Edward Lear as a Landscape Draughtsman Sibylle Hofer, 1967 **Edward Lear as a Landscape Draughtsman, by Philip Hofer** Philip Hofer, 1967 The Natural History of Edward Lear, New Edition Robert McCracken Peck, 2021-04-13

Edward Lear is well known as the brilliant writer of nonsense poetry children's books and travel books who popularized the limerick and wrote verses such as *The Owl and the Pussycat*. But few people are aware that Lear was one of the most talented and accomplished painters of natural history subjects in the nineteenth century and worked with British scientists, collectors and publishers to make Britain the nexus for scientific investigation and its circulation. One of the best ornithological artists of his generation, Lear published his first book, a monograph on the parrot family, at age 18 and established a format that would be followed by decades by such publishers as John Gould, with whom he worked closely and often anonymously. Over his career, Lear produced a multitude of drawings of birds and mammals from around the world for scientific publications, public institutions and individual patrons, not just of English species but of birds and mammals from Australia, New Zealand and the Americas. He is also the Lear in the name of the rare species, Lear's Macaw. In this book, Peck has assembled the first comprehensive view of this important part of Lear's career. Featuring over 200 illustrations and a foreword by Sir David Attenborough, the book also examines the influence Lear had on modern artists such as Walton Ford and Tony Foster. This new edition includes a new chapter that addresses Lear's continued fascination with wildlife and the natural world after giving up his career as a scientific illustrator and his fascination with domestic pets from his own beloved cat, which he cartooned repeatedly, to the portraits of dogs owned by his family and friends, alongside thirteen never before published illustrations, including fully finished watercolors, rough preliminary sketches and whimsical cartoons.

Edward Lear as a Landscape Draughtsman Philip Hofer, 1967. Edward Lear has been known best as the author of *The Owl and the Pussycat*, the famous Nonsense Books and other verses and songs. But landscape drawing and painting were his lifelong profession, the nonsense a side line. In this volume, Hofer presents a selection of Lear's landscape drawings chosen from his own collection.

Edward Lear James Williams, James Atherton Williams, 2018. James Williams's account, the first book-length critical study of the poet since the 1980s, sets out to re-introduce Lear and to accord him his proper place as a major Victorian figure of continuing appeal and relevance, and especially as a poet of beauty, comedy and profound ingenuity.

Edward Lear and the Play of Poetry James Williams, Matthew Bevis, 2016-10-28. Of all the Victorian poets, Edward Lear has a good claim to the widest audience, admired and championed by critics and poets from John Ruskin to John Ashbery. He has also been read, heard and loved by generations of children. As a central figure in the literature of nonsense, Lear has also shaped the evolution of modern literature, and his work continues to influence and inspire writers and readers today. This collection of essays, the first ever devoted solely to Lear, builds on a recent resurgence of critical interest and asks how it is that the play of Lear's poetry continues to delight and to challenge our sense of what poetry can be. These seventeen chapters, written by established and

emerging critics of poetry seek to explore and appreciate the playfulness embodied in the poems and to provide contexts in which it can be better understood and enjoyed They consider how Lear s poems play off various inheritances the literary fool Romantic lyric his religious upbringing explore particular forms in which his playful genius took flight his letters his queer writings about love and trace lines of Learical influence and inheritance by showing how other poets and thinkers across the nineteenth and twentieth centuries played off Lear in their turn Joyce Stein Eliot Auden Smith Ashbery and others Art Books Wolfgang M.
