**The Publishers' Trade List Annual ,1985**      **Case Writing For Executive**

**Education** Gordon Adler, Wolfgang Amann, 2011-01-01 Time and again the authors have observed how a great program faculty creates unique learning experiences to everybody's satisfaction. They have experienced the pleasure that all involved feel when great learning has taken place when the program participants leave the sessions with an enhanced skill set and co-created answers to pending and future challenges. They are also aware that creating such moments of truth involving the value proposition of business schools, corporate universities or other training institutions has not been mastered everywhere. They have written this book to contribute to the ongoing professionalization of business education and aim to share some of the key lessons learned when creating unique learning experiences entailing learning that sticks. A great means to this end is using cases in executive education. While the variety of what can still be called a case is extremely wide, the authors by no means preach that cases are the only way forward. Like every tool, cases must be applied wisely and with a minimum amount of skill. There is also a bigger toolset available and there are also additional contextual factors to consider. They include teaching and learning traditions in different local settings. They comprise individual's learning preferences. As the authors outline in this book, the case-based method nonetheless offers tremendous potential. The art and science of case writing are still known to too few of those involved in delivering executive education seminars.

MANAGEMENT WISDOM IN HISTORICAL PLAYS OF WILLIAM SHAKESPEARE Dr. Dolly Soni, 2022-11-04 The attempt to write about Shakespeare is like going into a large, spacious and splendid Dome through the conveyance of a narrow and obscure entry. Theobald 231 William Shakespeare is acknowledged as world's greatest English language playwright and poet who possessed great wit and wisdom. His works are still admired by day-to-day people. He has written about almost all fields of knowledge. His plays not only entertain us but they give us insightful advice and wise suggestions for life. We have Shakespearean plays on varied human affairs like war, love, different family crises, problems etc. It seems that all the plays are written to keep live situations of our day-to-day affairs. For Shakespeare's universal Fame, Pope in his Preface to Shakespeare says: "If ever any author deserved the name of an original, it was Shakespeare."
