Egyptian And Sudanese Folk Tales:

Egyptian and Sudanese Folk-tales, 1978 A retelling of traditional tales from the Sudan and Egypt Types of the Folktale in the Arab World Hasan M. El-Shamy, 2004 The only demographically oriented tale type index for folktales of the Arab world **Folktales and Fairy Tales** Anne E. Duggan Ph.D., Donald Haase Ph.D., Helen J. Callow, 2016-02-12

Encyclopedic in its coverage this one of a kind reference is ideal for students scholars and others who need reliable up to date information on folk and fairy tales past and present Folktales and fairy tales have long played an important role in cultures around the world They pass customs and lore from generation to generation provide insights into the peoples who created them and offer inspiration to creative artists working in media that now include television film manga photography and computer games This second expanded edition of an award winning reference will help students and teachers as well as storytellers writers and creative artists delve into this enchanting world and keep pace with its past and its many new facets Alphabetically organized and global in scope the work is the only multivolume reference in English to offer encyclopedic coverage of this subject matter The four volume collection covers national cultural regional and linguistic traditions from around the world as well as motifs themes characters and tale types Writers and illustrators are included as are filmmakers and composers and of course the tales themselves The expert entries within volumes 1 through 3 are based on the latest research and developments while the contents of volume 4 comprises tales and texts While most books either present readers with tales from certain countries or cultures or with thematic entries this encyclopedia stands alone in that it does both making it a truly unique one stop resource *Folk Traditions of the Arab World* Hasan M. El-Shamy, 1995 *Prophets, Gods and Kings in Sīrat Sayf ibn Dhī Yazan* Helen Blatherwick, 2016-05-09 This book is a literary intertextual study of an Egyptian popular epic In this innovative study Helen Blatherwick investigates how various sources including Islamic q al anbiy tales of the prophets Pharaonic Graeco Roman and Coptic Egyptian myths and narratives and recensions of the Alexander Romance function as intertexts within S rat Sayf Blatherwick argues that these intertexts are deployed as narrative devices which are readily recognisable to the story s audience and that they are significant carriers of meaning and theme Crucially these intertexts also interact within S rat Sayf to bring a conceptual continuity to its discussion of kingship and society that stretches from this late medieval epic back to ancient Egyptian narratives *Folktales of Egypt* Hasan M. El-Shamy, 2010-03-15 In this book Hasan M El Shamy has gathered the first authentic new collection of modern Egyptian folk narratives to appear in nearly a century El Shamy s English translations of these orally presented stories not only preserve their spirit but give Middle Eastern lore the scholarly attention it has long deserved This collection of seventy recently collected Egyptian tales is a major contribution to African studies and to international distribution studies of folktales In the face of the recent anthropological trend to use folkloric materials for extra folkloric purposes the preeminence of the text must be asserted once more and these are obviously authentic straightforwardly translated fully documented as to date of

Old Tales and New Truths James Roy King, 1992-02-06 This guidebook to the Bright Shadow World develops three closely related issues The first is the position that fairytales and folktales are of value today because they encourage the growth of capabilities important in our postmodern world Each of us like the fairytale hero sets out on his/her own quests seeks his/her own identity faces his/her own dilemmas with few resources but wit imagination and a certain power of improvisation King develops the implications of this situation for such common fairytale problems as learning to read the world productively navigating various kinds of edges exploiting power sources developing highly personal moral commitments problem solving and data collecting The second concern of this book is with the development of a system for analyzing narrative structure The formula offered here involves an examination of interactions among actors physical settings lines of force and power sources as a narrative moves toward its denouement This system facilitates the classifying and contrasting of narratives and illuminates the structure of both narrative and lived experience Finally this book is concerned with myth making or world making processes It is shown that traditional narrative actually points to and delineates another dimension of existence here called the Bright Shadow World that operates by rules of its own and may be penetrated by individuals from our ordinary world Inferences about the Bright Shadow World drawn from traditional narrative are described and evaluated
