Concept of Environment in Judaism, Christianity and Islam Christoph Böttigheimer, Wenzel Maximilian Widenka, 2023-03-06

On the seventh day God rested and thus completed his creation Likewise man should rest on the seventh day and every seven years leave the fields fallow to rest If you like a divine economic and environmental programme is encountered here Subdue the earth is not to be misunderstood as a mandate to subjugate and exploit but on the contrary as a call to preserve God's very good creation Its current explosiveness illustrates precisely this fundamental relationship Even secular circles now speak of the integrity of creation as a matter of course And in Muslim countries scholars and activists are preparing to launch a green Islam based of course on Quranic principles At the same time faith communities and churches with their commitment to nature and to a just world of work are moving into the concrete focus of public attention and are serious players in the current discourse Reason enough then to get to the bottom of the concept of environment in the world religions How do religions position themselves on the ecological question What are the foundations of their decisions And can they make a significant contribution to the current problem and to the enquiries of many people Naturally Miraculous Peter

Stilla, 2023-11-30 Can Christianity experience a twenty first century renaissance Can it again serve as a welcoming home for authentic Truth seekers who aspire to genuine spiritual and mystical experience Naturally Miraculous describes the path of bringing this long sought objective into being First it contains a strong refutation of today's sectarian orthodox Christianity and argues for a return to what Christianity originally was before the rise of Roman Catholicism when it was the more mystical Universalist religion Jesus intended it to be Second it examines mysticism and cosmic consciousness from the theological philosophical and psychological perspectives and how it has been a part of humanity's spiritual quest and religious cultures particularly Christianity throughout history It ultimately describes a new way of being Christian a way in which we are to follow the example of Jesus and take the path he describes to the kingdom of God which is the attainment of Christ consciousness or mystical realization In Naturally Miraculous we see how achieving the consciousness of Christ has been humanity's ultimate purpose all along *Dharma and Ecology of Hindu Communities* Pankaj Jain, 2016-04-22 In Indic religious traditions a number of rituals and myths exist in which the environment is revered Despite this nature worship in India its natural resources are under heavy pressure with its growing economy and exploding population This has led several scholars to raise questions about the role religious communities can play in environmentalism Does nature worship inspire Hindus to act in an environmentally conscious way This book explores the above questions with three communities the Swadhyaya movement the Bishnoi and the Bhil communities Presenting the texts of Bishnois their environmental history and their contemporary activism investigating the Swadhyaya movement from an ecological perspective and exploring the Bhil communities and their Sacred Groves this book applies a non Western hermeneutical model to interpret the religious traditions of Indic communities With a foreword by Roger S Gottlieb **Families, the Environment, Sports and**

Competition David Cook Publishers, 2000-06 It's All in the Family The word family has a very different meaning today than it

did not much more than ten years ago It used to be the family meant two parents and their children all living together often with the father being the provider and the mother the homemaker Today fewer children live in that kind of family No doubt in your class you have some kids who live in single parent homes or step families or at least one child who is living in an abusive situation In America today many millions of our children are experiencing great stress in the setting that God intended to be the source of love security and teaching about life Even children who live in two parent families are often anxious about the possibility of a divorce happening in their families and those who have experienced divorce or abuse struggle to cope with their situations This unit will address some of these issues giving your students a safe place to talk about any concerns they may have about their families It will also present perspective by reassuring them that there are no perfect families and that they can enjoy living in their families when they learn that everyone has to work hard to make a family special You will also have an opportunity to share with them the privilege they have to belong to God s family and show them how they can respond to God s invitation to do so and

Heavenly Space in Hebrews and Its Jewish and Christian Environment Stephen C. Wunrow, 2025-06-12 Stephen Wunrow addresses the pressing question of what the author of Hebrews meant by his descriptions of heaven arguing that the author intended his references to heavenly space to be interpreted as realistic descriptions of a real place Wunrow posits that language about heaven is neither metaphor nor a description of a place outside the creation by examining other early Jewish and Christian texts that narrate or describe humans ascending into heaven Given the nature and the function of heavenly space as described in these texts Wunrow suggests it is most probable that the authors of the texts intended their descriptions of heavenly space to be understood as realistic Wunrow thus explores 1 and 2 Enoch 4 Ezra 2 and 3 Baruch the Apocalypse of Abraham the Testament of Levi the Testament of Abraham the Ascension of Isaiah and Revelation investigating how other roughly contemporary authors described heavenly space and considering that the rhetorical aims of most of these authors fail unless their readers understand their descriptions of heavenly space in realistic ways Turning then to examine Hebrews Wunrow suggests that while the letter does contain unique features and rhetorical aims it also fits comfortably with other early Jewish and Christian texts that describe humans ascending into heaven in a realistic manner He concludes with reflections on how this conclusion helps to clarify other topics in Hebrews including atonement and eschatology

Cooper, Simon P. James, 2017-07-05 Buddhism one increasingly hears is an eco friendly religion It is often said that this is because it promotes an ecological view of things one stressing the essential unity of human beings and the natural world Buddhism Virtue and Environment presents a different view While agreeing that Buddhism is in many important respects in tune with environmental concerns Cooper and James argue that what makes it green is its view of human life The true connection between the religion and environmental thought is to be found in Buddhist accounts of the virtues those traits such as compassion equanimity and humility that characterise the life of a spiritually enlightened individual Central chapters of this book examine these virtues and their implications for environmental attitudes and practice Buddhism Virtue and Environment will be of interest not only to students and teachers of Buddhism and environmental ethics but to those more generally engaged with moral philosophy Written in a clear and accessible style this book presents an original conception of Buddhist environmental thought The authors also contribute to the wider debate on the place of ethics in Buddhist teachings and practices and to debates within virtue ethics on the relations between human well being and environmental concern **Biblical Truth & Outdoor Lies: Devotions for the Christian Outdoorsman** Joshua H.
