in the position of the individual in the changing modern world Posing in a variety of roles Schiele uses his face like a mask This beautifully produced book offers a comprehensive account of this crucial yet underappreciated aspect of Schiele s art

**Egon Schiele: the Unsalvageable Ego** Helmut Friedel, Helena Pereña, 2011 Expressionist Egon Schiele is one of the most popular artists of classic modernism Schiele s spectacular life and early death as well as many of his works especially the provocative nudes and seemingly pathological self portraits have time and time again raised questions about parallels between life and work of the Austrian artist But can such a narrow biographical focus really do Egon Schiele s art justice This volume looks at Schiele in a different way It discusses his oeuvre as a contribution to turn of the century debates and discourse about cultural issues such as the crisis of the individual which around 1900 was labelled with the phrase the unsalvageable I For instance Schiele s preoccupation with the occult can be understood as a direct response to this crisis Some of the themes and issues which we find in Schiele s art can also be found in the literature of his time while his nudes respond to contemporary attitudes towards sexuality Exhibition St dtische Galerie Munich 3 11 2011 4 3 2012 Egon Schiele, 1890-1918. The Art of Egon Schiele. Text by Erwin Mitsch. (Translated ... by W. Keith Haughan.) Egon Schiele, W. Keith HAUGHAN, Erwin MITSCH, 1975 *Egon Schiele and the Art of Popular Illustration* Claude Cernuschi, 2022-09-02 Presenting a radically different picture of Egon Schiele s work this study documents in one to one comparisons the extent of the artist s visual borrowings from the Viennese

humoristic journal Die Musketiere Claude Cernuschi analyzes each comparison on a case by case basis primarily because the interpretation of cartoons and caricatures is highly contingent on their specific historical and cultural context Although this connection has gone unnoticed in the literature in retrospect this correlation makes perfect sense Not only was Schiele's artistic production frequently compared to caricature and derided for being grotesque but Expressionism and caricature are natural allies One may belong to high art and the other to popular culture yet both presuppose similar assumptions and deploy a similar rhetorical position namely that the exaggeration of human physiognomy allows deeper psychological truths to emerge The book will be of interest to scholars working in art history visual culture popular culture and politics **Egon**

**Schiele. Catalogue Raisonné** Rudolph Leopold, 2020-12 *Egon Schiele Masterpieces of Art* Rosalind
