Alexander Pushkin Aleksandr Sergeevich Pushkin, Paul Debreczeny, Walter W. Arndt, 1983 Alexander Pushkin 1799 1837 is best known for his great achievements in poetry but the fiction he wrote in the last decade of his life was to have a tremendous impact on the subsequent development of Russian prose influencing such later writers as Gogol Dostoevsky and Tolstoy This is a new translation of all his prose fiction from his famous story The Queen of Spades down to unfinished stories and fragments that appear in English for the first time Pushkin's non-fictional A History of Pugachev also translated into English for the first time is included because it furnished the historical background of his novel The Captain's Daughter The translator has taken care to achieve a balance between faithfulness to the original and readability in English and several Russian editions have been collated to establish an accurate text The translations are annotated to place each work in its historical context and to elucidate passages not easily understandable to today's reader Appendixes present a chapter that Pushkin deleted from The Captain's Daughter fictional fragments Pushkin's outlines of projected works and the apocryphal novella The Lonely Cottage on Vasilev Island

Imhotep Today Jean-Marcel Humbert, 2016-06-16 This book presents and analyses the results of the use and adaptation of ancient Egyptian architecture in modern times It traces the use of ancient Egyptian motifs and constructions across the world from Australia the Americas and Southern Africa to Western Europe It also inquires into the cultural economic and social contexts of this practice Imhotep Today is exceptional not only in its global coverage but in its analyses of thorny questions such as what was it about Ancient Egypt that inspired such Egyptianizing monuments and was it just one idea or several different ones which formed the basis of such activities The book also asks why only certain images such as obelisks and sphinxes were incorporated within the movement The contributors explore how these monuments fitted into the local architecture of the time and in this context they investigate whether Egyptianizing architecture is an ongoing

movement and if so how it differs from earlier similar activities *Social Functions of Literature* Paul Debreczeny,1997 This study of the effect of literature on readers both as individuals and as members of social groups focuses on Russia's national poet Alexander Pushkin as a model for investigating the aesthetic and social functions of literature The individual reader's response to the literary text is demonstrated in Part One through a broad range of memoirs diaries and correspondences in which Russian readers recorded their reactions to Pushkin Among the reactions are testimonies that Pushkin's works helped readers form their personalities provided cathartic relief in times of stress and aided them in releasing their suppressed emotions In his analysis the author draws on various psychological approaches from studies of perception through developmental psychology to psychoanalysis Part Two exposes the extent to which individuals' aesthetic responses are conditioned by their social environment Against the backdrop of Russian social history in the early nineteenth century the author describes the dissemination of new aesthetic norms notably the relations of the Russian literary elite to lowbrow and middlebrow groups In this context he analyzes a number of Pushkin imitations with Pushkin's responses to them and links Nikolai Gogol's development as a writer to the social groups surrounding Pushkin Among the other topics discussed are the popularization of Pushkin on the stage and his inclusion in school textbooks and anthologies The aura surrounding the personality of an author is the subject of Part Three in which the author shows how Pushkin's death in a duel with a foreigner contributed to his emergence as a symbol of the Russian nation and how deep-seated anxiety about national identity gave rise to the Pushkin myth and to the canonization of the poet as martyr The author also describes how the combined effect of the widespread reading of Pushkin's work and his legend as martyr allowed him to remain Russia's main mythic figure despite the Soviet Union's attempts to supplant him with Lenin Throughout the book theoretical arguments are buttressed by close readings of Pushkin's works especially *The Prisoner of the Caucasus* *Eugene Onegin* *Poltava* *Egyptian Nights* and several lyric poems **Balanchine & the Lost Muse** Elizabeth Kendall,2013-06-07 Here is the first dual biography of the early lives of two key figures in Russian ballet famed choreographer George Balanchine and his close childhood friend and extraordinary ballerina Liidia Lidochka Ivanova A talented and bold dancer who grew close to the Bolshevik elite in her adolescent years Ivanova was a source of great inspiration to Balanchine both during their youth together and later in his life after her mysterious death just days before they had planned to leave Russia together in 1924 **Scottish Literature and Postcolonial Literature** Michael Gardiner,2011-06-13 The first full-length study of Scottish literature using a post-devolutionary understanding of postcolonial studies Using a comparative model and spanning over two hundred years of literary history from the 18th Century to the contemporary this collection of 19 new essays by some of the leading figures in the field presents a range of perspectives on Scottish and postcolonial writing The essays explore Scotland's position on both sides of the colonial divide and also its role as instigator of a devolutionary process with potential consequences for British Imperialism **Editing Turgenev, Dostoevsky, and Tolstoy** Susanne Fusso,2021-07-15 In *Editing Turgenev Dostoevsky*

and Tolstoy Susanne Fusso examines Mikhail Katkov's literary career without vilification or canonization focusing on the ways in which his nationalism fueled his drive to create a canon of Russian literature and support its recognition around the world In each chapter Fusso considers Katkov's relationship with a major Russian literary figure In addition to Turgenev Dostoevsky and Tolstoy she explores Katkov's interactions with Vissarion Belinsky Evgeniia Tur and the legacy of Aleksandr Pushkin This groundbreaking study will fascinate scholars students and general readers interested in Russian literature and literary history

Discovering Sexuality in Dostoevsky Susanne Fusso, 2008-01-29 Most discussions of sexuality in the work of Dostoevsky have been framed in Freudian terms But Dostoevsky himself wrote about sexuality from a decidedly pre-Freudian perspective By looking at the views of human sexual development that were available in Dostoevsky's time and that he an avid reader and observer of his own social context absorbed and reacted to Susanne Fusso gives us a new way of understanding a critical element in the writing of one of Russia's literary masters Beyond discovering Dostoevsky's own views and representations of sexuality as a reflection of his culture and his time Fusso also explores his artistic treatment of how children and adolescents discover sexuality as part of their growth Some of the topics Fusso considers are Dostoevsky's search for an appropriate artistic language for sexuality a young narrator's experimentation with homoerotic desire and unconventional narrative in *A Raw Youth* and Dostoevsky's approach to a young man's sexual development in *A Raw Youth* and *The Brothers Karamazov* She also explores his complex treatment of a child's secret sexuality in his account of the Kroneberg child abuse case in *A Writer's Diary* and his conception of the ideal family a type of family that appears in his works mainly by negative example Focusing mainly on sexual practices considered deviant in Dostoevsky's time both because these are the practices that his young characters confront and because they offer the most intriguing interpretive problems Fusso decodes the author's texts and their social contexts In doing so she highlights one thread in the intricate thematic weave of Dostoevsky's novels and newly illuminates his artistic process
