**Servant Leadership Models for Your Parish** Dan R. Ebener, 2010 *Servant Leadership Models for Your Parish* explores the practice of servant leadership in a church context. It presents seven behaviors practiced by leaders and members in high performing parishes and provides real life examples of these practices. The unique contribution of this work to the national discussion about parish life and leadership is its description of servant leadership and its explanation of how it works in a parish. This work suggests that parish life can be viewed in light of business principles such as the organizational behaviors of leaders and members in a Christian parish and religious teaching particularly the message of Jesus who taught leaders to be servants and members to be disciples. Intended for pastors and parish leaders, pastoral associates and deacons, parish staff and lay members of parishes who are interested in leadership, it is sure to be indispensable reading for anyone who is interested in changing or improving the leadership, the activities and the culture of their parish. SuYeon Yoon,2019-09-19 This book explores biblical values that critique the ecclesiology of the New Apostolic Reformation Church NARC and compares the ecclesiology to other missional movements in the North American context A biblical

exegesis of Ephesians 4:11-13 as well as C. Peter Wagner's conceptualization of an apostle and apostolic ministry allow the author to demonstrate the gap between the biblical perspective and Wagner's concept of an apostle. The biblical role of an apostle is to make the church missional by emphasizing the concept of sending, whereas Wagner sees the apostle as a church leader. Based upon interviews and participant observation in three NARCs, SuYeon Yoon describes the leadership and ecclesiology based on their own self-descriptions. This book then demonstrates the gap between the biblical and conceptual ideals and the reality of ecclesial practice. The author argues that the NARC serves as a charismatic manifestation of a similar cultural response to establish a relational structure for church communities that can appropriately reflect upon and identify with the contemporary context. This implies that each movement needs to be biblically sound, faithful to its conceptualization, and relevant to the context in order to cultivate its own way of being the church.

The Strategically Small Church Brandon J. O'Brien, 2025-07-22 Small churches are the norm in America. 90 percent of churches see fewer than 200 weekly attendees. In this revised and expanded edition, Brandon O'Brien reveals how small churches aren't just surviving; they're thriving by leveraging their unique strengths. O'Brien explains that the smaller church is not a problem to solve or a liability to neutralize, but a strategic advantage that can be leveraged for effective ministry in a variety of contexts. Smaller congregations offer powerful ministry opportunities in an era craving authentic community. In this transformative book, you will learn from real-world case studies of successful small churches making significant impact, unlock methods for higher lay involvement and commitment in smaller settings, discover why small churches encourage bridge building across age and lifestyle barriers, find help for implementing flexible strategies that larger churches struggle to adopt, explore how to meet the growing desire for services that are personal, local, and intimate. O'Brien shows how small churches can take full advantage of their size and analyzes how other churches can learn from their strategies. This new edition includes 20 percent new material and incorporates insights from O'Brien's thinking on local church ministry after nearly two decades serving pastors worldwide. It is perfect for church leaders, students, and ministry teams seeking to maximize their impact regardless of size and includes discussion questions for pastors.

*Making Disciples in the Twenty-First Century Church* Joel Comiskey, 2013-12-02 We know that the goal of the Christian life is to glorify God and to enjoy him forever. While this is God's ultimate plan, does he have a particular purpose for the cell-based church? I've been wrestling with this question for the past twenty-two years. This question confronts me every time I coach a pastor or pastors. In preparation for coaching, I ask myself: What is my principal objective in helping this pastor? Where am I guiding this church? What am I trying to do? I've come to the conclusion that the primary goal of cell ministry is to make disciples who make disciples. Christ's last command to his disciples was for them to repeat the process and to reproduce new disciples. But how were they supposed to do that? This book answers these questions. The early church followed Christ's pattern by making disciples through the house churches that periodically celebrated together in public worship. In 2 Timothy 2:1-2, Paul tells Timothy to continue the discipleship process by passing on the pure

gospel message to faithful men and women Even though the term disciple is later replaced by words such as brothers sisters Christians and saints the concept remains the same We in North America and the Western world often project our own cultural bias into Christ s great commission Matthew 28 18 20 Most discipleship books in fact assume that discipleship is an individualistic endeavor between me and God And yes there is an important individual aspect e g personal devotions etc Yet in Matthew 28 Jesus was talking to a group of disciples He wanted them to follow his example by making disciples in a group Jesus molded twelve disciples in a group and then sent them house to house So how does the cell church make disciples In this book I show how the cell small group works together with the cell system to make disciples who make disciples In the cell a potential disciple is transformed through community priesthood of all believers group evangelism and team multiplication In the cell potential disciples are formed through learning how to love one another exercising their gifts evangelizing together as a group and then sent forth as teams to start new groups Discipleship is a group process in the New Testament and God is calling his church to re emphasize this truth The cell system ensures each leader has a coach and that training equipping track happens Then the cells gather together to worship and grow through the teaching of God s Word All three aspects are essential to form disciples Training is needed because disciples won t learn all they need to know in the cell Coaching ensures that each leader is cared for and receives shepherding The celebration service brings the cells together to hear God s Word worship and receive fresh vision The goal of the two wing cell church is to make disciples who make disciples The cell church today makes disciples by following the early church pattern of cell and celebration

Recommendations I ve read all of Joel Comiskey s books but Making Disciples in the Twenty First Century Church is his best work yet In this book Joel reminds us that the real call and challenge of the Church is not developing leaders or numerical growth but making disciples who make disciples He also helps us understand why that is best done in a cell or small group context and gives us great insight about how to make that happen I m looking forward to having all of our Pastors Coaches and Cell Leaders and Members read this book in the near future Dennis Watson Lead Pastor Celebration Church of New Orleans \_\_\_\_
