*Publishing with iBooks Author* Nellie McKesson, Adam Witwer, 2012-02-10 iBooks Author is the first tool of its kind. Never before have publishers, authors, and content creators had a tool for making dynamic interactive ebooks in a WYSIWYG environment. This book is intended to get you up and writing in iBooks Author. You'll learn what to expect from this new tool and what its strengths and limitations are. You'll see how you can create beautifully designed pages and how you can bring those designs to life with interactive content in ways that before now were only possible in a web browser on the Internet. You'll also find out how to navigate the occasionally tricky terrain of Apple's ecosystem so that you can get your book published to the iBookstore.

**A Class-book of Botany** Alphonso Wood, 1845      **Fresher Styles for Web Designers** Curt Cloninger, 2008-12-18

*Fresher Styles for Web Designers* surveys eight innovative contemporary visual design styles that break the mold and offer creative solutions to a variety of interactive design challenges. Readers will learn practical ways to incorporate these design approaches into their commercial work using specific online examples as illustration. In 2001 Cloninger wrote *Fresh Styles for Web Designers* arguing that beauty actually enhances usability. Since then styles and technologies have evolved but clients still expect sites that both function well and visually entice. This book will inspire web designers and developers to deliver sites that do both. There are plenty of web design books that teach code. There are several books about contemporary print design that discuss visual aesthetics. This book stands out because it synthesizes experimental web design innovations with commercial marketing goals without ignoring usability concerns.

**Vegetable Physiology and Systematic Botany** William Benjamin Carpenter, 1848      *Sacrifices of Mo's Supporters* Wen Li, 2020-04-01

At the end of the Warring States Period the Qin Kingdom began to become more and more powerful after the Shang Martingale Change Method was adopted. After the internal strife of Lao Ai and Lu Buwei the First Emperor Ying Zheng appointed Li Si as the prime minister and Wang Jian and Huan Gonggong as the grand generals. This action infuriated all the people in the world. Some of them raised their hands to fight back and the most powerful force was the Mo family. Since the Mo family had always followed the strategy of loving each other but attacking each other the world's righteous scholars all responded and those who responded threw life and death away and the people of the martial world all revered them as ink people. Faced with the pressure of the Blizzard Qin could the Mo family turn the tide. This was how a life and death duel would begin.

**Colors in Fashion** Jonathan Faiers, Mary Westerman Bulgarella, 2016-11-17

Color speaks a powerful cultural language conveying political, sexual, and economic messages that throughout history have revealed how we relate to ourselves and our world. This ground-breaking compilation is the first to investigate how color in fashionable and ceremonial dress has played a significant social role indicating acceptance and exclusion, convention and subversion. From

the use of white in pioneering feminism to the penchant for black in post war France and from mystical scarlet broadcloth to the horrors of arsenic laden green fashion this publication demonstrates that color in dress is as mutable nuanced and varied as color itself Divided into four thematic parts solidarity power innovation and desire each section highlights the often violent emotional histories of color in dress across geographical temporal and cultural boundaries Underlying today's relaxed attitude to color lies a chromatic complexity that speaks of wars migrations and economics While acknowledging the importance that technology has played in the development of new dyes the chapters explore color as a catalyst for technical innovation that continues to inspire designers artists and performers Bringing together cutting edge contributions from leading scholars it is essential reading for academics of fashion textiles design cultural studies and art history
