465 feet But it is the smallest the Eiger rising 13 038 feet above sea level that is by far the deadliest Called a living mountain for its constantly changing conditions unpredictable weather disintegrating limestone surfaces and continuously falling rock and ice its mile high north wall is perhaps the most dangerous climb in the world And that may be just what beckons elite Alpinists to scale the treacherous peak against the odds In 1957 nearly forty years before the well known Mount Everest tragedy two teams of confident climbers set out to summit the north wall of the Eiger Mountain Not long into their journey onlookers could tell that the four men were headed for disaster Soon rescue teams from all over Europe raced toward the Eiger yet only one of the four climbers survived to face unfounded international accusations In a story as fascinating as any novel Jack Olsen creates a riveting account of daring adventure heroic rescue and one of the most baffling mysteries in the history of mountain climbing KIRKUS REVIEW The forbidden formidable north wall of the Eiger Mountain in the Bernese Alps while it was first successfully climbed in 1938 has remained a supreme challenge to the most seasoned climber and in 1957 two teams of two Germans and two Italians again made the attempt with devastating results while Corti the only survivor was perhaps talented all were seemingly uninformed and ill prepared certainly for the wind and weather conditions which were to defeat them and make their rescue so difficult Corti s partner Longhi was the first to entertain misgivings and was soon worn out suffering frostbite as well the Germans lost their food and were sustained chiefly by an innate irrational mystique Rescue crews were quickly organized but only Corti who looked like a live corpse was salvaged his partner had been left lower down to die and the bodies of the other two ropemates were only found months later In the avalanche of blame resentment against the guides as well as Corti to follow no true judgement could be reached although Olsen a Sports Illustrated staff writer does absolve Corti after a final interview The folly and the fascination of vertical Russian roulette the courage compounded with stupidity the doubts and recriminations which lingered on long after this disastrous ascent all intensify the drama of this attempt and revive the furor it occasioned at the time It will keep its readers on the ropes *The Beckoning Silence* Joe Simpson,2003 Brash and colorful Simpson has never been more entertaining Great Authors of Nonfiction Britannica Educational Publishing,2014-01-01 Of the many millions of books written over the course of history only a relatively small percentage have been deemed classics Authors of classic literature are those who have penned works definitive of a style movement era or ethos Their works are timeless in message and scope This essential volume chronicles the lives of many literary luminaries including Jane Austen Charles Dickens Ernest Hemingway and Virginia Woolf examining their early histories journeys to success and greatest tomes *The Extra Mile* Pam Reed,2007-09-18 One year after her astonishing victory at the Badwater Ultramarathon Pam Reed again made distance running history when she braved the hottest weather in years 135 degrees to successfully defend her title How does this 100 pound mother and stepmother of five muster the endurance and courage for the 28 hour climb from the hottest desert floor on Earth to the shadow of the continental United States tallest point In *The Extra Mile* we watch this ultramarathon champion seek balance in her life as a
