The Enlightenment and English Literature John L. Mahoney, 1980 **Readings in English Prose of the Eighteenth Century** Raymond Macdonald Alden, 1911 *Eighteenth Century English Literature and Its Cultural Background* James Edward Tobin, 1967 Readings in English Prose of the Eighteenth Century (Classic Reprint) Raymond MacDonald Alden, 2017-09-17

Excerpt from *Readings in English Prose of the Eighteenth Century* The principles governing the choice of selections may be briefly explained In the first place it was thought well to represent the half dozen more or less most important prose writers of the century by fairly generous and complete specimens of their work approximating some twenty to thirty thousand words each These selections cover in the experience of the editor the assignments of prescribed reading set for one or two weeks in college courses dealing with the century as a whole The authors thus largely represented are Defoe Swift Steele Addison Johnson Boswell and Burke About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **A History of Eighteenth-Century British Literature** John Richetti, 2017-10-05

Eighteenth-Century Novel John Richetti, 1996-09-05 In the past twenty years our understanding of the novel's emergence in eighteenth century Britain has drastically changed Drawing on new research in social and political history the twelve contributors to this Companion challenge and refine the traditional view of the novel's origins and purposes In various ways each seeks to show that the novel is not defined primarily by its realism of representation but by the new ideological and cultural functions it serves in the emerging modern world of print culture Sentimental and Gothic fiction and fiction by women are discussed alongside detailed readings of work by Defoe Swift Richardson Henry Fielding Sterne Smollett and Burney This multifaceted picture of the novel in its formative decades provides a comprehensive and indispensable guide for

Eighteenth Century William Makepeace Thackeray,1885 **Performing Authorship in Eighteenth-Century English Periodicals** Manushag N. Powell,2012-06-29 Performing Authorship in Eighteenth Century Periodicals discusses the English periodical and how it shapes and expresses early conceptions of authorship in the eighteenth century Unique to the British eighteenth century the periodical is of great value to scholars of English cultural studies because it offers a venue where authors hash out often in extremely dramatic terms what they think it should take to be a writer what their relationship with their new mass media audience ought to be and what qualifications should act as gatekeepers to the profession Exploring these questions in The Female Spectator The Drury Lane Journal The Midwife The World The Covent Garden Journal and other periodicals of the early and mid eighteenth century Manushag Powell examines several paper wars waged between authors At the height of their popularity essay periodicals allowed professional writers to fashion and make saleable a new kind of narrative and performative literary personality the eidolon and arguably birthed a new cult of authorial personality In Performing Authorship in Eighteenth Century Periodicals Powell argues that the coupling of persona and genre imposes a lifespan on the periodical text the periodicals don t only rise and fall but are born and in good time they die
