The Egyptian Pyramids J.P. Lepre, 2006-10-26 This generously illustrated work is the most complete reference book ever published on these fascinating and compelling structures of the ancient world Facts on each of the 42 pharaohs and the monuments they constructed and commentary from the author who has extensively explored them include all elements of each pyramid complex that have been discovered and whether a sarcophagus and mummy have been located Cross sectional diagrams and floor plans are provided for all pyramids so far uncovered as well as photographs where available Longer essays discuss in painstaking detail the unusual features of such as the Bent Pyramid of Pharaoh Sneferu and the Great Pyramid of Pharaoh Khufu Eight appendices include a comparison of Egyptian to Aztec and Mayan pyramids and notable pyramid authors and explorers The resulting book offers solutions to many of the intriguing mysteries long associated with the pyramids in addition to tantalizing suggestions of discoveries yet to be made **Pyramid Quest** Robert M.

Schoch, Robert Aquinas McNally, 2005-06-02 The Egyptologist acclaimed for re dating the Great Sphinx at Giza sets his sights on one of the true mysteries of antiquity the Great Pyramid of Giza What is the Great Pyramid of Giza Ask that basic question of a traditional Egyptologist and you get the basic traditional answer a fancy tombstone for a self important pharaoh of the Old Kingdom This Egyptologists argue is the sole finding based on the data and the only deduction supported by science By implication anyone who dissents from this point of view is unscientific and woolly minded a believer in magic and ghosts Indeed some of the unconventional ideas about the Great Pyramid do have a spectacularly fabulous ring to them Yet from beneath the obvious terms of this controversy a deeper more significant question arises how is it that the Great Pyramid exercises such a gripping hold on the human psyche adding cryptic grace to the back of the one dollar bill and framing myriad claims of New Age pyramid power In Pyramid Quest Robert M Schoch and Robert Aquinas McNally use the rigorous intellectual analysis of scientific inquiry to investigate what we know about the Great Pyramid and develop a stunning hypothesis This ancient monument is the strongest proof yet that civilization began thousands of years earlier than is generally thought extending far back into a little known time In tracing that story we come to understand not only the Great Pyramid but also our own origins as civilized beings

**Found in Translation - Genesis One** J. Roland Kent, 2016-02-23 J R Kent has solved a 2 500 year old mystery that defies both religion and science Hidden in the thirty one verses of Genesis One is a message so powerful it could ultimately change the course of global events Our hi tech world is barely a century old and already life altering environmental terrorist political economic and health threats pose potentially dire consequences for our future However many of the ancient advanced civilizations such as the Egyptians the Greeks the Romans and the Mayans of Central America endured for thousands of years So what was their secret and how is it revealed in the Genesis verses Genesis One is an ancient creation account for the earth plants animals and humankind However when reading these verses they may seem bewildering and out of the natural order The premise of this book illustrates in startling detail that this

amazing story in fact perfectly correlates with the theories of modern science. There are several reasons why this mystery has not been revealed until now. First, an ancient author wrote this account in the original Hebrew language but the actual evolutionary sequence of the Earth that he so accurately revealed has been lost in translation by the many biblical versions that followed. Second, the discoveries of modern science now put us at a point in time when this correlation has now been found in translation. This revelation then begs two questions: How was this knowledge possible in ancient times and who wrote it?

*Building Bridges of Time, Places and People* J. Marc. Merrill, 2012-05. Mysteries associated with ancient Egypt are not confined to the pyramids of Giza. For example, consider these: One Egyptian hieroglyph is patterned after a bird known as the jabiru; another is an image of a saguaro cactus. Both the jabiru and the saguaro are found only in the Western Hemisphere, so how did they become hieroglyphs? Tutankhamen is referred to as the boy king by Egyptologists. Why then were statues found in the tomb portraits of a young woman? Hatshepsut is said to have been a female pharaoh who reigned for 22 years but then disappeared from the scene. What happened to her? And why was her image expunged from the walls of temples? Senenmut, a favorite of Hatshepsut, wrote that he had access to all the writings of the prophets. Which prophets did he mean? Why does the face of the mummy of Ramesses II not match the statues of this great pharaoh? Also, why did the embalmers remove the stomach and place the heart on the right side of the thorax? And why were diced tobacco leaves from the Western Hemisphere used to line the chest cavity? Why was Yuya supposedly the father of the great Queen Tiy buried with three coffins while his wife had only two? Moreover, why did the mask that covered his face along with the face on the innermost coffin look totally different from the mummy and from each other? Death masks were found not just in Egypt but in Greece as well. The most famous of these came from grave 5 at Mycenae. Each eye of this gold mask has double eyelids. In addition, like the Sphinx at Giza and the Shroud of Turin, the left eye is higher than the right and the mouth is not centered. How can such similarities be explained?

Turning to Italy on the underside of the right wrist of the Prima Porta statue of Augustus there is the distinct impression of the head of a spike According to historians this statue depicts the first emperor of Rome but what if it is instead a portrait of a man who was crucified These mysteries along with many others are examined in detail and then convincingly explained in this first of two volumes to explore crucial links between Egypt Israel Greece and Italy *Building Bridges of Time, Places and People: Volume I* J. The Great Pyramid mysteries abound For example Why was the subterranean chamber apparently abandoned and yet it is larger than the Queen's Chamber and the King's Chamber combined Why is there a pit in the floor of the subterranean chamber and why does the narrow passage that snakes south off the subterranean chamber come to a sudden end after 53 feet Why was sand from the Sinai hidden behind the wall of the horizontal passage to the Queen's Chamber and why is there a sudden drop in that passage Why was the Grand Gallery built so large in comparison to the ascending passage and why are the slots in the ramps of the Grand Gallery empty Why was the antechamber to the King's Chamber built with both limestone and granite blocks and what purpose could the so called Granite Leaf have served Egyptologists pyramidologists and others outside these two camps have attempted to explain such anomalies Their theories are examined and compared to a new

Cornford,2012-02-24 The book that you are holding is not intended to be prophetic but will expose the nature of an approaching delusion that was prophesied about 2000 years ago The delusion itself will be of such power that it will affect all mankind and will quite likely be the catalyst that will unite the different faiths to a greater or lesser degree This book will answer some difficult questions and explain how a very timely biblical Truth has been subtly hidden over the years which will result in causing great confusion for many Christians of all denominations in perhaps the not too distant future If what I am presenting in these pages is correct then this is a book that needs to be read by every Christian If I am wrong then I expect to spend the rest of my life with egg on my face However the conviction that I have had that has caused me to write this in the first place is deep enough for me to take that chance      *Building Bridges of Time, Places, and People: Volume II* J.
