McGillivray, 2008-10-01 This book provides analytical insights into if and how the targets adopted by the international community are likely to be achieved A key feature of the analysis is the recognition that most of the MDG targets are endogenously related These inter dependencies are crucial not only in analysing the MDGs but also devising strategies

The Millennium Development Goals in Latin America and the Caribbean , 2005 His report presents a brief summary of Latin America and the Caribbean progress in attaining the Millennium Development Goals MDGs some suggestions to adapt the MDG agenda to the realities and stages of development of the countries of the region a summary of recent Inter

American Development Bank activities to support the MDGs and some reflections on priorities for the period to 2015 and beyond *The Challenges of Development Cooperation: How to Increase the Efficiency of Aid* Katrin Lenz, 2005-08-31 Master's Thesis from the year 2004 in the subject Politics Topic Development Politics grade sehr gut Schiller International University language English abstract Development cooperation can be broadly defined as an effort to assist nation states and their citizens and institutions to develop and thereby grow out of poverty It usually consists of a transfer of money and or knowledge from developed to developing countries to support development efforts in a wide range of areas such as infrastructure governance market reform poverty reduction education health care etc It is a relatively young field in international relations evolving after World War II with the Marshall Plan The Marshall Plan was designed to help Western Europe recover and to establish democratic states based on market economy and to meet the Soviet communist threat The success of the Marshall Plan led the United States to conclude that this concept could also be applied to other parts of the world mainly to protect them from any communist tendencies but also to reduce poverty National security interests however were the leading motive for development cooperation during the Cold War The American foreign aid policy continues to focus on national security interests up to today Other donor countries for example France and Great Britain were supporting their former colonies aiming at securing their commercial interests and maintaining access to natural resources Only the Scandinavian countries Denmark Sweden and Norway and the Netherlands placed humanitarian motives above security and commercial interests and aimed at eliminating poverty from the very beginning of their development cooperation To achieve their diverse and varied goals donor countries employed various strategies and repeatedly changed them to respond to their non efficiency Development strategies were also influenced by development theorists and varied from simply supplying developing countries with what they were missing mainly capital with the expectation that the benefits would trickle down to the poor to structural adjustment programs demanding strict economical and fiscal policies After the end of the Cold War the demand for developing countries to display democratic principles was then added as a requirement for receiving aid Yet none of these strategies has been able to close the global poverty gap **Are We on Track to Achieve the Millennium**

Development Goals? François Bourguignon, Boris Pleskovic, André Sapir, 2005-01-01 This publication contains selected papers from the 6th annual European conference held in Brussels Belgium in May 2004 which brought together 400 scholars and policymakers from 70 countries involved in international development issues The conference discussions focused on the progress being made towards the Millennium Development Goals including examining four key aspects that link developed and developing countries relating to flows of people capital aid and trade **ICTs and the Millennium Development**

Goals Harleen Kaur, Xiaohui Tao, 2014-05-06 This book attempts to create awareness about the UN MDGs and how various ICT can be harnessed to appeal to different demographics Current empirical evidence suggests that MDG awareness is relatively low particularly in developed countries and that the levels of MDG awareness vary considerable across

socioeconomic variables or demographics from United Nations perspective It also examines how ICT can be used to bring about technical and social innovations strengthen livelihoods support economic development water and climate resilience and improve the education and health sectors and enhance development opportunities Several studies are highlighted that reinforce the view that government support and private sector expertise and funding are important factors in ICT based e government solutions in developing countries The book also builds on the thesis that a strong connection between competencies in mathematics science and information communication technology is required to build logical concepts and critical thinking skills It also examines the opportunities and barriers of promoting students learning skills including communication cooperation collaboration and connection using the Wiki tool under the blackboard platform Finally the book also highlights the challenges involved in application of ICT in education This is significant for educators in order to surmount these obstacles and consequently successfully incorporate ICT into the educational system The chapters present the relevant literature on ICTs and the perceived barriers to ICT integration in basic education They also focus on the implications of incorporating ICT in the basic educational system The challenges confronting the integration of ICT in education are equally identified with a view to ensuring a more efficient application of ICT in attaining education for all

Health Financing Revisited Pablo Enrique Gottret, George Schieber, 2006-01-01 This overview of health financing tools policies and trends with a particular focus on challenges facing developing countries provides the basis for effective policy making Analyzing the current global environment the book discusses health financing goals in the context of both the underlying health demographic social economic political and demographic analytics as well as the institutional realities faced by developing countries and assesses policy options in the context of global evidence the international aid architecture cross sectoral interactions and countries macroeconomic frameworks and overall development plans **Achieving the Millennium Development Goals in Sub-Saharan Africa**, 2005 The authors present an integrated macroeconomic approach to monitoring progress toward achieving the Millennium Development Goals MDGs in Sub Saharan Africa At the heart of their approach is a macroeconomic model that captures key linkages between foreign aid public investment disaggregated into education infrastructure and health the supply side and poverty The model is linked through cross section regressions to indicators of malnutrition infant mortality life expectancy and access to safe water A composite MDG indicator is also calculated The functioning of the framework is illustrated by simulating the impact of an increase in aid and a debt write off for Niger at the MDG horizon of 2015 under alternative assumptions about the degree of efficiency of public investment The authors approach can serve as the building block of Strategy Papers for Human Development SPAHD a more encompassing concept than the current Poverty Reduction Strategy Papers **Energy Efficiency** Jenny Palm, 2010-08-17 Global warming resulting from the use of fossil fuels is threatening the environment and energy efficiency is one of the most important ways to reduce this threat Industry transport and buildings are all high energy using sectors in the world and even

in the most technologically optimistic perspectives energy use is projected to increase in the next 50 years How and when energy is used determines society's ability to create long term sustainable energy systems This is why this book focusing on energy efficiency in these sectors and from different perspectives is sharp and also important for keeping a well founded discussion on the subject

Efficiency of Health System Units in Africa Kirigia, Jose Muthuri, 2015-03-16 Despite sending huge sums of money on health every year the African region's burden of disease is persistently high Most of the countries in the region are lagging behind in achieving the health related United Nations Millennium Development Goals The African region's dismal health situation has largely been blamed on weakness pertaining to such factors as health leadership and governance service delivery health workforce medicines vaccines and health technologies health information and health system financing that have undermined the capacity of health systems of countries in the region to improve population health without wastage of resources Institutionalising health system efficiency monitoring as a basis for the design and implementation of appropriate policy interventions has been proposed as an effective way of curbing wastage of health system inputs
