difficult if not impossible to define what the philosophy of Carlyle was Ever since the publication of Sartor Resartus in 1833 1834 the view that Carlyle had a theistic conception of the universe has been defended as well as opposed At a time therefore when Carlyle s work as a whole is being reappraised his philosophy should first and foremost be dealt with Carlyle s life philosophy is based on the inner experience of a process of conversion which set in with an incident that occurred to him at Leith Walk Edinburgh This study which settles the old question of the date of the incident demonstrates that the inner struggle the dynamics of which are described most fully in Sartor is analogous to the Jungian process of individuation For the first time in critical literature the basic ideas of Carlyle s philosophy are thus linked to depth psychology and shown to be analogous to the fundamental concepts of Analytical Psychology In recent criticism it has been asserted that the crisis recorded in Sartor is akin to the crisis of doubt said to underlie Jean Paul s Rede des todten Christus 1796 which is probably the first poetic expression of nihilism in European literature and has become a classic Apart from demonstrating that in the last fifty years at least the Rede has erroneously been interpreted as a dream of annihilation this book invalidates the view of Jean Paul as victim of the skepticism of his age and argues that contrary to what is usually maintained the Rede is not the document of a crisis but of a belief which had become antiquated and obsolete for Carlyle American Turner ,1923

Seelenarbeit an Deutschland ,2016-08-09 The last decade has undoubtedly been the most controversial in the long literary career of Martin Walser This volume presents a review of this career going far beyond short lived arguments to present an insightful overview of much of his work It considers not only major aspects of his writing covering both his literary beginnings and the most recent works but also different previously neglected features of his persona and his writing namely his activity as a university teacher and his art criticism In addition fruitful comparisons are made with other writers such as Proust Grass and Uwe Johnson At the same time recent controversies are also considered with major attention being paid to Walser s public speeches and those works of fiction which have been seen by some as demanding the end of German self recriminations over the Nazi past This volume is unique in that much space is devoted to both sides of the argument It will provide stimulating reading to all those interested in Germany and German literature **A Dictionary English, German and French, Containig Not Only the English Words in Alphabetical Order, Together with Their Several Significations; But Also Their Proper Accent, Phrases, Figurative Speeches, Idioms, and Proverbs, by Mr. Christian Ludwig Now Carefully Revised, Corrected, and Throughout Augmented with More Than 12000 Words, Taken Out of Samuel Johnson's English Dictionary and Others, by John Bartholomew Rogler, A.m** Christian Ludwig,1763 **Host Bibliographic Record for Boundwith Item Barcode 30112072131219 and Others** ,1832
